Industry and Market Data

Unless stated otherwise, industry and market data used throughout this Prospectus has been obtained from industry publications. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Accordingly, no investment decision should be made on the basis of such information. Although our Company believes that industry data used in this Prospectus is reliable, it has not been independently verified. Also, data from these sources may not be comparable. Similarly, internal reports, while believed by us to be reliable, have not been verified by any independent sources. The extent to which the market and industry data used in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. Certain information and statistics in relation to the industry in which we operate, which has been included in this Prospectus has been extracted from industry reports titled "*Non-Banking Financial Companies-Adequate capitalization to support risk profile of NBFCs amidst asset quality issues*" dated January 2025, and "*Indian Economy - FY2026 GDP growth forecast of 6.5% to be supported by domestic drivers, even as risks linger around US tariffs*" dated March 2025, each prepared and issued by ICRA Limited, ("**Industry Reports**"). Please see "*Industry Overview*" on page 65 for further details.

General Risk

Investment in NCDs is risky and investors should not invest any funds in NCDs unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their examination of the issue including the risks involved in it.

Specific attention of investors is invited to statement of risk factors contained under section "*Risk Factors*" on page 17. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the NCDs or Investor's decision to purchase such securities.

FORWARD LOOKING STATEMENTS

This Prospectus contains certain statements that are not statements of historical fact and are in the nature of “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “continue”, “expect”, “estimate”, “intend”, “objective”, “plan”, “potential”, “project”, “will”, “will continue”, “will pursue”, “will likely result”, “will seek to”, “seek” or other words or phrases of similar import. All statements regarding our expected financial condition and results of operations and business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability and other matters discussed in this Prospectus that are not historical facts.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results, performance or achievements to differ materially from those contemplated by the relevant statement.

Actual results may differ materially from those suggested by the forward looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to our businesses and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in our industry.

Important factors that could cause actual results to differ materially from our expectations include, but not limited to, the following:

1. Our business is capital intensive and any disruption or restrictions in raising financial resources would have a material adverse effect on our liquidity and financial condition;
2. Our financial performance is primarily dependent on interest rate risk. If we are unable to manage interest rate risk in the future it could have an adverse effect on our net interest margin, thereby adversely affecting business and financial condition of our Company;
3. We face increasing competition in our business which may result in declining interest margins. If we are unable to compete successfully, our market share may also decline;
4. Volatility in the market price of gold may adversely affect our financial condition, cash flows and results of operations;
5. Our ability to lend against the collateral of gold jewellery has been restricted on account of guidelines issued by RBI, which may have a negative impact on our business and results of operation;
6. We may not be able to successfully sustain our growth strategy. Inability to effectively manage our growth and related issues could materially and adversely affect our business and impact our future financial performance;
7. If we are not able to control the level of non-performing assets in our portfolio, the overall quality of our loan portfolio may deteriorate, and our results of operations may be adversely affected;
8. Our indebtedness and the conditions and restrictions imposed by our financing agreements could restrict our ability to conduct our business and operations in the manner we desire;
9. Our entire branch network is concentrated in southern India and any disruption or downturn in the economy of the region would adversely affect our operations;
10. Inaccurate appraisal of gold by our personnel may adversely affect our business and financial condition; and
11. Other factors discussed in this Prospectus, including under the chapter titled “*Risk Factors*” on page 17.

For further discussion of factors that could cause our actual results to differ from our expectations, please see “*Risk Factors*”, “*Industry Overview*” and “*Our Business*” on pages 17, 65 and 76, respectively.

By their nature, certain market risk disclosures are only estimate and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Forward looking statements speak only as on the date of this Prospectus. The forward-looking statements contained in this Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although we believe that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure Investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, Investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements. Neither our Company nor the Lead Manager, nor any of its affiliates have any obligation to, and do not intend to, update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. Our Company and the Lead Manager will ensure that Investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION – II - RISK FACTORS

An investment in NCDs involves a certain degree of risk. You should carefully consider all the information contained in this Prospectus, including the chapters “Our Business” and “Financial Statements” on pages 76 and 116, respectively, before making an investment decision. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the NCDs.

If any one of the following stated risks actually occurs, the Company’s business, financial conditions and results of operations could suffer and, therefore, the value of the Company’s NCDs could decline and/or the Company’s ability to meet its obligations in respect of the NCDs could be affected. More than one risk factor may have simultaneous effect with regard to the NCDs such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No prediction can be made as to the effect that any combination of risk factors may have on the value of the NCDs and/or the Company’s ability to meet its obligations in respect of the NCDs.

The following risk factors are determined on the basis of their materiality. In determining the materiality of risk factors, we have considered risks which may not be material individually but may be material when considered collectively, which may have a qualitative impact though not quantitative, which may not be material at present but may have a material impact in the future. Additional risks, which are currently unknown or now deemed immaterial, if materialises, may in the future have a material adverse effect on our business, financial condition and results of operations.

Unless otherwise stated, financial information used in this section is derived from the Audited Financial Statements and Limited Review Unaudited Financial Results.

Internal Risk Factors

1. A decline in our capital adequacy ratio could restrict our future business growth.

All non-deposit taking NBFCs are required to maintain a minimum capital adequacy ratio, consisting of Tier I capital of their aggregate risk weighted assets on balance sheet and risk adjusted value of off-balance sheet items. Further, RBI has introduced minimum Tier I Capital requirement of 12% of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items to be effective from April 1, 2014, for NBFCs primarily for whom loans against gold jewellery comprise more than 50% of their financial assets, including us. Our capital adequacy ratio as compared to the RBI stipulated minimum requirement of 12% is, 12.19%, 12.92%, and 12.67% for Fiscal 2024, Fiscal 2023, and Fiscal 2022 respectively. For the nine months ended December 31, 2024, Tier I capital adequacy ratio is 12.05%. If we continue to grow our loan portfolio and asset base, we will be required to raise additional Tier I Capital in order to continue to meet applicable capital adequacy ratios with respect to our business. There can be no assurance that we will be able to raise adequate additional capital in the future on terms favourable to us or at all and this may adversely affect the growth of our business. Failure to maintain adequate capital adequacy ratio or Tier I Capital may adversely affect the growth of our business. Further, any regulatory change in capital adequacy requirements imposed by the RBI may have an adverse effect on our results of operation.

2. Our business is capital intensive and any disruption or restrictions in raising financial resources would have a material adverse effect on our liquidity and financial condition.

Our liquidity and ongoing profitability are largely dependent upon our timely access to and the costs associated in, raising financial resources at low costs. Our funding requirements historically have been met from a combination of borrowings such as term loans, vehicle loans, cash credits from banks, proceeds from issuance of secured redeemable non-convertible debentures by way of private placement and public issue, and subordinated debts, issuance of equity and preference shares. Thus, our business depends and will continue to depend on our ability to access diversified low-cost funding sources.

Our ability to raise funds on acceptable terms and at competitive rates depend on various factors like credit ratings, the regulatory environment and policy initiatives in India, developments in the international markets affecting the Indian economy, investors’ and/or lenders’ perception of demand for debt and equity securities of NBFCs, and our current and future results of operations and financial condition.

In case of a global financial crisis, the capital and lending markets typically become highly volatile and access to liquidity becomes significantly reduced. In addition, it may become more difficult to renew loans and facilities as

many potential lenders and counterparties could also face liquidity and capital concerns, as a result of the stress in the financial markets. If any event of a similar nature and magnitude occurs again in the future, such as the recent liquidity crisis caused on account of debt default by one of the large Indian NBFCs, it may result in increased borrowing costs and difficulty in accessing debt in a cost-effective manner. Moreover, we are a non-deposit taking NBFC, and do not have access to public deposits.

The RBI guideline bearing reference no. DBOD.BP.BC.No. 106/21.04.172/2011-12 dated May 18, 2012 whereby it has instructed banks to (i) reduce their regulatory exposure on a single NBFC having gold loans to the extent of 50.00% or more of its financial assets from 10.00% to 7.50% of their capital funds; and (ii) have an internal sub-limit as decided by the boards of the respective banks on their aggregate exposure to all such NBFCs having gold loans to the extent of 50% or more of their financial assets, taken together, which sub-limit should be within the internal limits fixed by banks for their aggregate exposure to all NBFCs taken together.

The RBI vide the Master Directions issued certain guidelines with respect to raising money through private placement by NBFCs in the form of non-convertible debentures. These guidelines include (i) restrictions on the minimum subscription amount for a single investor at ₹20,000; (ii) the issuance of private placement of non-convertible debentures shall be in two separate categories, those with a maximum subscription of less than ₹1 crore and those with a minimum subscription of ₹1 crore per investor; (iii) the restriction of number of investors in an issue to 200 investors for every financial year for a maximum subscription of less than ₹1 crore which shall be fully secured; (iv) there is no limit on the number of subscribers in respect of issuances with a minimum subscription of ₹1 crore and above while the option to create security in favour of subscribers will be with the issuers and such unsecured debentures shall not be treated as public deposits; (v) restriction on NBFCs for issuing debentures only for deployment of funds on its own balance sheet and not to facilitate resource requests of group entities/parent company/associates; and (vi) prohibition on providing loan against its own debentures. This has resulted in limiting our Company's ability to raise fresh debentures on private placement basis.

A significant portion of our debt matures each year. Out of the total amount of our outstanding non-convertible debentures (excluding interest thereon but including non-convertible debentures that are matured but not redeemed), issued by our Company as of December 31, 2024, non-convertible debentures amounting to ₹ 14,40,311.00 thousand will mature during the next 12 months. In order to retire these instruments, we either will need to refinance this debt, which could be difficult in the event of volatility in the credit markets or raise equity capital or generate sufficient cash to retire the debt.

Changes in economic and financial conditions or continuing lack of liquidity in the market could make it difficult for us to access funds at competitive rates. As an NBFC, we also face certain restrictions on our ability to raise money from international markets, which may further constrain our ability to raise funds at attractive rates.

Any disruption in our primary funding sources at competitive costs could have a material adverse effect on our liquidity and financial condition.

3. *Our financial performance is primarily dependent on interest rate risk. If we are unable to manage interest rate risk in the future it could have an adverse effect on our net interest margin, thereby adversely affecting business and financial condition of our Company.*

Our results of operations are substantially dependent upon the level of our net interest margins. Interest Income from loans and advances is the largest component of our total income amounted to ₹13,32,244.45 thousand, ₹ 14,01,713.24 thousand, ₹ 11,03,179.90 thousand and ₹ 8,59,422.43 thousand, respectively and constitutes 98.50%, and 97.63%, 99.49% and 97.08%, of our total income for the nine months ended December 31, 2024, Fiscal 2024, Fiscals 2023 and Fiscal 2022, respectively on standalone basis. Interest rates are sensitive to many factors beyond our control, including the RBI's monetary policies, domestic and international economic and political conditions and other factors.

Over the years, the Government of India has substantially deregulated the financial sector. As a result, interest rates are now primarily determined by the market, which has increased the interest rate risk exposure of all banks and financial intermediaries in India, including us.

Our policy is to attempt to balance the proportion of the interest earning assets (which bear fixed interest rates), with interest bearing liabilities. A significant portion of our liabilities, such as our non-convertible debentures carry fixed rates of interest and the remaining are linked to the respective banks' benchmark prime lending rate/base rate. As of April 1, 2025, 100% of our borrowings were at fixed rates of interest. Moreover, we do not hedge our exposure to

interest rate changes. We cannot assure you that we can adequately manage our interest rate risk in the future or can effectively balance the proportion of our fixed rate loan assets and liabilities. Further, changes in interest rates could affect the interest rates charged on interest earning assets and the interest rates paid on interest bearing liabilities in different ways. Thus, our results of operations could be affected by changes in interest rates and the timing of any re-pricing of our liabilities compared with the re-pricing of our assets.

Any mismatch between the yield on assets and the cost of our funds due to market action/factors could have an impact on our profitability.

4. *We face increasing competition in our business which may result in declining interest margins. If we are unable to compete successfully, our market share may also decline.*

Our principal business is providing gold loan to customers in India secured by gold jewellery. Historically, the gold loan industry in India has been largely unorganised and dominated by local jewellery pawn shops and money lenders, with little involvement from public sector or private sector banks. Gold loan financing was availed predominantly by lower income group customers with limited or no access to other forms of credit, however, such income group has gained increased access to capital through organised and unorganised money lenders, which has increased our exposure to competition. The demand for gold loans has also increased due to relatively lower and affordable interest rates, increased need for urgent borrowing or bridge financing requirements, the need for liquidity for assets held in gold and increased awareness and acceptance of gold loan financing.

There is increased competition from other lenders in the gold loan industry, including commercial banks and other NBFCs, who also have access to funding from customers in the form of savings and current deposits. We rely on higher cost loans and debentures for our funding requirements, which could reduce our margins. Our ability to compete effectively will depend on our ability to raise low-cost funding. If we are unable to compete effectively with other participants in the gold loan industry, our business, financial condition and results of operations may be adversely affected.

The competition in the gold loan industry has resulted in gold loans becoming increasingly standardised. Furthermore, variable interest rates, variable payment terms and waiver of processing fees are also becoming increasingly common in the gold loan industry in India.

In addition, the government has issued schemes such as Pradhan Mantri Jan-Dhan Yojana to ensure access to financial services in an affordable manner. Further, public sector banks as well as existing private sector banks, have an extensive customer and depositor base, larger branch networks, and in case of public sector banks, Government support for capital augmentation, due to which they may enjoy corresponding economies of scale and greater access to low-cost capital, and accordingly, we may not be able to compete with them. An inability to effectively address such competition may adversely affect our market share, business prospects, results of operations and financial condition.

5. *Volatility in the market price of gold may adversely affect our financial condition, cash flows and results of operations.*

We extend loans secured mostly by gold jewellery. A sustained decrease in the market price of gold could cause a corresponding decrease in new Gold Loans in our loan portfolio and, as a result, our interest income may also decline. In addition, customers may not repay their loans and the gold jewellery securing the loans may have decreased significantly in value, resulting in losses which we may not be able to support. The impact on our financial position and results of operations of a hypothetical decrease in gold values cannot be reasonably estimated because the market and competitive response to changes in gold values is not pre-determinable.

6. *Our ability to lend against the collateral of gold jewellery has been restricted on account of guidelines issued by RBI, which may have a negative impact on our business and results of operation.*

RBI vide the Master Directions has stipulated all NBFCs to maintain an LTV ratio not exceeding 75% for loans granted against the collateral of gold jewellery and further prohibits lending against bullion/primary gold and gold coins. This notification will limit our ability to provide loan on the collateral of gold jewellery and thereby putting us at a disadvantage vis-à-vis unregulated money lenders offering similar products. Further, RBI in the Master Directions, has mandated NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) to maintain a minimum Tier I Capital of 12%. Such restrictions imposed by RBI may erode our margins, impact our growth and business prospects.

RBI in the Master Directions further tightened the norms for lending against the security of gold ornaments by pegging the maximum lendable value to preceding 30 day's average of the closing price of 22 carat gold rate of India Bullion and Jewellers Association (formerly known as Bombay Bullion Association Limited). Any such future restrictions by RBI could have a negative impact on our business and results of operation.

7. *Refusal of listing of any security of our Company during preceding three financial years and current financial year by any of the stock exchanges in India or abroad.*

There has been no refusal of listing of any security of the Issuer during the current financial year and last three financial years prior to the date of this Prospectus by any Stock Exchange in India or abroad. We may face the risk of refusal of listing by stock exchanges in India or abroad. Such a scenario could impact the liquidity and marketability of the securities. If such securities are not listed, investors may face challenges in buying or selling them at desired prices or times, which could adversely affect their investment strategies and ability to realize returns. Refusal to list any security could also affect market perception of the securities issued by our Company, potentially leading to a decrease in confidence of the potential investors and may have a negative impact on market value of securities. Therefore, investors should carefully consider this risk factor and its potential implications before making any investment decisions.

8. *Our Company's inability to recover the amounts due from customers to whom it has provided secured and unsecured loans in a timely manner, or at all, and its full collateral and its customers' failure to comply with applicable statutory or regulatory requirements in relation to such loans could adversely affect our Company's operations and profitability.*

Our Company's Loan Book, as on December 31, 2024, is ₹ 57,19,470.30 thousand before impairment allowances of ₹ 21,374.29 thousand which includes secured loans constituting 99.40% and unsecured loans constituting 0.60% of our Company's Loan Book. Substantial portion of our Company's Loan Book is secure in nature and the value of collateral that we collect is dependent on various factors, including (i) prevailing market conditions; (ii) the general economic and political conditions in India; (iii) any change in statutory and/or regulatory requirements; and (iv) fluctuation in gold prices. We maintain loan-to-value on the basis of the products being offered and product specific LTVs vary from case to case. In the event our borrowers default on the repayment of loans, we may not be able to realize the full value of the collateral due to various reasons, including a possible decline in the realizable value of the collateral, defective title as security, prolonged legal proceedings, unavailability of a ready market and fraudulent actions by borrowers, or we may not be able to foreclose on collateral at all. Further, certain kinds of loans that are advanced by us are not secured by any assets. In India, foreclosure on collateral may be subject to delays and administrative requirements that may result, or be accompanied by, a decrease in the value of the collateral. Foreclosure on collateral generally requires a written petition to an Indian court or tribunal, any proceedings brought may be subject to delays and administrative requirements that may result in, or be accompanied by, a decrease in the value of the collateral.

A decline in the value of the security could impair our ability to realize the secured assets upon any foreclosure, which may require us to increase our provision for loan losses. In the event of a default with respect to any of these loans, the amounts we receive upon sale of the secured assets may be insufficient to recover the outstanding principal and interest on the loan. If we are required to re-value the assets securing a loan to satisfy the debt during a period of reduced asset values or to increase our allowance for loan losses, our profitability could be adversely affected, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

The remaining portion of the Company's Loan Book is unsecured and in the event of defaults by such customers, our Company's ability to realise the amounts due to it from the loans would be restricted to initiating legal proceedings for recovery as our Company will not have the benefit of enforcing any security interest. There can be no guarantee as to the length of time it could take to conclude such legal proceedings or for the legal proceedings to result in a favourable decision for our Company.

9. *We may not be able to successfully sustain our growth strategy. Inability to effectively manage our growth and related issues could materially and adversely affect our business and impact our future financial performance.*

Our growth strategy includes growing our AUM, expanding network of branches and expanding the range of products and services. We cannot assure you that we will be able to execute our growth strategy successfully or continue to achieve or grow at the levels of revenue earned in recent years, or that we will be able to expand further our AUM. Furthermore, there may not be sufficient demand for our services, or they may not generate sufficient

revenues relative to the costs associated with offering such services. Even if we were able to introduce new services successfully, there can be no assurance that we will be able to achieve our intended return on such investments. If we grow our AUM too rapidly or fail to make proper assessments of credit risks associated with borrowers, a higher percentage of our loans may become non-performing, which would have a negative impact on the quality of our assets and our financial condition.

Further, principal component of our strategy is to continue to grow by expanding the size and geographical scope of our businesses. This growth strategy will place significant demands on our management, financial and other resources. It will require us to continuously develop and improve our operational, financial and internal controls. It also includes undertaking permission from various authorities, including RBI and various regulatory compliances. Continuous expansion increases the challenges involved in financial management, recruitment, training and retaining high quality human resources, preserving our culture, values and entrepreneurial environment, and developing and improving our internal administrative infrastructure.

10. *If we are not able to control the level of non-performing assets in our portfolio, the overall quality of our loan portfolio may deteriorate, and our results of operations may be adversely affected.*

We may not be successful in our efforts to improve collections and/or enforce the security interest on the gold collateral on existing as well as future non-performing assets. Moreover, as our loan portfolio increases, we may experience greater defaults in principal repayment and/or interest payments. Thus, if we are not able to control our level of non-performing assets, the overall quality of our loan portfolio may deteriorate, and our results of operations may be adversely affected. Our gross NPAs on standalone basis for the nine months ended December 31, 2024 and financial years ended March 31, 2024, March 31, 2023, March 31, 2022 was ₹72,431.95 thousand and ₹71,476.25 thousand, ₹1,51,944.37 thousand, ₹65,007.85 thousand, respectively, and constitutes 1.27% and, 1.51%, 3.84%, 1.89% of the total gross loan assets.

The Master Directions prescribe the provisioning required in respect of our outstanding loan portfolio. Should the overall credit quality of our loan portfolio deteriorate, the current level of our provisions may not be adequate to cover further increases in the amount of our non-performing assets. Furthermore, although we believe that our total provision will be adequate to cover all known losses in our asset portfolio, our current provisions may not be adequate when compared to the loan portfolios of other financial institutions. Moreover, there also can be no assurance that there will be no further deterioration in our provisioning coverage as a percentage of gross non-performing assets or otherwise, or that the percentage of non-performing assets that we will be able to recover will be similar to our past experience of recoveries of non-performing assets. In the event of any further increase in our non-performing asset portfolio, there could be an even greater, adverse impact on our results of operations.

11. *Our indebtedness and the conditions and restrictions imposed by our financing agreements could restrict our ability to conduct our business and operations in the manner we desire.*

As of April 1, 2025, we had an outstanding debt (including non-convertible debentures & sub-ordinated debts that are matured but not redeemed) of ₹63,36,716.62 thousand. We may incur additional indebtedness in the future. Many of our financing agreements include various restrictive conditions and covenants restricting certain corporate actions, and our Company is required to take the prior approval of the lender before carrying out such activities. For instance, our Company, inter alia, is required to obtain the prior written consent in the following instances:

- i. to declare and/or pay dividend to any of its shareholders whether equity or preference, during any financial year unless the Company has paid to the lender the dues payable by the Company in that year;
- ii. to undertake or permit any merger, amalgamation or compromise with its shareholders, creditors or effect any scheme of amalgamation or reconstruction or disposal of whole of the undertaking;
- iii. to create or permit any charges or lien, sell or dispose of any encumbered assets;
- iv. to alter its capital structure, or otherwise acquire any share capital;
- v. to effect a change of ownership or control, or management of the Company;
- vi. to borrow or obtain credit facilities from any bank or financial institution; and
- vii. sell, assign, mortgage or otherwise dispose of any of the fixed assets charged to the banks.

Our indebtedness could have several important consequences, including our cash flows being used towards repayment of our existing debt, which will reduce the availability of our cash flow to fund our working capital, capital expenditures and other general corporate requirements. Moreover, our ability to obtain additional financing or renewal of existing facilities, in the future at reasonable terms may be restricted or our cost of borrowings may increase due to sudden adverse market conditions, including decreased availability of credit or fluctuations in interest

rates, particularly because a significant proportion of our financing arrangement are in the form of borrowings from banks. There could be a material adverse effect on our business, financial condition and results of operations if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements and we may be more vulnerable to economic downturns, which may limit our ability to withstand competitive pressures and may reduce our flexibility in responding to changing business, regulatory and economic conditions.

12. *Our entire branch network is concentrated in southern India and any disruption or downturn in the economy of the region would adversely affect our operations.*

As on March 31, 2025, our company has 293 branches, out of which majority of the branches are located in the southern states of India i.e., Andhra Pradesh, Karnataka, Kerala, Tamil Nadu, Telangana, Odisha and in the western states of India i.e., Gujarat and Maharashtra and these constituted about our entire total gold loan portfolio. For details, see “*Our Business*” on page 76. As a result, we are exposed to risks including any change in policies relating to these states, any localised social unrest, any natural disaster and any event or development which could make business in such states less economically beneficial. Further, any disruption, disturbance or breakdown in these states could adversely affect the result of our business and operations. Our concentration in these southern states of India exposes us to adverse economic or political circumstances that may arise in that region as compared to other NBFCs and commercial banks that may have diversified national presence and may have an adverse effect on our business, market share and results of operations.

13. *Inaccurate appraisal of gold by our personnel may adversely affect our business and financial condition.*

Accurate appraisal of pledged gold is a significant factor in the successful operation of our business and such appraisal requires a skilled and reliable workforce. Assessing gold jewellery quickly is a specialised skill that requires assessing jewellery for gold content and quality manually without damaging the jewellery. Our Company provides training for our personnel for assessing jewellery for gold content and quality. However, in spite of rigorous training there is no guarantee that the gold ornaments are appraised accurately. Inaccurate appraisal of gold content, by our workforce may result in the gold ornament being overvalued and pledged for a loan that is higher in value than the actual value of gold content, which could adversely affect our reputation and business. We also run the risk of spurious gold being incorrectly assessed and approved for disbursement. Further, we are subject to the risk of inaccurate or fraudulent estimation of the value of pledged gold by our gold appraisers. Any such inaccuracies or fraud in relation to our appraisal of gold may adversely affect our reputation, business and financial condition.

14. *We depend on customer supplied information when evaluating customer credit worthiness.*

In deciding whether to extend credit or enter into other transactions with customers and counter parties, we may rely on information furnished to us by or on behalf of our customers, including the financial information from which we create our credit assessments. We may also rely on customer representations as to the accuracy and completeness of customer supplied information. Any relevant changes in this information may not be made available to us. The information that we have gathered may not be sufficient to create a complete customer risk profile. Because we rely on such customer supplied information, some or all of certain customers’ risk profiles may be wilfully or inadvertently wrong or misleading, which may lead us to enter into transactions that may adversely affect our financial condition and results of operations.

15. *The implementation of our KYC norms as well as our measures to prevent money laundering may not be completely effective, which could adversely affect our reputation and in turn have an adverse impact on our business and results of operations.*

Our implementation of anti-money laundering measures required by the RBI, including KYC policies and the adoption of anti-money laundering and compliance procedures in all our branches, may not be completely effective. There can be no assurance that certain of our customers will not indulge in money laundering activities advertently misusing our business channels. If we were identified to be associated with money laundering operations, our reputation may be adversely affected, which in turn could have an adverse impact on our business and results of operations.

16. *Our customer base comprises entirely of individual borrowers who generally are more likely to be affected by declining economic conditions than large corporate borrowers. Any decline in the repayment capabilities of our borrowers, may result in increase in defaults, thereby adversely affecting our business and financial condition.*

Individual borrowers typically are less financially resilient than large corporate borrowers, and as a result, they are typically more adversely affected by declining economic conditions. In addition, a significant majority of our customer base belongs to the low to medium income group. Furthermore, unlike many developed economies, a nationwide credit bureau has only recently become operational in India, so there is less financial information available about individuals, particularly our focus customer segment of the low to medium income group. It is therefore difficult to carry out precise credit risk analyses on our customers. While we follow certain procedures to evaluate the credit profile of our customers before we sanction a loan, we generally rely on the quality of the pledged gold rather than on a stringent analysis of the credit profile of our customers. Although we believe that our risk management controls are sufficient, we cannot be certain that they will continue to be sufficient or that additional risk management policies for individual borrowers will not be required. Failure to maintain sufficient credit assessment policies, particularly for individual borrowers, could adversely affect our loan portfolio, which could in turn have an adverse effect on our financial condition and results of operations.

17. *Since we handle high volumes of cash and gold jewelry in a dispersed network of branches, we are exposed to operational risks, including employee negligence, fraud, petty theft, burglary and embezzlement, which could harm our results of operations and financial position.*

As of December 31, 2024, we held cash balance of ₹ 21,876.42 thousand and as on March 31, 2025 we held gold jewellery of 1.45 tons. Our gold loan transactions involve handling significant volumes of cash and gold jewellery at our branch offices. Large cash and gold jewellery transactions expose us to the risk of fraud or negligence by employees, agents, customers or third parties, theft, burglary and misappropriation or unauthorised transactions by our employees. Our insurance policies, security systems and measures undertaken to detect and prevent these risks may not be sometimes, sufficient to prevent or deter such activities in all cases, which may adversely affect our operations and profitability. For the period ended March 31, 2025, please see below details:

Particulars	No. of cases	Amount (₹ in thousands)	No of cases after recovery	Amount after recovery (₹ in thousands)
Internal Fraud	9	71,746.00	9	60,566.00
Spurious gold	18	30,510.32	18	26,295.40
Theft/Burglary	Nil	Nil	Nil	Nil
Total	27	1,02,256.32	27	86,861.40

Further, we may be subject to regulatory or other proceedings in connection with any unauthorized transaction, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. The nature and size of the items provided as collateral allow these items to be misplaced or misdelivered, which may have a negative impact on our operations and result in losses.

18. *This Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.*

This Prospectus includes certain unaudited financial information, which has been subjected to limited review by our Statutory Auditors, in relation to our Company. This Prospectus includes Unaudited Financial Results in relation to our Company for the quarter and nine months ended December 31, 2024, in respect of which the Auditors have issued the limited review report dated February 14, 2025. As the limited review financial information prepared by our Company in accordance with Regulation 52 of the SEBI LODR Regulations have been subject only to a limited review and as described in Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information” Performed by the Independent Auditor of the Company” issued by the ICAI. Any reliance by prospective investors on such limited review financial information for the quarter and nine months ended December 31, 2024 should, accordingly, be limited.

Any financial results published in the future may not be consistent with past performance. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Prospectus.

19. *We have experienced negative cash flows in the past. Negative cash flows in the future could adversely affect our cash flow requirements, our ability to operate our business and implement our growth plans, thereby affecting our financial performance.*

We have in the past, and may in the future, experience negative operating cash flows. The following table sets forth

certain information relating to our cash flows on a Standalone basis for the period and years indicated under Ind AS:

(₹ in thousands, unless otherwise specified)

Particulars	For the year ended March 31,		
	2024	2023	2022
Net cash from / used in (-) operating activities	(5,13,747.99)	(2,83,776.22)	(3,01,734.45)
Net cash from / used in (-) investing activities	(1,17,920.97)	(1,52,209.95)	(2,11,646.42)
Net cash from / used in (-) financing activities	5,75,340.84	4,04,547.04	4,97,952.20
Net increase/ decrease (-) in cash and cash equivalents	(56,328.12)	(31,439.13)	(15,428.67)
Cash and cash equivalents as per Cash Flow Statement as at end of the Year	6,839.60	63,167.72	94,606.85

As demonstrated above, we experienced negative cash flows due to inherent nature of Business of the Company. However, the overall cash flow of the Company has remained positive during the previous years. Even though reasonable efforts have been put forth by the Company, there can be no assurance that the Cashflows from operations and overall cashflow remains positive in future.

20. Our Company is subject to queries raised by SEBI. Non-compliance with observations made by SEBI in respect of these queries could expose us to penalties and restrictions.

There have been instances where the SEBI has raised some queries or clarifications on the issue of non-convertible debentures by the Company on private placement basis. The Company believes that they have provided adequate responses to the queries raised by SEBI. However, the Company has not received any intimation from SEBI in furtherance of the responses provided, and there has been no indication from SEBI regarding the closure of the queries raised. Whilst we have responded to SEBI and addressed such observations, there can be no assurance that SEBI would not make similar or other observations, including divergences, in the future. If we are unable to resolve such deficiencies and other matters to SEBI's satisfaction, we could be exposed to penalties and restrictions, and our ability to conduct our business may be adversely affected.

One such query was raised by SEBI vide its letter dated October 19, 2020, wherein it was observed that certain allotment/transfer of debentures were made by the Company within 6 months from the date of allotment of such debentures to more than 200 people in a financial year. In respect of the same, SEBI demanded an explanation as to how such allotments were not public offers in terms of Section 25 and 42 of the Companies Act, 2013 and other applicable laws. The Company vide its letter dated October 23, 2020, clarified that such allotments were not made to more than 200 people in a single financial year and that such securities were not offered for sale to the public nor did the Company issue any public documents in respect of the same along with requisite documents. Further, to the reply provided by the Company, SEBI has sent a letter dated January 12, 2024, whereunder certain documents were requested. The Company has shared the requisite documents with SEBI by way of multiple emails on January 29, 2024. Subsequently, our Company received letter dated July 9, 2024 from SEBI requesting for additional documents. The Company supplied the additional documents by way of multiple emails on July 22, 2024.

Additionally, our Company has received a query from SEBI by way of an email dated October 16, 2024, in relation to the issuance of equity shares by the Company, which were allotted on May 10, 2005 and March 30, 2006 stating that the allotments were made to more than 50 people as was permissible under the Companies Act, 1956. Our Company has suitably responded to the query by way of an email dated October 21, 2024. Further, our Company received a query from SEBI by way of an email dated November 28, 2024, in relation to issuance of NCDs/Bonds under private placement, whereby SEBI also requested for certain documents, clarificatory details, and information pertaining to outstanding debentures, and allotment of debentures. Our Company has suitably responded to the query by way of emails dated December 2, 2024, and December 7, 2024, and has furnished the documents and details requisitioned. Furthermore, our Company received a query by way of an email dated November 29, 2024, in reference to the prospectus filed with the RoC on November 5, 2024, requesting for Board Resolutions, a copy of the SDI application form, advertisements, private placement issuances of subordinated debt instruments and details of allotment. Our Company has suitably responded to the query by way of an email dated December 7, 2024, and has furnished the documents and details requisitioned.

21. We are subject to the risk of fraud by our employees and customers. Our lending operations involve significant amounts of cash collection which may be susceptible to loss or misappropriation or fraud by our employees. Specifically, employees operating in remote areas may be susceptible to criminal elements which may adversely affect our business, operations and ability to recruit and retain employees.

We are exposed to the risk of fraud and other misconduct by employees and customers. While we carefully recruit all of our employees and screen all our employees who are responsible for disbursement of gold loans and custody of gold, there could be instances of fraud with respect to gold loans and cash related misappropriation by our employees. We are required to report cases of internal fraud to the RBI, which may take appropriate action. We have also filed police complaints alleging fraud and misappropriation of gold by our employees in the past. We cannot guarantee that such acts of fraud will not be committed in the future, and any such occurrence of fraud would adversely affect our reputation, business and results of operations.

Our lending and collection operations involve handling of significant amounts of cash, including collections of instalment repayments in cash which is the norm in the finance industry. Large amounts of cash collection expose us to the risk of loss, fraud, misappropriation or unauthorised transactions by our employees responsible for dealing with such cash collections. While we obtain insurance coverage including fidelity coverage and coverage for cash in safes and in transit and undertake various measures to detect and prevent any unauthorised transactions, fraud or misappropriation by our employees, these measures may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our business operations and financial condition. In addition, we may be subject to regulatory or other proceedings in connection with any such unauthorised transaction, fraud or misappropriation by our agents or employees, which could adversely affect our goodwill, business prospects and future financial performance.

Further, our employees operating in remote areas may be particularly susceptible to criminal elements as they are involved in cash collection and transportation due to lack of local banking facilities. In the event of any such adverse incident our ability to continue our operations in such areas will be adversely affected and our employee recruitment and retention efforts may be affected, thereby affecting our expansion plans. In addition, if we determine that certain areas of India pose a significantly higher risk of crime or political strife and instability, our ability to operate in such areas will be adversely affected.

22. *We are subject to the risk of unknowingly receiving stolen goods as collateral from customers which may result in loss of collateral for the loan disbursed.*

We have a policy in place to satisfy ownership of the gold jewellery and have taken adequate steps to ensure that the KYC guidelines stipulated by RBI are followed and due diligence of the customer is undertaken prior to the disbursement of loans. However, in the event that we unknowingly receive stolen goods as collateral from a customer, the goods can be seized by authorities. Once seized by the authorities, gold items will be stored in court storage facilities without a surety arrangement. No recourse is generally available to our Company in the event of such seizure, except the recovery of the loss from the customer. Any seizure of the gold ornaments by the authorities shall result in us losing the collateral for the loan disbursed and could adversely affect our reputation, business and results of operations.

23. *Our insurance may not be adequate to protect us against all potential losses to which we may be subjected to and if we were to incur a significant liability for which we were not fully insured, it could adversely affect our business, results of operations and financial conditions.*

We maintain bankers' indemnity cover and insurance cover for our gold stock and cash with our branches and cash and gold in transit, against burglary, theft, loss or damage by fire as well as against natural calamities including earthquake and floods. As on March 31, 2025, our Company has an insurance cover comprising (a) New India Bharat Laghu Udayam Suraksha and New India Bharat Sookshma Udayam Suraksha Policies cover amounting to ₹ 83,86,200 thousand for all branches (b) burglary insurance for coverage of furniture, fixtures and other assets relating to information technology amounting to ₹ 82,41,200 thousand; (c) Fidelity Guarantee cover amounting to ₹50,000 thousand; (d) money insurance policy amounting to ₹ 30,000 thousand; and (e) policy for commercial general liability products amounting to ₹10,000 thousand.

While we exercise due care in taking out adequate cover, given the nature of fluctuating gold prices, the amount of our insurance coverage may be less than the replacement cost of all covered property and may not be sufficient to cover all financial losses that we may suffer should a risk materialise. There are many events that could significantly affect our operations, or expose us to third party liabilities, for which we may not be adequately insured. If we were to incur a significant liability for which we were not fully insured, it could adversely affect our business, results of operations and financial condition.

24. *System failures or inadequacy and security breaches in computer systems may adversely affect our operations and result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation.*

We are vulnerable to risks arising from the failure of employees to adhere to approved procedures, failures of security systems, computer system disruptions, communication systems failure and data interception during transmission through external communication channels and networks. Failure to prevent or detect such breaches in security or data and communications errors may adversely affect our operations.

Despite our internal controls, policies and procedures, certain matters such as fraud and embezzlement cannot be eliminated entirely given the cash nature of our business. If we fail to maintain and continue to enhance our internal controls, policies and systems, we may be unable to prevent fraud, security breaches or system failures.

Our business is increasingly dependent on our ability to process, on a daily basis, a large number of transactions. Our financial, accounting or other data processing systems may fail to operate properly or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or communications services. If any of these systems do not operate properly or are disabled, or if there are other shortcomings or failures in our internal processes or systems, financial loss, disruption of our business, regulatory intervention or damage to our reputation may result. In addition, our ability to conduct business may be adversely affected by a disruption in the infrastructure that supports our businesses and the localities in which we are located. Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our computer systems, software and networks may be vulnerable to unauthorized access, computer viruses or other malicious code and other events that could compromise data integrity and security. Constant connectivity between our branches across India and our Corporate Office is key to the functioning of our business. Each of our branches accesses the corporate data centre through the Internet, and all data is stored centrally in the corporate data centre. Our disaster recovery system is fully operational, and we continue to engage in technical exercises to test and improve our disaster plan.

25. *We are subjected to supervision and regulation by the RBI as a NBFC Base Layer, and changes in RBI's regulations governing us could adversely affect our business.*

We are subject to the RBI's guidelines on financial regulation of NBFCs, including capital adequacy, exposure and other prudential norms. The RBI also regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. The RBI's regulations of NBFCs could change in the future which may require us to restructure our activities, incur additional cost or could otherwise adversely affect our business and our financial performance. Through the Master Directions, RBI has amended the regulatory framework governing NBFCs to address concerns pertaining to risks, regulatory gaps and arbitrage arising from differential regulations and aims to harmonise and simplify regulations to facilitate a smoother compliance culture among NBFCs.

Even though the RBI, has not provided for any restriction on interest rates that can be charged by non-deposit taking NBFCs, there can be no assurance that the RBI and/or the Government will not implement regulations or policies, including policies or regulations or legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that could have an adverse effect on non-deposit taking NBFCs. In addition, there can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business.

26. *We may not be able to recover the full loan amount, and the value of the collateral may not be sufficient to cover the outstanding amounts due under defaulted loans. Failure to recover the value of the collateral could expose us to a potential loss, thereby adversely affect our financial condition and results of operations.*

We extend loans secured by gold jewellery provided as collateral by the customer. An economic downturn or sharp downward movement in the price of gold could result in a fall in collateral value. In the event of any decrease in the price of gold, customers may not repay their loans and the value of collateral gold jewellery securing the loans may decrease significantly in value, resulting in losses which we may not be able to support. Although we use a technology-based risk management system and follow strict internal risk management guidelines on portfolio monitoring, which include periodic assessment of loan to security value on the basis of conservative market price levels, limits on the amount of margin, ageing analysis and predetermined loan closure call thresholds, no assurance can be given that if the price of gold decreases significantly, our financial condition and results of operations would not be adversely affected. The impact on our financial position and results of operations of a hypothetical decrease in gold values cannot be reasonably estimated because the market and competitive response to changes in gold values is not pre-determinable.

Additionally, we may not be able to realise the full value of our collateral, due to, among other things, defects in the quality of gold or wastage on melting gold jewellery into gold bars though the adequate systems in place like periodical verification of the pledged jewellery by the gold inspectors and employing well trained staff and large segment of the borrowers being repeat customers. In case of a default, we typically sell the collateral gold jewellery through auctions primarily to jewellers however there can be no assurance that we will be able to sell such gold jewellery at prices sufficient to cover the amounts under default. Furthermore, enforcing our legal rights by litigating against defaulting customers is generally a slow and potentially expensive process in India. Accordingly, it may be difficult for us to recover amounts owed by defaulting customers in a timely manner or at all.

We may also be affected by failure of employees to comply with internal procedures and inaccurate appraisal of credit or financial worth of our clients in spite of the periodical verification of the pledged ornaments by gold inspectors and specified interval inspection and auditing by internal auditors. Failure by our employees who are experienced and trained, to properly appraise the value of the collateral provides us with no recourse against the borrower and the loan sanction may eventually result in a bad debt on our books of accounts. In the event we are unable to check the risks arising out of such lapses, our business and results of operations may be adversely affected.

27. *Any downgrade in our credit ratings could increase borrowing costs and adversely affect our access to capital and lending markets and could also affect our interest margins, business, results of operations and financial condition.*

The cost and availability of capital is also dependent on our short term and long-term credit ratings. CRISIL vide their rating letter dated July 08, 2024, have assigned the rating of “CRISIL BBB-” with a stable outlook for an amount of ₹ 40,00,000 thousand for the NCDs proposed to be issued pursuant to this Issue. Ratings reflect a rating agency’s opinion of our financial strength, operating performance, strategic position, and ability to meet our obligations. Any downgrade of our credit ratings would increase borrowing costs and constrain our access to debt and bank lending markets and, as a result, would adversely affect our business. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any new or replacement of financing arrangements. Infomerics Valuation and Rating Private Limited vide press release dated April 11, 2024, has downgraded the ratings to IVR BB/ Negative; and moved to “Issuer Not Co-Operating” category for various debt facilities/instruments of ICL Fincorp Limited citing lack of adequate information available about the performance of the company and the uncertainty around its credit risk. The Company has now submitted all the documents to the credit rating agency. For details regarding ratings received by our Company, please see “*Our Business – Credit Ratings*” on page 93.

28. *We may experience difficulties in expanding our business into additional geographical markets in India, which may adversely affect our business prospects, financial conditions and results of operations.*

While the gold loans markets in the south Indian states of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh, Telangana, and Odisha remains and is expected to remain our primary strategic focus, we also evaluate attractive growth opportunities in other regions in India and have expanded our operations in the western states of India. We may not be able to leverage our experience in the states that we are currently present; in order to expand our operations in other regions, should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, customer attitude, sentimental attachments towards gold jewellery, behaviour and preferences in these cities where we may plan to expand our operations may differ from those in south Indian states of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh, Telangana and Odisha and our experience in these states may not provide us with benefits in other geographies. In addition, as we enter new markets and geographical areas, we are likely to compete not only with other large banks and financial institutions in the gold loan business, but also the local unorganised or semi-organised lenders, who are more familiar with local conditions, business practices and customs, have stronger relationships with customers and may have a more established brand name within local communities.

If we plan to further expand our geographical footprint, our business may be exposed to various additional challenges, including obtaining necessary governmental approvals, identifying and collaborating with local business partners with whom we may have no previous working relationship; successfully gauging market conditions in new markets; attracting potential customers; being susceptible to local laws in new geographical areas of India; and adapting our marketing strategy and operations to suit regions where different languages are spoken. Our inability to expand our current operations in additional geographical markets may adversely affect our growth, business prospects, financial conditions and results of operations.

29. *We may have contingent liabilities in the future which may adversely affect our financial condition if the contingent liability materializes.*

Below are the details of contingent liabilities and commitments as on March 31, 2024:

	March 31, 2024
I. Contingent Liabilities	
Claims against the company not acknowledged as debts	Nil
Demand from Income Tax Department on account of TDS default*	400.44
Gaurantees	Nil
Other money for which the company is contingently liable	Nil
II. Commitments	
Estimated amounts of contracts remaining to be executed on capital account and not provided for.#	-
Uncalled liability on shares and other investments partly paid	Nil
Other commitments	Nil

*The Income Tax Department has raised demand of 4,00,443/- on account of TDS default. This happens due to clerical error in quarterly TDS return and the company proposes to revise the return to abolish errors. Since the company doesn't expect any liability after revising the return, no provision has been made in the books of accounts of the company.

Balance amount payable to Balagopal as per the Agreement for the purchase of land executed on 9th August 2019.

However, we may have contingent liabilities in the future. In the event that any of the contingent liabilities materialize, our results of operations and financial condition may be adversely affected.

For further details, please see “Financial Information” on page 116.

30. *Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs. Any limitation on our ability to borrow from such banks may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.*

Under RBI Master Circular DBR.BP.BC.No.5/21.04.172/2015-16 on bank finance to NBFCs issued on July 1, 2015, the exposure (both lending and investment, including off balance sheet exposures) of a bank to a single NBFC engaged in lending against collateral of gold jewellery (i.e., such loans comprising 50% or more of its financial assets) should not exceed 7.5% of its capital funds. Banks may, however, assume exposures on a single NBFC up to 12.5% of their capital funds, provided the exposure in excess of 7.5% is on account of funds on-lent by the NBFC to the infrastructure sector. Further, banks may also consider fixing internal limits for their aggregate exposure to all NBFCs put together and should include internal sub-limit to all NBFCs providing Gold Loans (i.e., such loans comprising 50% or more of their financial assets), including us. This limits the exposure that banks may have on NBFCs such as us, which may restrict our ability to borrow from such banks and may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.

31. *We have introduced new products and services and we cannot assure you that such products and services will be profitable in the future.*

Our Company has decided to expand these services to other cities and state and have incurred certain costs to expand these services and we cannot assure you that such expansion will be successful, whether due to factors within or outside of our control, such as general economic conditions, a failure to understand customer demand and market requirements or management focus.

We have limited experience in offering such products and as a result, we may not be able to put together proper processes to accurately assess and manage the credit quality, which may lead to inaccurate appraisal of pledged gold. Further, introduction of such scheme involves rigorous training to our employees and there is no guarantee that the gold ornaments will be appraised accurately in set-ups which are unfamiliar to our employees each time. Inaccurate appraisal of gold content, by our workforce may result in the gold ornament being overvalued and pledged for a loan that is higher in value than the actual value of gold content, which could adversely affect our reputation and business. We also run the risk of spurious gold being incorrectly assessed and approved for disbursement.

Further, these operations may be accompanied by operating and marketing challenges that may be different from those we have previously encountered. In addition, if we fail to successfully offer our new products and services in an increasingly competitive market, we may not be able to capture the growth opportunities associated with them or recover the development and marketing costs, and our future results of operations and growth strategies could be adversely affected.

- 32. *Attrition rate in our business is quite high and in order to be successful, we must attract, retain and motivate key employees, and failure to do so could adversely affect our business. Failure to hire key executives or employees could have a significant impact on our operations.***

In order to be successful, we are required to attract, train, motivate and retain highly skilled employees, especially branch managers and gold assessment technical personnel. If we cannot hire additional personnel or retain existing qualified personnel, our ability to expand our business will be impaired and our revenue could decline. Hiring and retaining qualified and skilled managers and sales representatives are critical to our future, and competition for experienced employees in the gold loan industry can be intense. In addition, we may not be able to hire and retain enough skilled and experienced employees to replace those who leave or may not be able to re-deploy and retain our employees to keep pace with continuing changes in technology, evolving standards and changing customer preferences. The failure to hire key executives or employees could have a significant impact on our operations.

- 33. *We have entered into transactions with related parties in the past. Any transaction with related parties may involve conflicts of interest.***

We have entered into transactions with several related parties in the past. We can give no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations. The transactions we have entered into and any future transactions with our related parties have involved or could potentially involve conflicts of interest.

- 34. *We are required to comply with the requirements of certain labour laws which may impose additional costs on us.***

Our branches are required to be registered under the relevant shops and establishments laws and verifications under Standards of Weights and Measures Act, 1976 of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays, leave and overtime compensation. If we fail to obtain or retain any of these approvals, exemptions or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any conditions, our certificate of registration may be suspended or cancelled, and we may not be able to carry on such activities.

In addition, our employees are required to be registered under the provisions of certain labour laws such as the Employees' State Insurance Act, 1948, the Payment of Gratuity Act, 1972, the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and state labour laws in the states where we have our offices and branches. We are also required to maintain certain records under the provisions of these laws, which add to our costs. If we are subject to penalties under these labour laws or if we do not obtain the requisite approvals, our business, financial condition and results of operations may be adversely affected.

- 35. *Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business, financial condition and results of operations.***

NBFCs in India are subject to strict regulations and supervision by the RBI. In addition to the numerous conditions required for the registration as a NBFC with the RBI, we are required to maintain certain statutory and regulatory permits and approvals for our business. In the future, we will be required to renew such permits and approvals and obtain new permits and approvals for any proposed operations. There can be no assurance that the relevant authorities will issue any of such permits or approvals in the time frame anticipated by us or at all. Failure on our part to renew, maintain or obtain the required permits or approvals may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

In addition, our branches are required to be registered under the relevant shops and establishments laws of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays and leave and overtime compensation. If we fail to obtain or retain any of these approvals

or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims that we have not complied, with any of these conditions, our certificate of registration may be suspended or cancelled, and we shall not be able to carry on such activities.

36. *All our branch premises are acquired on lease. Any termination of arrangements for lease of our branches or our failure to renew the same in a favourable, timely manner, could adversely affect our business and results of operations.*

As on March 31, 2025, we had 293 branches in 8 states. All our Branches are located on leased premises. If any of the owners of these premises does not renew an agreement under which we occupy the premises, attempts to evict us or seeks to renew an agreement on terms and conditions non-acceptable to us, we may suffer a disruption in our operations or increased costs, or both, which may adversely affect our business and results of operations.

Further, some of our lease deeds for our properties may not be registered and further some of our lease deeds may not be adequately stamped and consequently, may not be accepted as evidence in a court of law and we may be required to pay penalties for inadequate stamp duty. Further, we may not be able to assess or identify all risks and liabilities associated with any properties, such as faulty or disputed title, unregistered encumbrances or adverse possession rights, improperly executed, unregistered or insufficiently stamped instruments, or other defects that we may not be aware of.

37. *We rely significantly on our management team, our Key Managerial Personnel and our ability to attract and retain talent. Loss of any member from our management team or that of our Key Managerial Personnel may adversely affect our business and results of operation.*

We rely significantly on our core management team which oversees the operations, strategy and growth of our businesses. Our Key Managerial Personnel have been integral to our development. Our success is largely dependent on our management team which ensures the implementation of our strategy. If one or more members of our management team are unable or unwilling to continue in their present positions, they may be difficult to replace, and our business and results of operation may be adversely affected.

38. *We may not be able to maintain our current levels of profitability due to increased costs or reduced spreads.*

Our business involves a large volume of small-ticket size loans and requires manual operational support. Hence, we require dedicated staff for providing our services. In order to grow our portfolio, our expanded operations will also increase our manpower requirements and push up operational costs. Our growth will also require a relatively higher gross spread, or margin, on the consumer lending products we offer in order to maintain profitability. There can be no assurance that we will be able to maintain our current levels of profitability if the gross spreads on our consumer lending products were to reduce substantially, which could adversely affect our results of operations.

39. *If we fail to maintain effective internal control over financial reporting in the future, the accuracy and timing of our financial reporting may be adversely affected.*

We have taken steps to enhance our internal controls commensurate to the size of our business, primarily through the formation of a designated branch audit and inspection team. However, certain matters such as fraud and embezzlement cannot be eliminated entirely given the cash nature of our business. While we expect to remedy such issues, we cannot assure you that we will be able to do so in a timely manner, which could impair our ability to accurately and timely report our financial position, results of operations or cash flows.

40. *Our ability to assess, monitor and manage risks inherent in our business differs from the standards of some of our counterparts in India and in some developed countries. Inability to effectively manage our risk management systems can adversely affect our business, financial condition and results of operation.*

We are exposed to a variety of risks, including liquidity risk, interest rate risk, credit risk, operational risk and legal risk. The effectiveness of our risk management is limited by the quality and timeliness of available data.

Our hedging strategies and other risk management techniques may not be fully effective in mitigating our risks in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some methods of managing risks are based upon observed historical market behavior. As a result, these methods may not predict future risk exposures, which could be greater than the historical measures indicated. Other risk management methods depend upon an evaluation of information regarding markets, customers or other matters. This information may not

in all cases be accurate, complete, current, or properly evaluated. Management of operational, legal or regulatory risk requires, among other things, policies and procedures to properly record and verify a number of transactions and events. Although we have established these policies and procedures, they may not be fully effective.

Our future success will depend, in part, on our ability to respond to new technological advances and evolving NBFC and gold loan sector standards and practices on a cost-effective and timely basis. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that we will successfully implement new technologies or adapt our transaction-processing systems to customer requirements or evolving market standards and any failure to do so can adversely affect our business, financial condition and results of operation.

41. *Our internal procedures, on which we rely for obtaining information on our customers and loan collateral, may be deficient and result in business losses.*

We rely on our internal procedures for obtaining information on our customers and loan collateral provided. In the event of lapses or deficiencies in our procedures or in their implementation, we may be subject to business or operational risk. For example, in the event that we unknowingly receive spurious gold ornaments, we may not receive any value for such collateral at the time of an auction or where stolen goods are received as collateral from a customer where the stolen goods can be seized by the authorities, under law and once seized by the authorities, gold items will be stored in court storage facilities without a surety arrangement unless released to the Company from safe custody, upon a specific order. No recourse will generally be available to the Company in the event of such seizure, except the recovery of the loss from the customer.

42. *We may not be able to detect money-laundering and other illegal or improper activities fully or on a timely basis, which could expose us to additional liability and harm our business or reputation.*

We are required to comply with applicable anti-money-laundering, anti-terrorism laws and other applicable regulations in India. We, in the course of our operations, run the risk of failing to comply with the prescribed KYC procedures and the consequent risk of fraud and money laundering by dishonest customers despite putting in place systems and controls to prevent the occurrence of these risks. In our pursuit of business, we run the risk of inadvertently offering our financial products and services ignoring customer suitability and appropriateness despite having a Board approved customer suitability policy and associated processes in place. To the extent the Company fails to fully comply with applicable laws and regulations, the relevant government agencies to which the Company reports have the power and authority to impose fines and other penalties. In addition, the Company's business and reputation could suffer if customers use the Company for money-laundering or illegal or improper purposes. Any potential penalties or liabilities imposed by the relevant regulators on such matters may adversely affect the Company's financial condition and results of operations.

43. *We may not be able to adequately protect our trademarks.*

Our trademark "ICL FINCORP" is registered with the Registrar of Trademarks in India with a validity till February 5, 2030. Any use of "ICL FINCORP" or similar trade names by third parties may result in loss of our business to such third parties and any potential negative publicity relating to such third parties may adversely affect our reputation, the goodwill of our brand and business prospects.

Any unauthorized or inappropriate use of our brand, trademarks and domain names by others, in their corporate names or product brands or otherwise could harm our brand image, competitive advantages and business and dilute or harm our reputation and brand recognition. If a dispute arises with respect to any of our intellectual property rights or proprietary information, we will be required to produce evidence to defend or enforce our claims, and we may become party to litigation, which may strain our resources and divert the attention of our management. We cannot assure you that any infringement claims that are material will not arise in the future or that we will be successful in defending any such claims when they arise.

Our efforts to protect our intellectual property or proprietary information and the measures we take to identify potential infringement of our intellectual property may not be adequate to detect or prevent infringement, misappropriation or unauthorized use. Any such misappropriation or duplication of our name, registered/ official addresses, corporate logos or other intellectual property or proprietary information may disrupt our business, distract management and employees, reduce revenues and increase expenses.

44. *We continue to be controlled by our Promoter and they will continue to have the ability to exercise significant control over us. We cannot assure you that exercise of control by our Promoter will always favour our best interest.*

Our Promoters hold 47.80% of our total outstanding paid-up Equity Shares as on the date of this Prospectus. Our Promoter exercise significant control over us, including being able to control the composition of our Board and determine matters requiring shareholder approval or approval of our Board. Our Promoter may take or block actions with respect to our business, which may conflict with our interests. By exercising their control, our Promoter could delay, defer or cause a change of our control or a change in our capital structure, delay, defer or cause a merger, consolidation, takeover or other business combination involving us, discourage or encourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us which may not favour our best interest.

45. *Our business and activities may be regulated by the Competition Act, 2002.*

The Competition Act, 2002 (the “**Competition Act**”) seeks to prevent business practices that have a material adverse effect on competition in India. Under the Competition Act, any arrangement, understanding or action in concert between enterprises, whether formal or informal, which causes or is likely to cause a material adverse effect on competition in India is void and attracts substantial monetary penalties. Any agreement that directly or indirectly determines purchase or sale prices, limits or controls production, shares the market by way of geographical area, market, or number of customers in the market is presumed to have a material adverse effect on competition. Provisions of the Competition Act relating to the regulation of certain acquisitions, mergers or amalgamations which have a material adverse effect on competition and regulations with respect to notification requirements for such combinations came into force on June 1, 2011. The effect of the Competition Act on the business environment in India is unclear. If we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the Competition Commission of India, or any adverse publicity that may be generated due to scrutiny or prosecution by the Competition Commission of India, it may have a material adverse effect on our business, prospects, results of operations, cash flows and financial condition.

46. *The bankruptcy code in India may affect our rights to recover loans from borrowers.*

The Insolvency and Bankruptcy Code, 2016 (“**Bankruptcy Code**”) was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process. In case insolvency proceedings are initiated against a debtor to our Company, we may not have complete control over the recovery of amounts due to us. Under the Bankruptcy Code, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. Bankruptcy Code provides a 180-day timeline which may be extended by 90 days when dealing with insolvency resolution applications. Subsequently, the insolvency resolution plan prepared by the insolvency professionals has to be approved by 66% of voting share of financial creditors, which requires sanction by the adjudicating authority and, if rejected, the adjudicating authority will pass an order for liquidation. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it. In case a liquidation process is opted for, the Bankruptcy Code provides for a fixed order of priority in which proceeds from the sale of the debtor’s assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes, debts owed to workmen and other employees rank at par with those owed to secured creditors, and thereafter the debts owed to unsecured creditors shall be paid. Further, under this process, dues owed to the Central and State Governments rank at par with those owed to secured creditors for any amount unpaid following the separate enforcement of security interest. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realise their security interests in priority. Accordingly, if the provisions of the Bankruptcy Code are invoked against any of the borrowers of our Company, it may affect our Company’s ability to recover our loans from the borrowers and enforcement of our Company’s rights will be subject to the Bankruptcy Code.

Further, the GoI vide notification dated March 24, 2020 (“**Notification**”) has amended section 4 of the Bankruptcy Code due the lingering impact of the COVID-19 pandemic. Pursuant to the said Notification, GoI has increased the minimum amount of default under the insolvency matters from ₹1,00,000 to ₹1,00,00,000. Therefore, the ability of our Company to initiate insolvency proceedings against the defaulters where the amount of default in an insolvency matter is less than ₹1,00,00,000 may impact the recovery of outstanding loans and profitability of our Company.

47. Some of our secretarial records are not traceable.

The secretarial records for certain past allotments of Equity Shares and Increase in Authorised Equity Share Capital made by our Company, and changes in relation to the name of our Company, could not be traced as the relevant information was not available in the records maintained by our Company, at the MCA Portal maintained by the Ministry of Corporate Affairs and the RoC, despite conducting searches.

While no legal proceedings or regulatory actions have been initiated against our Company in relation to untraceable secretarial and other corporate records and documents as of the date of this Prospectus, we cannot assure you that such legal proceedings or regulatory actions will not be initiated against our Company in future.

48. Our Company and Subsidiary are subject to certain legal proceedings and any adverse decision in such proceedings may have a material adverse effect on our business, financial condition and results of operations.

Our Company and our Subsidiary are subject to certain legal proceedings including civil suits, statutory and regulatory proceedings, recovery proceedings etc. We incur cost in defending these proceedings before a court of law. Moreover, we are unable to assure you that we shall be successful in any or all of these actions. In the event we suffer any adverse order, our reputation may suffer and may have an adverse impact on our business and results of operations. Further, our Company and the Subsidiary has initiated certain criminal proceeding against few of our employees and third parties in relation to our business operations. Any adverse decision in such proceedings may have a material adverse effect on our business and results of operations.

A summary of the outstanding proceedings involving our Company, Subsidiaries, Directors, Promoter and Group Companies in accordance with requirements under the SEBI NCS Regulations, as disclosed in this Prospectus, to the extent quantifiable, have been set out below:

Risks Pertaining to this Issue

49. Changes in interest rates may affect the price of our NCDs which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.

All securities where a fixed rate of interest is offered, such as our NCDs, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e., when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.

50. Statistical and industry data in this document is derived from the ICRA Reports commissioned by us for such purpose. The ICRA Reports are not exhaustive and are based on certain assumptions, parameters and conditions. The data and statistics in the ICRA Reports may be inaccurate, incomplete or unreliable.

This document includes information that is derived from the reports titled “Non-Banking Financial Companies- Adequate capitalization to support risk profile of NBFCs amidst asset quality issues” dated January 2025, and “Indian Economy - FY2026 GDP growth forecast of 6.5% to be supported by domestic drivers, even as risks linger around US tariffs” dated March 2025, each prepared and issued by ICRA Limited, each prepared and issued by ICRA Limited. ICRA Limited is not in any manner related to us, our Directors or our Promoters. The ICRA Report is subject to various limitations and is based on certain subjective assumptions. While we have taken reasonable care in the reproduction of the information from the ICRA Report, neither our Company nor the Lead Manager nor any of our or their respective affiliates or advisors or any other person connected with the Issue has independently verified data and statistics obtained from the ICRA Report. While we have no reason to believe the data and statistics in the ICRA Report are incorrect, we cannot assure you that they are accurate, complete or reliable and, therefore, we make no representation or warranty, express or implied, as to the accuracy, completeness or reliability of such data or statistics. Therefore, discussions of matters relating to India, its economy and the industry in which we currently operate are subject to the caveat that the data and statistics upon which such discussions are based may be inaccurate, incomplete or unreliable. Further, there can be no assurance that such data and statistics are stated or compiled on the same basis or with the same degree of accuracy as may be the case in other reports. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this document.

- 51. *You may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay in recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose us to a potential loss.***

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors inter alia including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all.

Further, in case of NCDs, although our Company will create appropriate security in favour of the Debenture Trustee to the Issue for the Debenture Holders for the NCDs on the assets adequate to ensure 100.00% security cover on the outstanding amounts of the NCDs and interest thereon, the realisable value of the secured assets may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs. A failure or delay in recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose debenture holders to a potential loss.

- 52. *There is no assurance that the NCDs issued pursuant to this Issue will be listed on BSE Limited in a timely manner, or at all.***

In accordance with Indian law and practice, permission for listing and trading of the NCDs issued pursuant to this Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents authorising the issue of NCDs to be submitted. There could be a failure or delay in listing the NCDs in BSE.

- 53. *There may be no active market for the NCDs on the retail debt market/capital market segment of the BSE. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.***

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The liquidity and market prices of the NCDs can be expected to vary with changes in market and economic conditions, our financial condition and prospects and other factors that generally influence market price of NCDs. The market price of the NCDs would depend on various factors *inter alia* including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market for listed debt securities, (iii) general economic conditions, and (iv) our financial performance, growth prospects and results of operations, (v) the market price of our Equity Shares and (vi) limited and sporadic trading. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

- 54. *Our Company may raise further borrowings and charge its assets after receipt of necessary consents from its existing lenders. In such a scenario, the Debenture Holders holding NCDs will rank pari passu with other secured***

creditors and to that extent, may reduce the amounts recoverable by the Debenture Holders upon our Company's bankruptcy, winding up or liquidation.

Our Company may, subject to receipt of all necessary consents from its existing lenders and the Debenture Trustee to the Issue, raise further borrowings and charge its assets. Our Company is free to decide the nature of security that may be provided for future borrowings. In such a scenario, the Debenture Holders holding NCDs will rank pari passu with other creditors and to that extent, may reduce the amounts recoverable by the Debenture Holders upon our Company's bankruptcy, winding up or liquidation.

- 55. Payments to be made on the NCDs are subordinated to certain taxes and other liabilities preferred by law. In the event of bankruptcy, liquidation or winding up, there may not be sufficient assets of our Company remaining, to pay amounts due on the NCDs.***

The NCDs will be subordinated to certain liabilities preferred by law such as the claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of our business. In particular, in the event of bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to the NCDs have been paid as per Section 327 of the Companies Act, 2013 or Section 53 of the Insolvency and Bankruptcy Code, 2016, as the case maybe. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts, due on the NCDs.

- 56. We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and the NBFC, gold loan industry, Personal Loan industry and MSME Loan industry contained in this Prospectus.***

While facts and other statistics in this Prospectus relating to India, the Indian economy as well as the gold loan industry have been based on various publications and reports from agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials, particularly since there is limited publicly available information specific to the gold loan industry, personal loan industry and MSME loan industry. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics, the same have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled "Industry Overview" beginning on page 65. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

- 57. The Issuer, being a NBFC is not required to maintain a debenture redemption reserve ("DRR").***

Pursuant to a Ministry of Corporate Affairs notification dated August 16, 2019 amending Section 71 of the Companies Act, 2013 and Rule 18 (7) of the Companies (Share Capital and Debentures) Rules, 2014, an NBFC is not required to maintain DRR for debentures issued through a public issue. Hence, investors shall not have the benefit of reserve funds to cover the re-payment of the principal and interest on the NCDs.

- 58. The fund requirement and deployment mentioned in the Objects of the Issue have not been appraised by any bank or financial institution.***

We intend to use the proceeds of the Issue, after meeting the expenditures of and related to the Issue, for the purpose of onward lending, financing and for repayment of interest and principal of existing borrowings of our Company. For further details, see "Objects of the Issue" beginning on page 53. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. The management will have significant flexibility in applying the proceeds received by us from the Issue. Further, according to the provisions of the SEBI NCS Regulations, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for this Issue.

External Risk Factors

- 59. Financial difficulties and other problems in certain financial institutions in India could cause our business to suffer and adversely affect our results of operations.***

We are exposed to the risks of the Indian financial system, which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. Certain Indian financial institutions have experienced difficulties during recent years. Some co-operative banks (which tend to operate in rural sector) have also faced serious financial and liquidity crises. There has been a trend towards consolidation with weaker banks, NBFCs and HFCs being merged with stronger entities. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions, banks and NBFCs. This in turn could adversely affect our business, our future financial performance, our shareholders' funds and the market price of our NCDs.

60. *Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.*

Terrorist attacks and other acts of violence or war may negatively affect our business and may also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence. In addition, any deterioration in relations between India and its neighbouring countries might result in investor concern about stability in the region, which could adversely affect our business.

India has also witnessed civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our NCDs.

61. *Natural calamities could have a negative impact on the Indian economy, particularly the agriculture sector, and cause our business to suffer.*

India has experienced natural calamities such as earthquakes, tsunamis, floods and drought in the past few years. The extent and severity of these natural disasters determines their impact on the Indian economy. Further, prolonged spells of below normal rainfall or other natural calamities could have a negative impact on the Indian economy thereby, adversely affecting our business.

62. *Instability of economic policies and the political situation in India could adversely affect the fortunes of the industry.*

There is no assurance that the liberalisation policies of the government will continue in the future. Protests against privatization could slow down the pace of liberalisation and deregulation. The Government of India plays an important role by regulating the policies and regulations that govern the private sector. The current economic policies of the government may change at a later date. The pace of economic liberalisation could change and specific laws and policies affecting the industry and other policies affecting investments in our Company's business could change as well. A significant change in India's economic liberalisation and deregulation policies could disrupt business and economic conditions in India and thereby affect our Company's business.

Unstable domestic as well as international political environment could impact the economic performance in the short term as well as the long term. The Government of India has pursued the economic liberalisation policies including relaxing restrictions on the private sector over the past several years. The present Government has also announced policies and taken initiatives that support continued economic liberalisation.

The Government has traditionally exercised and continues to exercise a significant influence over many aspects of the Indian economy. Our Company's business may be affected not only by changes in interest rates, changes in Government policy, taxation, social and civil unrest but also by other political, economic or other developments in or affecting India.

63. *We may be adversely affected by increase in taxes and duties.*

Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, goods and service tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. Taxes and duties, including those taxes and duties on certain types of trade transactions and industries affecting the movement and transportation of goods in India, may affect our business, financial condition and results of operations. There can be no assurance that the current levels of taxes, tariffs and duties will not increase in the future, or that State Governments will not introduce

additional levies, each of which may result in increased operating costs and lower income. To the extent additional levies are imposed, there can be no assurance that we will be able to pass such cost increases on to our customers.

64. *Significant fluctuations in exchange rates between the Rupee and foreign currencies may have an adverse effect on our results of operations.*

Our results of operations may be adversely affected if the Indian rupee fluctuates significantly against foreign currencies or if our hedging strategy is unsuccessful. To the extent that our income and expenditures are not denominated in Indian rupees, despite us entering into foreign exchange hedging contracts from time to time, exchange rate fluctuations could affect the amount of income and expenditure we recognise. In addition, the policies of RBI may also change from time to time, which may limit our ability to hedge our foreign currency exposures adequately.

65. *If more stringent labour laws or other industry standards in the jurisdictions in which we operate become applicable to us, our profitability may be adversely affected.*

We are subject to a number of stringent labour laws and restrictive contractual covenants related to levels of employment. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for dispute resolution and employee removal, payment of overtime to employees and legislation that imposes financial obligations on employers upon retrenchment. In the future, if we are also required to supply manpower as part of our services, we shall incur additional cost in addition to be exposed to other labour legislation. If labour laws become more stringent or are more strictly enforced, it may become difficult for us to maintain flexible human resource policies, discharge employees or downsize, any of which could adversely affect our business, results of operations, financial condition and cash flows.

66. *Any downgrading of India's sovereign rating by an international rating agency(ies) may affect our business and our liquidity to a great extent.*

Any adverse revision to India's credit rating for domestic and international debt by international rating agencies may adversely impact our ability to raise additional finances at favourable interest rates and other commercial terms. This could have an adverse effect on our growth, financial performance and our operations. Instances of corruption in India have the potential to discourage investors and derail the growth prospects of the Indian economy. Corruption creates economic and regulatory uncertainty and could have an adverse effect on our business, profitability and results of operations. The Indian economy has had sustained periods of high inflation. Should inflation continue to increase sharply, our profitability and results of operations may be adversely impacted. High rates of inflation in India could increase our employee costs which could have an adverse effect on our profitability and results of operations.

67. *A decline in India's foreign exchange reserves may affect liquidity and interest rates in the Indian economy, which could adversely impact our financial condition.*

A decline in India's foreign exchange reserves could impact the valuation of the Rupee and could result in reduced liquidity and higher interest rates which could adversely affect our financial condition.

68. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business.

There can be no assurance that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the jurisdictions in which we operate may have a material adverse effect on our business, financial condition and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. If such tax laws, rules and regulations are amended, new adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, the results could increase our tax payments (prospectively or retrospectively) and/or subject us to penalties. Further, changes in capital gains tax or tax on capital market transactions or sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable.

SECTION III – INTRODUCTION

GENERAL INFORMATION

Our Company was originally incorporated on December 9, 1991 as a public limited company under the provisions of the Companies Act, 1956 as Jawahar Finance Limited and received a certificate of incorporation dated December 9, 1991 and a certificate of commencement of business dated February 20, 1992. Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

“Any person who —

- a. makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- b. makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- c. otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under Section 447.”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹ 1,000 thousand or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹ 1,000 thousand or 1.00% of the

turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹ 5,000 thousand or with both.

Recovery Expense Fund

Our Company will transfer the required amount towards recovery expense fund in the manner as specified by SEBI in SEBI Master Circular for Debenture Trustees as amended from time to time and Regulation 11 of SEBI NCS Regulations with the Designated Stock Exchange and have informed the Debenture Trustee regarding the creation of such fund. The Recovery expense fund may be utilized by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, and the Applicable Laws, for taking appropriate legal action to enforce the security.

Settlement Guarantee Fund

Our Company will deposit amounts in the settlement guarantee fund, as applicable, in the manner as specified in the SEBI Master Circular. This fund has been created under the SEBI Master Circular to ensure upfront collection of charges from eligible issuers at the time of allotment of debt securities.

Minimum subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size i.e., ₹3,75,000 thousand. If our Company does not receive the minimum subscription of 75% of Base Issue Size, prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 Working Days from the Issue Closing Date or such time as may be specified by SEBI provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within 8 Working Days from the Issue Closing Date, failing which our Company will become liable to refund the Application Amount along with interest at the rate of 15 (fifteen) percent per annum for the delayed period. Under Section 39(3) of the Companies Act, 2013 and Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard including the RTA Master Circular.

IMPLICATIONS UNDER THE INCOME-TAX ACT, 1961 (‘I.T. ACT’)

I. TO THE RESIDENT DEBENTURE HOLDER (“RESIDENT AS DEFINED UNDER SECTION 6 OF THE INCOME TAX ACT, 1961

A. In Respect of Interest on Debentures (NCD)

1. Interest on NCD received by Debenture Holders would be subject to income tax at the normal rates of tax in accordance with and subject to the provisions of the Income Tax Act, 1961. Interest will be assessed to Income tax on receipt basis or mercantile basis (accrual basis) depending on the method of accounting regularly employed by the NCD holder under Section 145 of the Income Tax Act, 1961.
2. Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest is paid by a company in which the public is substantially interested if the amount of interest paid to such person does not exceed Ten thousand rupees in a financial year and interest is paid by way of account payee cheque).
3. Tax will be deducted at source at reduced rate or no tax will be deducted at source in the following cases:
 - a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the I.T. Act; and that certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest.
 - b) (i) When the resident Debenture Holder with Permanent Account Number (‘PAN’) (not being a company or a firm) submits a declaration as per the provisions of Section 197A(1A) of the I.T. Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under Section 197A(1B) of the I.T. Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in Section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax.

(ii) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of Section 197A(1C) of the I.T. Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL.

(iii) In all other situations, tax would be deducted at source as per prevailing provisions of the I.T. Act. Form No.15G with PAN / Form No.15H with PAN / Certificate issued u/s 197(1) has to be filed with

the Company before the prescribed date of closure of books for payment of debenture interest without any withholding tax.

B. In respect of Capital Gains

1. Long Term Capital Gain

Under Section 2(29AA) read with section 2(42A) of the IT Act, listed Debentures held as Capital Asset as defined under section 2(14) of the IT Act is treated as long term capital asset if it is held for more than 12 Months. Debentures held as capital asset for a period of 12 Months or less will be treated as short term capital asset.

As per Section 112 of the IT Act, Capital Gains arising on transfer of long term capital assets being listed debentures are subject to tax at the rate of 12.5% (plus applicable surcharge and health education cess) on the capital gains calculated without indexing the cost of acquisition.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

2. Short Term Capital Gain

Listed Debentures held as capital asset under Section 2(14) of the Income Tax Act, 1961 for a period of not more than 12 months would be treated as Short term capital asset under Section 2(42A) of the Income Tax Act, 1961. Short Term Capital Gains on transfer of NCD will be taxed at the normal rates of tax in accordance with the provisions of the Income tax Act, 1961. The provisions relating to maximum amount not chargeable to tax would apply to short term capital gains.

3. Capital loss on transfer of Debentures

As per Section 74 of the I.T. Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be setoff only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

4. Exemption available for Individuals and HUF for Long Term Capital gains U/s 54F of the Income Tax Act, 1961

As per the provisions of Section 54F of the I.T. Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein. (With effect from 01-04-2023 any amount in excess of Rs. 10 Crores for purchase of the new residential house will be ignored for working out the exemption)

C. In respect of Business Income

In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII which is notified by the Ministry of Finance, Government

of India under Section 145(2) of the Income Tax Act, 1961. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank and Public Financial Institutions, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

D. Debentures Received as gift without consideration or inadequate consideration

As per section 56(2)(x) of the Income Tax Act, 1961, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/-the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the Income Tax Act, 1961. There is no gift tax for the Donor of the Debentures

II. TO THE NON-RESIDENT DEBENTURE HOLDER

III. TO THE FOREIGN INSTITUTIONAL INVESTORS/ FOREIGN PORTFOLIO INVESTORS (FIIs/ FPIs)

1. As per Section 2(14)(b) of the I. T. Act, any securities held by FIIs which has invested in such securities in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992, shall be treated as capital assets. Accordingly, any gains arising from transfer of such securities shall be chargeable to tax in the hands of FIIs as capital gains.
2. In accordance with and subject to the provisions of Section 115AD of the I. T. Act, long term capital gains on transfer of debentures by FIIs are taxable at 10% (plus applicable surcharge and cess) and short-term capital gains are taxable at 30% (plus applicable surcharge and cess). The benefit of cost indexation will not be available. Further, benefit of provisions of the first proviso of Section 48 of the I. T. Act will not apply.
3. Interest on NCD may be eligible for concessional tax rate of 5% (plus applicable surcharge and health and education cess) for interest referred under Section 194LD.
4. Further, in case where section 194LD is not applicable, the interest income earned by FIIs/FPIs should be chargeable to tax at the rate of 20% under section 115AD of the IT Act. Tax shall be deducted u/s. 196D of the IT Act on such income at 20%. Where DTAA is applicable to the payee, the rate of tax deduction shall be lower of rate as per DTAA or 20%, subject to the conditions prescribed therein.
5. Section 194LD in the I.T. Act provides for lower rate of withholding tax at the rate of 5% on payment by way of interest paid by an Indian Company to FIIs and Qualified Foreign Investor in respect of rupee denominated bond of an Indian Company between June 1, 2013 and July 1, 2023 provided such rate does not exceed the rate as may be notified by the Government.
6. The income tax deducted shall be increased by applicable surcharge and health and education cess.
7. In accordance with and subject to the provisions of Section 196D(2) of the I.T. Act, no deduction of tax at source is applicable in respect of capital gains arising on the transfer of debentures by FIIs referred to in section 115AD.
8. The CBDT has issued a Notification No. 9 dated 22 January 2014 which provides that Foreign Portfolio Investors (FPI) registered under SEBI (Foreign Portfolio Investors) Regulations, 2014 shall be treated as FII for the purpose of Section 115AD of the I.T. Act.

IV. TO MUTUAL FUNDS

All mutual funds registered under Securities and Exchange Board of India or set up by public sector banks or public financial institutions or authorized by the Reserve Bank of India are exempt from tax on all their income, including income from investment in Debentures under the provisions of Section 10 (23D) of the I. T. Act in accordance with the provisions contained therein. Further, as per the provisions of section 196 of the I. T. Act, no deduction of tax shall be made by any person from any sums payable to mutual funds specified under Section 10(23D) of the I. T. Act, where such sum is payable to it by way of interest or dividend in respect of any securities or shares owned by it or in which it has full beneficial interest, or any other income accruing or arising to it.

V. TO SPECIFIED FUNDS (“SPECIFIED FUND” AS DEFINED UNDER SECTION 10(4D) OF THE IT ACT)

The income of Specified Funds is taxable for the year beginning April 1, 2020, to the extent attributable to units held by non-resident (not being a permanent establishment of a non-resident in India), and in accordance with and subject to the provisions of Section 115AD of the I.T. Act, as under:

- a) The interest income earned are chargeable to tax at the rate of 10%
- b) Long term capital gains on transfer of debentures to the specified extent are taxable at 10% (benefit of provisions of the first proviso of section 48 of the I. T. Act will not apply); and
- c) Short-term capital gains are taxable at 30%.

Further, where any income in respect of NCD is payable to Specified Funds, tax shall be deducted at the rate of 10% on the income other than exempt under section 10(4D) with effect from November 1, 2020 as per Section 196D of the IT Act.

The income tax deducted shall be increased by applicable surcharge and health and education cess.

VI. REQUIREMENTS TO FURNISH PAN/FILING OF RETURNS UNDER THE I. T. ACT

1. SEC. 139A (5A)

Section 139A (5A) requires every person from whom income tax has been deducted at source under chapter XVII – B of the I. T. Act to furnish his PAN to the person responsible for deduction of tax at source.

2. SEC. 206AA

a) Section 206AA of the I. T. Act requires every person entitled to receive any sum, on which tax is deductible under Chapter XVIIB ('deductee') to furnish his PAN to the deductor, failing which tax shall be deducted at the higher of the following rates:

- (i) at the rate specified in the relevant provision of the I. T. Act; or
- (ii) at the rate or rates in force; or
- (iii) at the rate of twenty per cent

b) A declaration under Section 197A (1) or 197A (1A) or 197A (1C) shall not be valid unless the person furnishes his PAN in such declaration and the deductor is required to deduct tax as per Para (a) above in such a case.

c) Where a wrong PAN is provided, it will be regarded as non-furnishing of PAN and Para (a) above will apply.

d) As per Rule 37BC, the higher rate under section 206AA shall not apply to a non-resident, not being a company, or to a foreign company, in respect of payment of interest, if the non-resident deductee furnishes the prescribed details inter alia TRC and Tax Identification Number (TIN).

3. SEC. 206AB

Further, the Finance Act, 2021 inserted new section for punitive withholding tax rate for non-filers of return of income with effect from 1 July 2021 as per which payments made to the specified persons will be subject to TDS at higher of twice the applicable rate or 5% in respect of all TDS/TCS provisions except for specific exclusions.

NOTES FORMING PART OF STATEMENT OF TAX BENEFITS

1. The above Statement sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of debenture/bonds.
2. The above statement covers only certain relevant benefits under the Income Tax Act, 1961 and does not cover benefits under any other law.
3. The above statement of possible tax benefits is as per the current direct tax laws relevant for the Assessment Year 2026-27 (Financial year 2025-26) and taking into account the amendments made by the Finance Act, 2025.
4. This statement is intended only to provide general information to the Debenture Holders and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each debenture Holder is advised to consult his/her/its own tax advisor with respect to specific consequences of his/her/its holding in the debentures of the Company.

5. Several of the above tax benefits are dependent on the debenture holders fulfilling the conditions prescribed under the relevant tax laws and subject to Chapter X and Chapter XA of the Act.
6. The stated benefits will be available only to the sole/ first named holder in case the debenture is held by joint holders.
7. In respect of non-residents, the tax rates and consequent taxation mentioned above will be further subject to any benefits available under the relevant tax treaty, if any, between India and the country in which the non-resident has fiscal domicile.
8. In respect of non-residents, taxes paid in India could be claimed as a credit in accordance with the provisions of the relevant tax treaty and applicable domestic tax law.

An Overview of Indian Economy

Economic activity is expected to improve in Q4 FY2025, even as GDP growth is set to undershoot the National Statistical Office’s (NSO) implicit assumption of 7.6% for the quarter. Looking ahead, the growth outlook for FY2026 appears favourable as far as domestic consumption (boost from income tax relief, rate cuts, and lower food inflation) and investment (support from Government capex and housing demand) are concerned, although risks linger on account of protectionist trade policies across the world, sluggish external demand and a sustained weakening in USD/INR pair. ICRA projects the GDP and GVA growth at 6.5% and 6.3%, respectively, in FY2026 with a baseline assumption of a normal monsoon and limited impact of US tariffs on India’s trade flows. The CPI inflation is anticipated to ease to 4.2% in FY2026 from 4.7% estimated in FY2025, owing to a cooling in food items. After the benign CPI inflation print for February 2025, the odds of a back-to-back rate cut of 25 bps in the April 2025 policy have risen. Thereafter, the Q4 FY2025 GDP print will be key to assess the timing of another rate cut either in the June or August 2025 policy meetings, assuming that inflation moves in line with the Monetary Policy Committee’s (MPC) projected trajectory. At present, India’s current account deficit (CAD)/GDP ratio is projected to rise to 1.0% in FY2026 from 0.8% in FY2025, with uncertainty around severity of US tariffs posing risks to our estimate.

GDP projected to grow by 6.5% in FY2026; headwinds from external trade policies and volatile exchange rate poses downside risks.

The expansion in the GoI’s capital expenditure is likely to support the investment activity and drive the demand for construction inputs, although early articulation of new schemes and details on tied portion of 50Y interest free capex loans to states remains crucial for an early ramp up of capex. While the outlook for residential investment appears healthier, the corporate capex may remain measured amid heightened uncertainty around trade policies and external demand. Additionally, the sizeable income tax relief, lower interest rates, and a dip in food inflation would augment urban demand and could mitigate the looming downside risks stemming from the burgeoning global headwinds and potential spillovers of excessive volatility in financial markets. Besides, rural demand is likely to sustain its uptrend in the near term, although a normal, well distributed monsoon in 2025 is key to protect farm sentiments and incomes beyond H1 CY2025. ICRA estimates the GDP to grow by 6.5% in FY2026 (vs. +6.3% expected in FY2025) and GVA at basic prices at 6.3% (+6.3% in FY2025). Nevertheless, the impact of sustained exchange rate depreciation on profitability of some corporates and headwinds related to tighter trade policies pose key downside risks to the outlook.

Construction GVA and GFCF growth slowed in Q3 FY2025, despite uptick in GoI capex; project proposals remained healthy, while trailing the Q2 levels.

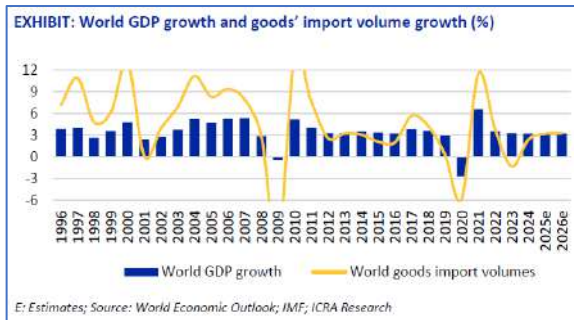

The YoY growth in gross fixed capital formation (GFCF) eased marginally to 5.7% in Q3 FY2025 (+9.3% in Q3 FY2024) from 5.8% in Q2 FY2025 (+11.7% in Q2 FY2024), in line with the moderation in construction GVA growth (to +7.0% from +8.7%). However, this was at odds with the uptick in the high frequency indicators such as the output of capital goods (to +7.3% in Q3 from +4.9% in Q2) and infrastructure/construction goods (to +6.7% from +3.9%), engineering goods' exports (to +20.1% from +6.5%), GoI's capex (to +47.7% from +10.3%) and the capital outlay and net lending of 24 states (to +9.9% from +7.0%).

New project announcements remained healthy at Rs. 8.4 trillion in Q3 FY2025, lower than the levels seen in Q2 FY2025 (Rs. 9.3 trillion), albeit similar to the levels seen in Q3 FY2024 (Rs. 8.4 trillion). However, the number of new proposals dipped sharply to 765 in Q3 FY2025 from 1,213 in Q2 FY2025 and was also much lower than the average of 1,350 new project announcements seen during Q3 FY2016-24. This implies that the average ticket size of projects rose in Q3 FY2025. Project completions remained lacklustre in Q3 FY2025, even as they rose marginally to Rs. 1.3 trillion from Rs. 1.2 trillion in Q2 FY2025, while trailing the historical average of Rs. 1.4 trillion seen during FY2012-2024.

External demand to remain sluggish in FY2026, with outlook clouded by risks of potential trade war and redirection of trade flows.

As per its World Economic Outlook report released in January 2025, the IMF expects the world output growth to pick

up marginally from 3.2% in CY2024 to 3.3% in CY2025 and maintain this pace in CY2026. Additionally, the world goods' import volume growth is expected to improve from 2.4% in CY2024 to 3.2% in CY2025 (3.3% in CY2026) but remain much lower than the average growth of 7.1% seen during 1990-2008, amid rising trade protectionism. The contribution of exports to the real GDP expansion of 9.2% stood at just 0.5 pp in FY2024 (at three-year low), much lower than the level seen in FY2022-2023.

In FY2025 SAE, the NSO has penciled in a contribution of 1.5 pp in the GDP growth forecast of 6.5% for the fiscal. As per the IMF's expectations, protectionist trade policies as well as the intensification of geopolitical tensions could exacerbate trade tensions and disrupt supply chains, thereby posing a considerable downside risk to global growth. This could adversely impact India's merchandise exports in the upcoming fiscal, even as the impact of rate cuts in advanced economies could boost demand for such exports to some extent.

Uptick in GoI's capex growth in FY2026 BE augurs well for investment activity; slower growth in non-interest non-subsidy revex to weigh on GFCE/PADOS

The GoI has placed the target for gross capital expenditure at Rs. 11.2 trillion in FY2026 BE (ICRA's exp.: Rs. 11 trillion), implying a growth of 10.1% from the Rs. 10.2 trillion in FY2025 RE. This comes on the back of a modest 7.3% rise in FY2025 RE, with capex in H1 FY2025 tempered by factors such as the General Elections, and heavy rains. Notably, this translates to 3.1% of GDP in FY2026 BE, in line with the levels seen in FY2025 RE, while trailing the 3.2% of GDP recorded in FY2024 Actuals. Moreover, the ~17% YoY uptick in the GoI's effective capex in FY2026 BE and higher outlay towards the 50Y interest-free capex loan to state governments is likely to augur well for construction activity and GDP growth, even as early execution remains key. Additionally, the budgets of 12 states[^] released so far have indicated a healthy growth of 17.5% in their combined capital expenditure to Rs. 8.1 trillion in FY2026 (+21.5% in FY2025 RE). However, the slowdown in the YoY growth of the GoI's non-interest non-subsidy revex (to +5.0% in FY2026 BE from +7.9% in FY2025 RE) and revex of 12 state governments (to +11.6% from +16.3%) in FY2026 BE vs. FY2025 RE, is expected to weigh on the government expenditure (GFCE) growth on the expenditure side and the public administration, defence, and other services (PADOS) growth on the production side in FY2026.

Exchange rate volatility, protectionist trade policies could affect profitability of certain sectors, disrupt shipping timelines, and push up freight costs

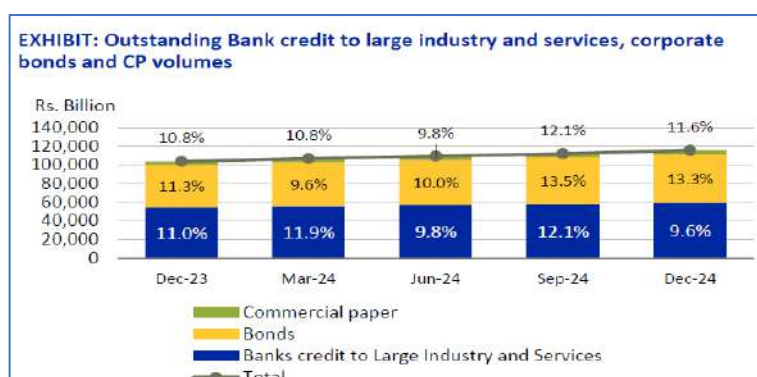

The USD/INR pair has been quite volatile in the ongoing financial year, recording a depreciation of 3.1% in FY2025 so far (as on March 21, 2025), against 1.5% in FY2024. This may lead to higher borrowing costs and also impact profitability of India Inc. Notably, the depreciation of the USD/INR pair is likely to negatively impact sectors like chemicals, aviation margins, owing to the higher portion of input cost to be paid in USD terms¹. Additionally, USA's share in India's merchandise exports stood at ~18% in FY2024; such exports are significant for many sectors like agricultural products, textile, chemicals, metals, jewellery, pharma, etc. These segments remain particularly vulnerable to the external headwinds arising from protectionist trade policies imposed by the US as well as exchange rate volatility². Nevertheless, India's REER (export-based weights-40 countries) fell by 5.1% in February 2025 over November 2024, auguring well for export competitiveness, if this trend continues. Global commodity prices, as measured by Bloomberg Commodity Index, have witnessed a mild moderation in March 2025 (till March 21), declining by 0.8% sequentially. While the Index has risen by 6.4% in YoY terms during March 1-21, it is trending lower than the 9.3% uptick seen in February 2025. Although the Containerized Freight Index (Shanghai Shipping Exchange Shanghai: Export) is within controlled levels, a trade war and associated supply disruptions could push up freight costs and thereby affect exports.

Growth in total financing eased marginally to 11.6% at end-December 2024; trade war, exchange rate volatility to adversely impact FII flows

The YoY growth in total financing* eased marginally to 11.6% at end-December 2024 from 12.1% at end-September 2024, while exceeding the 10.8% expansion seen at end-December 2023. The QoQ deterioration was driven by the moderation in the growth of outstanding bank credit to large industry and services (to a 10-quarter low +9.6% at end-December 2024 from +12.1% at end-September 2024) and corporate bonds (to +13.3% from +13.5%) at end-December 2024, even as outstanding CP issuances

reverted to a YoY expansion after a gap of two quarters (to a 23-quarter high +19.7% from -3.6%). In YoY terms, while the pace of expansion for bank credit to large industry at end-December 2024 trailed the year-ago levels, that for outstanding corporate bonds and CPs exceeded the levels seen at end-December 2023.

ECB approvals up by ~22% YoY during 10M FY2025; likely to remain muted in February-March 2025 amid volatility in global financial markets.

The gross ECB approvals have risen sharply by 21.7% YoY to \$47.3 billion in 10M FY2025 from \$38.9 billion in 10M FY2024. Moreover, the approvals during 10M FY2025 were much higher than the average of \$24.7 billion seen in 10M of FY2014-23. Notably, on-lending/sub-lending (44% of total or \$20.7 billion), refinancing for earlier ECBs (17% or \$8.0 billion), and new projects (8% or \$3.8 billion) accounted for ~69% of the gross ECB approval amount in 10M FY2025. Nevertheless, after surging to an average of \$6.0 billion/month in Q3 FY2025 (Q1: \$3.7 billion; Q2: \$4.8 billion), gross ECB approvals have moderated slightly to \$4.0 billion in January 2025, amid elevated volatility in global financial markets. This was led by the moderation in approvals for new project (to \$0.1 billion in January 2025 from an average of \$0.2 billion/month in Q3 FY2025), working capital (to \$0.1 billion from \$0.5 billion), modernization (to \$0.04 billion from \$0.2 billion), import of capital goods (to \$0.1 billion from \$0.3 billion), and rupee expenditure on local goods (to \$0.3 billion from \$0.4 billion). With deeper rate cuts in some of the advanced economies relative to India so far, the cost of overseas borrowing vis-à-vis domestic borrowing is likely to turn more favourable, which may support ECB approvals. However, the sharp depreciation in the exchange rate could push up hedging costs, thereby partly offsetting the cost benefits. Overall, ICRA expects the ECB approvals to remain steady at \$45-55 billion in FY2025 (\$48.8 billion in FY2024).

Overall sectoral growth to be around 13-15% in FY2025 and FY2026

The AUM growth for the NBFC sector is expected to moderate to 13-15% in FY2025 and continue at similar levels in FY2026, with the reduction in growth largely emerging from the NBFC-Retail segment. On a segment-wise basis, NBFC-Retail is expected to grow at 17-19% in FY2025 and 16-18% in FY2026, while the growth in NBFC-HFCs and NBFC-Infra sectors is estimated to remain stable at 13-15% and 10-12%, respectively during this period. However, ICRA anticipates further downside risks for the sector growth, given the spate of adverse regulatory actions in the financial sector space. The NBFC-Retail AUM witnessed some moderation in its YoY growth in H1 FY2025 to 24% vis-à-vis 29% in FY2024. ICRA expects a steeper moderation in the growth during the rest of FY2025, as entities slow down amidst tightening operating and regulatory conditions. Further, given the strong growth witnessed in H2 FY2024, it is expected to be difficult for the sector to replicate the same in the current year. Growth in the other segments has remained relatively more stable, with the HFCs and NBFC-Infra sectors estimated to have grown by 15% and 9%, respectively, during H1 FY2025.

NBFC-Infra and HFCs relatively less impacted compared to other NBFCs

The NBFC sector has been witnessing a series of regulatory actions, including industry-wide measures as well as entity-specific restrictions. These happened predominantly in domains where the regulators either perceived increased systemic risks (resulting from high credit growth, borrower leveraging and loosening credit policy and controls), operational and

governance-related lapses or improving customer protection (including on transparent risk-based pricing). Given that these issues have been predominantly observed in NBFC-Retail entities, moderation in growth is also expected to largely happen in this segment. Increase in risk weights for bank credit to the NBFCs and on unsecured credit by the NBFCs has had a dampening impact on the growth and the same is expected to be visible in FY2025; other factors such as entity-specific restrictions, the draft guidelines on liquidity coverage ratio (LCR) for banks, focus on banking sector keeping control on credit-deposit (CD) ratio, tight systemic liquidity conditions, etc., would also affect credit flow to the NBFC sector. Further, banks have also been tightening their underwriting norms for NBFCs, which is also impacting credit flows to the sector to an extent.

Growth notwithstanding the lower growth rates, retail AUM would still grow at a faster pace vis-à-vis other segments.

- The NBFC+HFC retail exposure expanded by about 21% in H1 FY2025 to about Rs. 28.8 trillion, pushing up its share to ~58% by September 2024. The growth in NBFC-Infra and other wholesale exposures has been at a moderate pace over the last few years, resulting in a decline in their share in the overall pie.
- This trend is expected to continue in the near term, notwithstanding the significant slowdown in growth momentum expected in FY2025. Further, over the medium term as well, ICRA believes the overall trend of retailisation would continue; though the pace of retailisation of exposures is likely to moderate, as NBFC+HFC retail growth slows down.

Segment-wise outlook for NBFC-Retail (excluding HFCs)

LAP and SME segment would continue to lead growth in FY2025, though growth rates to reduce significantly across segments.

Asset Quality of NBFC delinquencies to rise in the near term

Asset quality of the NBFCs has increasingly started coming under pressure with delinquencies inching up in H1 FY2025. Unsecured segments such as microfinance, unsecured/quasi-secured SME loans, and PL/CL have come under significant asset quality pressures over the last 2-3 quarters. Secured segments such as vehicle financing, LAP, etc. have also started seeing some increases in delinquencies, as the asset quality performance in these segments normalise after a robust performance in the previous year. Over the near term, delinquencies would continue to increase on the back of 1) seasoning impact of the sharp credit growth in the recent past, 2) relatively higher share of riskier asset segments, and 3) concerns around borrower level over-leveraging. Base estimates are for a 30 bps increase for the NBFCs in FY2025 and 10 bps increase in FY2026, with the stress case marginally higher than the above, which would pan out in case of any unanticipated weakening of borrower cash flows. The HFC GS3s have been on a steadily declining trend, coming down below the pre-pandemic levels recently. Further, the asset mix in the sector has been on a gradual shift as the share of affordable housing (with modest customer risk profiles) has been on the rise. However, given the relatively higher pace of growth the portfolio seasoning remains relatively lower. Also, larger HFCs have relatively higher CF segment book, which has witnessed stress in the past few years; however, their NPAs are gradually declining, aided by sale to ARCs, write-offs and recoveries. Incrementally, ICRA expects the sectoral GS3s to stabilise around the current levels in FY2025.

Banks are the largest lenders to the sector

Over the years, entities in the sector have been increasingly relying more on bank funding to support their growth plans. As of Sep 2024, direct funding from bank (via term loans and working capital facilities) constituted close to half of the overall funding profile of the sector. In addition, banks also take exposures via investments in the NCDs / CPs, securitisation (DA / PTCs), and ECBs of entities.

Overall, direct and indirect funding from banks total to around 65-70% of the overall funding profile of the sector (excluding NBFC-Infra). While direct bank funding remains the largest source of borrowing, share of funding through NCDs has inched up in H1 FY25 after many years of decline. This is largely prompted by the tightening credit flows from the banking sector. In addition, NBFCs entities with deposit license have also steadily increased the funding from this avenue.

Funding Sizeable incremental funding need to meet base growth expectations

Bank credit to the sector has significantly tightened over the last few quarters, in line with ICRA's expectations. The overall banking sector credit growth (ICRA's projections of 10.5-11.0% for FY2025 and 9.7%-10.3% for FY2026) is being constrained by the high credit-deposit ratio. With deposit mobilisation becoming a challenge, banks have been forced to reduce their lending. Further, banks are also restricting the share of their exposures to the NBFC sector, given their internal sectoral limits and the increase in risk weights by the RBI for bank exposures to the NBFCs.

Incremental direct lending from banks could be constrained at Rs. 1.2-1.4 trillion for FY2025. This would be about one-fourth of the total base case incremental funding requirements of the sector (Rs. 5.1-5.4 trillion) in FY2025, vis-à-vis having met an estimated 38% of incremental funding requirements in FY2024 via direct lending. Bond/NCD issuances (net of repayments) are projected to be about Rs. 1.6-1.8 trillion in FY2025 (about one-third of the incremental funding), while securitisation, external commercial borrowings (ECBs), etc, would contribute to the balance funding requirements of the sector.

NBFC yields have remained firm in recent months

G-Sec yields have rolled over in recent months in anticipation of a rate cut; however, NBFC/HFC yields continue to remain firm resulting in increasing spreads.

NBFCs' profitability trend and outlook

The net interest margin (NIM) of the NBFCs witnessed a mild moderation in H1 FY2025, on the back of uptick in the weighted avg. CoF. Yields have stabilised as entities are expected to incrementally maintain their product mix. It may be noted that in the previous years, increasing share of higher yielding segments had supported in offsetting the increasing CoF. Operating costs are expected to remain higher than long-term averages as the share of smaller ticket and unsecured loans increased in recent years; though, they're expected to moderate from the levels seen in FY2023-FY2024. However, credit costs are expected to increase in line with increasing delinquencies as the growth slows down and portfolio seasons. Accordingly, the net profitability of the NBFCs is expected to be under pressure in FY2025.

Microfinance Disbursements to remain under pressure in the near term

The microfinance segment witnessed a sharp reduction in momentum during H1 FY2025 due to a confluence of factors. As of September 2024, microfinance AUM was about 14% higher on a YoY basis. However, on a sequential basis, it had declined by about 3% in H1 FY2025 (29% growth in FY2024) to reach about Rs. 2 trillion amid operational challenges and asset quality concerns. As per the MFIN guardrails 2.0, which is set to be implemented from April 2025 onwards, borrowers having loans from more than three lenders would become ineligible for incremental funding till their number of loans/ lenders reduce.

Also, around 5% of the borrowers have total microfinance exposure above Rs. 2 lakh as of September 2024. In addition, unsecured retail loans are also included in cap of total indebtedness, which would make more borrowers will be ineligible for incremental funding. This is likely to result in subdued disbursements and a sharp moderation in AUM growth to 0-5% in FY2025 and 10-15% in FY2026 from 29% in FY2024.

Microfinance delinquencies on an uptrend as entities struggle to stabilise collections

- Overdues of the NBFC-MFIs have been increasing since September 2023, after having been on a declining trend for the previous two years. In addition, entities which have been witnessing weaker asset quality performance on a relative basis have started taking accelerated write-offs over the last 1-2 quarters.
- Impact on the asset quality performance has been on account of multiple factors - including borrower overleveraging, socio-political disruptions, and operational challenges. In the near term, delinquencies are expected to further increase amid an expected rise in rejection rates, resulting in lower incremental credit and liquidity available with borrowers.

Certain states such as Uttar Pradesh, Bihar, Rajasthan, etc. had witnessed significant competition among MFI players entering these states during recent years; these have become the most impacted regions in the current credit cycle. Asset quality performance in these states would continue to remain monitorable in the near term.

- Downward revisions in lending rates amid regulatory concerns and increase in cost of funds are likely to compress the net interest margins (NIM) in the segment in FY2025-FY2026. Further, credit and provision costs for the segment would rise sharply in FY2025 reaching 5.4-5.6% in FY2025 from 2.2% in FY2024. This is likely to negatively impact the profitability of lenders in this segment.

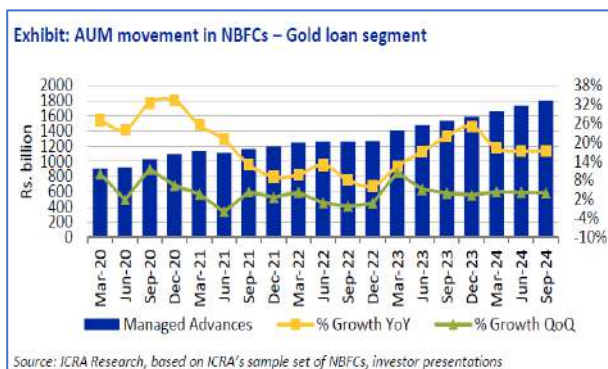

Gold price rally continues amid uncertainty in global economy, albeit intermittent corrections seen; Buoyant gold prices and tightening credit availability to marginal borrowers support AUM expansion

- Gold prices in international markets have been buoyed by the evolving global economic and geopolitical environment, including ongoing tensions in West Asia, rising investment demand for gold amid expectations of interest rate cuts, and the purchase of gold by the central banks of various nations. The average gold price in India surged by 14% YoY in FY2024 and went up further by 25% in 9M FY2025.

The reduction in the import duty on gold by 9% by the Government of India in July 2024 led to a temporary correction in gold prices in the country, though the same did not sustain on the back of rising prices in the international market. Nevertheless, the recent strengthening of the dollar has led to some softening in the gold prices.

- The NBFC credit in the gold loan segment maintained its momentum in H1 FY2025, reaching Rs. 1.8 trillion as of September 2024 with a YoY growth of 17%. The growth was supported by the positive gold price movement and healthy customer demand. Demand for gold loans has typically strengthened in the past when borrowers faced tightened credit availability from other sources such as personal loans, microfinance loans and unsecured SME loans. The significant run-up in gold prices in recent

quarters has provided sufficient cushion for lenders to grow their AUM in the near term.

ICRA notes that the regulatory scrutiny in this segment has increase significantly in the recent quarters. Entities in this segment now face multiple operational constraints such as curbs on cash transactions above Rs. 20,000, strict adherence to LTV and auction procedures, end use monitoring, strengthening systems / processes for handling top-up loans without evergreening etc. Incrementally, lenders are likely to tighten their processes for loan rollovers, which would curb automatic rollovers and potential build-up of asset quality risks in these cases.

ICRA notes that banks have also been aggressively expanding their gold loan exposures over the last few years. Further, the segment is also witnessing the entry of a few new large NBFCs, with significant growth plans. This is likely to result in the competitive intensity in the segment remaining.

Our Group Structure

GOLD LOAN BUSINESS

Our core business is disbursement of Gold Loans, which are typically loans secured by the pledge of household gold jewellery.

Loan amounts advanced by us are typically within the range of ₹ 50,000 to ₹ 10,00,000 per loan transaction. Our Gold Loan portfolio before impairment allowances (excluding off-balance sheet assets) as on nine months ended December 31, 2024 and March 31, 2024, March 31, 2023, March 31, 2022, on standalone basis, amounted to ₹56,59,618.50 thousand and ₹46,58,528.32 thousand, ₹39,29,396.08 thousand, ₹33,56,288.00 thousand respectively which is 98.95% and 98.66%, 99.20%, 97.51% respectively of our total loans and advances (excluding off-balance sheet assets) as on such specific dates on standalone basis. The income from interest earned on our Gold Loans as on nine months ended December 31, 2024, and March 31, 2024, March 31, 2023, March 31, 2022, is ₹ 13,26,994.49 thousand and ₹13,96,803.51 thousand, ₹10,93,419.69 thousand, ₹8,27,756.23 thousand, respectively, which constituted 99.61% and 99.65%, 99.12%, 96.32% respectively, of our total interest income from loans and advances.

Gold Loan disbursement process

The principal form of security that we accept is household gold jewellery. The amount that we finance against the security of gold jewellery is typically based on the value of the jewellery. In terms of the extant RBI guidelines, we currently lend up to 75% of the gold price of the gold content in the jewellery i.e., wearable, household used, gold jewellery and doesn't include bullion, gold biscuits, gold bars, new mass-produced gold jewellery or medallions, and we do not accept jewellery from other money lenders.

Key advantages of accepting gold jewellery as security is that it enables us to filter out spurious jewellery that may be pledged by jewellers and goldsmiths and used household jewellery is less likely to be spurious or fake. Further, the emotional value attached by each household to the pledged jewellery acts as a strong incentive for timely repayment of loans and revoking the pledge.

We appraise the security based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery. Our Gold Loans are therefore well collateralized because the actual value of the collateral in all cases will be higher than the underlying loan value at the time of loan disbursement. We value the gold jewellery brought by customers based on our corporate policies and guidelines. Our Company has adopted a loan policy, last amended on February 7, 2024, which is duly approved by the Board of Directors of the Company ("**Loan Policy**").

A. Pre-disbursement process

1. Disbursement at branch premises

Pre disbursement processes include all the actions that are carried out from the moment a customer enters any of our branches for procuring a Gold Loan, until the customer receives the loan amount and include the following:

Gold Loan appraisal of a customer involves the following steps:

- (a) *Customer identification* – Gold Loans are sanctioned only to genuine borrowers. Each of our branches has minimum three employees present at a time, who understand the needs of the customer, and assist them for the security appraisal and KYC check.
- (b) *KYC documentation* – For mandatory compliance of KYC norms, as mandated by RBI and to aid in identification of the borrower, we conduct a KYC verification of the customer.
- (c) *Security appraisal* – One of the staff members, trained in gold appraisal shall take up the responsibility of verifying the gold jewellery being pledged as collateral and its appraising.
- (d) *Documentation* – The borrower is required to fill an application form with personal details, loan amount, weight, numbers and type of gold ornaments etc. In addition to the application form, a standard set of documents is executed to formalize the loan disbursement process. Details of the applicant, live photo of the applicant, along with a photograph of the gold jewellery being pledged, are uploaded onto the company's software for records. This ensures transparency and documentation of the entire process.

B. Disbursal

Post the completion of the abovementioned pre-disbursal formalities, one of the staff members, enters the details of the loan being provided which are later authorized by the branch manager. Once the loan is approved, the customer may collect the amount by way of cash, or transferred directly to the registered bank account of the customer.

C. Post-disbursement process

The post disbursement process involves the serving of pledge receipts (pawn tickets) and loan details duly signed by the customer, the duplicate of which will be kept with the Company for future verifications. Branch security measures implemented, by us, include:

- (a) *Custody of gold collateral* – The pledged gold jewellery is stored in gold lockers in each of its branches is a strategic decision aimed at safeguarding assets. The presence of gold lockers in every branch underscores the company's commitment to safeguarding its valuable assets. This mitigates potential risks associated with theft, loss, or damage to the gold assets.
- (b) *Branch Security* – Ensuring the safety and security of the branch premises is vital to our business since our cash reserves and gold inventory are stored in each branch. All our branches are installed with CCTV cameras and centralised CCTV surveillance. We also have a 24x7 security available in selected branches, and we maintain various registers including the lock in and out register, staff register and pledge and release registers, among others.
- (c) *Insurance* – To further enhance security and protect against unforeseen events, all branches are covered with adequate insurance cover. In addition to the insurance coverage specifically designed to ensure the security of the gold jewellery that has been pledged by borrowers, all the assets located at the branches are also insured to cover any unforeseen events.

D. Release of pledge

The release of a pledge is a critical process, as it involves returning the pledged gold jewellery to the borrower once the gold loan has been repaid in full. The detailed note on process of release of pledge by our Company is as hereunder:

1. Loan Repayment Confirmation:

Before initiating the release of pledge process, the branch staff ensures that the borrower has repaid the gold loan in full, including any accrued interest and charges. The repayment may occur in various ways, including cash payment at the branch, bank transfers, or transfer to head office account etc.

2. Verification of Loan Closure:

Once the repayment is confirmed, the branch staff verifies that all loan obligations, including principal and interest, have been met according to the terms and conditions of the loan agreement.

3. Pledge Receipt and Loan Details Check:

The branch staff checks the original pledge receipt (pawn ticket) and loan details to cross-verify the identity of the borrower and the pledged gold jewellery. The staff also ensures that the person in whose name the pledge has been made has come in person for the release.

4. Authorization for Release:

The release of pledge process is authorized by a designated authority within the branch, typically a branch manager or an authorized officer. This authorization ensures that the release of pledged gold is carried out in accordance with company policies and regulatory guidelines.

5. Pledge and Release Register:

A pledge and release register is maintained by the branch to record the details of each pledge and its subsequent release. These register documents capture the borrower's details, loan information, and the release date, providing a comprehensive record of all transactions.

6. Physical Verification of Collateral:

To maintain the security and integrity of the process, a staff member trained in gold appraisal physically verifies the gold jewellery being released. The gold jewellery is compared with the details recorded during the initial pledge to ensure its authenticity and integrity.

7. Documentation Completion:

The borrower is required to complete the necessary documentation for the release of pledge. This may include signing a release form, submitting the original pawn ticket back or providing any other required documents.

8. Return of Gold Collateral:

Upon successful verification of the pledged gold and completion of all necessary documentation, the pledged gold jewellery is returned to the borrower.

9. Acknowledgment and Receipt:

The borrower acknowledges the receipt of their pledged gold by signing in the gold loan ledger.

10. Record Keeping:

All relevant details of the release of pledge, including the borrower's information, release date, and details of the pledged gold, are recorded in the branch's records and computer systems for audit and verification purposes.

11. Security Measures:

Throughout the release process, the branch maintains security measures similar to those described in the pre-disbursement process, including CCTV surveillance, secure storage of gold, and adherence to branch security protocols.

12. Insurance Coverage:

The released gold may continue to be covered by insurance until it is safely returned to the borrower to mitigate any potential risks during the release process.

E. Recovery Proceedings

The recovery proceedings of gold loans are designed to address situations where borrowers default on their payments. These proceedings are carried out systematically and in compliance with regulatory guidelines. The detailed explanation of the recovery process is as hereunder:

1. Notification to Defaulting Customers:

When a customer defaults on the payment of interest on their gold loan, the respective branch sends a notification to the defaulting customer. This notification serves as an initial communication to remind the borrower of the outstanding payments.

2. Follow-up Notifications:

In the absence of a response from the customer to the first notification, a second notification is sent after 15 days from the date of the first notification. This is a follow-up attempt to remind the customer of their obligation.

3. Third Notification:

If there is still no response from the customer after the second notification, a third letter is sent to the customer after another 15 days. This notification emphasizes the seriousness of the situation and the need to address the default.

4. Auction Notification:

Simultaneously, an auction notification is registered with Acknowledgment Due. This formalizes the intention to auction the pledged gold jewellery to recover the outstanding loan amount.

5. Public Auction:

Within the next 15 to 30 days after the third notification, information about the auction is published in newspapers. This includes details such as the names of defaulting customers, auction date, and the venue of the auction. The same information is also displayed on the branch notice board, ensuring transparency and notifying the public about the upcoming auction.

6. Auction Department supervision:

The auction department at the head office monitors and assists the branches in conducting these auctions for recovery. This central supervision helps ensure that the auctions are carried out effectively and in compliance with regulatory norms.

7. Follow-up on Auction List:

All branches regularly follow up on their respective Auction Lists. This proactive approach helps in the recovery process and aligns with RBI norms to control Non-Performing Assets (NPAs).

8. Post-Auction Communication:

After the auction has taken place, the Company sends a letter to the customer informing them of the outcome, whether it resulted in a profit or a loss. This communication is important for transparency and keeping the borrower informed about the status of their loan.

9. Excess Realization Transfer:

If there is an excess realization over and above the due amount from the auction, the company transfers this excess amount to the customer through their bank account. This ensures that the customer receives any surplus funds out of the auction proceedings after meeting their loan account dues with the Company.

10. Record Keeping:

All records related to the recovery proceedings, including notifications, auction details, auction outcomes, and communications with customers, are meticulously preserved for future references. Proper record-keeping is essential for transparency and regulatory compliance.

Recovery proceedings for gold loans are structured and adhere to a systematic process. The company follows a series of notifications, conducts public auctions, maintains supervision from the head office, and communicates transparently with defaulting customers. This approach helps control NPAs in accordance with RBI norms while ensuring fairness and compliance throughout the recovery process.

Renewal or Closure of Gold Loans

Each loan has a pre-determined tenure, which typically ranges from 90 days to 1.5 Years. The borrowers are required to repay or renew the loan, on or before the end of the tenure, as specified in their respective agreements. The borrower will get regular alerts for ensuring repayment of the loan, and the branch staff shall also intimate the customers that in accordance with the laws, post the expiry of the tenure of the loan, the loans cannot be renewed.

OUR STRENGTHS

We feel that the following competitive strengths position us well for continued growth:

Non-deposit taking NBFC in the Gold Loan sector with a long operating history

We are registered with RBI as a non-deposit taking NBFC (registration no. B-07.00437 dated June 9, 2016) under Section 45 IA of the Reserve Bank of India Act, 1934. Throughout our 33 year journey, we have successfully positioned ourselves

as a trusted, reliable and dependable financial services partner with a specialisation in gold loans. We believe that over the years, we have been successful in expanding our brand name, as well as our customer base to different geographical locations in India with predominant presence in South India. As on March 31, 2025, we have a total network of 293 branches, out of which majority of the branches are located in the southern states of India i.e., Andhra Pradesh, Karnataka, Kerala, Tamil Nadu, Telangana, Odisha and in the western states of India i.e., Gujarat and Maharashtra. For further details, please see “*Our Business – Branch Network*” on page 89.

We attribute our growth, in part, to our market penetration and widespread branch network, working in tandem with our product-focused sales team, providing a wider reach to the customers. Additionally, the streamlined procedural formalities required to complete the onboarding of customers and disbursement of loans enables us to attract new and retain existing customers. Over the years, we have focused on customers in such markets that offer us significant growth opportunities and customer loyalty. Having such a network enables us to service and support our existing customers from proximate locations which gives our customers easy access to our services. We also attribute our growth to customer loyalty and believe that our customers return to us when they are in need of funds.

Experienced management team and skilled personnel

Our senior management teams have extensive experience in the areas of banking and financial services, and we believe that their considerable knowledge of and experience in the industry enhances our ability to operate effectively. Our staff, including professionals, covers a variety of disciplines, including internal audit, technology, accounting, marketing and sales. We believe in maintaining human connect with our customers and endeavour to develop in our team strong sense of empathy and hospitality towards the customers.

We also lay strong focus on training of our staff and undertake regular training sessions by experts across the branches of the Company. We lay special emphasis on empowering our managers to understand the capabilities of the team members and act on timely manner to address issues faced by our employees.

Through its innovative initiative, ICL customers will be able to avail gold loans within the comforts of their homes. The Mobile Gold Loan vehicle is equipped with the latest technology and security systems along with CCTV cameras, lockers and GPS Trackers. Each unit will be staffed with Company authorized gold appraisers and loan officers to ensure safe, quick and smooth processing of loans.

Advanced technology systems and established processes

We believe that the usage of a technology platform across our operations has improved our growth. We maintain the records of the loans disbursed on an ERP software, including the KYC details of the customers. The cluster and area managers are given access to the data maintained in the software, wherein they are alerted for any dues, thereby allowing them to action as and when required. This system allows the Company to maintain a smooth recovery process.

We are a technology driven company and we endeavour to make our customer experience as seamless as possible. Our Company has put in place well defined and efficient process that enables us to achieve uniformity in our operations across all our branches. Our entire gold loan life cycle i.e., from origination to closure has been digitised with ability to real time MIS. We believe that such well-defined processes and efficient technology platform, enables us to keep a better check over our entire branch network and helps us in detecting shortcomings.

Safeguarding of collateral

All the branches have taken insurance cover and are working under high security CCTV surveillance along with 24x7 security to maintain the safety of the assets pledged by the customers. We also maintain various registers to keep track of staff movement, check-in and check-out of gold, stock, pledge and release, among others.

OUR STRATEGIES

At ICL Fincorp, our goal is to solidify our position as one of India’s leading NBFCs. Pursuant to this goal, we endeavour prioritising customer satisfaction, expand our product portfolio, improve our technological capabilities, and maintain high performance standards. These strategies will empower us to adroitly navigate the ever-changing financial landscape, seize opportunistic prospects, and maintain sustainable long-term growth and value creation. Outlined below are our Company’s key strategies:

Branch and market penetration

We focus on expanding our branches and penetrating into new markets. In the upcoming years, we seek to achieve greater market penetration by spreading our branch network, consequently increasing our customer reach. We shall focus to expand our reach by targeting new states where we do not have presence currently, as well as regions within our existing states of presence to create a denser branch network. By expanding our branch network, we can enhance our customer reach and acquire market share. As part of this strategy, we have already opened regional offices and branches at Mumbai and Ahmedabad during September 2023.

Portfolio diversification

While our primary offering is gold loans, the company has also ventured in other forms of loans including the property loans, new and pre-owned vehicle loans, business loans, among other. As on date, the other forms of loans do not have a major contribution in the company's AUM, however, in the upcoming years, we look to further explore the other products in order to diversify the product portfolio. This will also include introducing new loan products or expanding into related financial services, such as microfinance, personal loans, or insurance products. This will allow the company to cater to a broader range of customer needs and reduce dependence on a single product, thereby ensuring effective risk diversification.

Technology adoption and digital transformation

We focus on technological adoption and driving digital transformation. We intend to implement advanced loan management systems, develop a user-friendly mobile application for our customers, and leverage data analytics for enhanced risk assessment and customer insights. Technology integration is crucial for optimising processes, increasing operational efficiency, and elevating customer experience.

Talent management and leadership development

In order to facilitate our company's growth objectives, we intend to prioritise talent management and leadership development. As part of our strategy, we seek to hire specialised talent. We also endeavour to prioritise investment in training and development thus cultivating a culture of constant learning. By investing in the growth and development of our workforce, we seek to establish a robust leadership pipeline and cultivate a highly skilled and motivated team to propel our Company's growth in the future.

Focus on customer relationship management ("CRM")

Building robust, long-term customer relationships and delivering unparalleled services has been our topmost priority. We seek to achieve this by implementing a robust CRM system, personalised communication channels, and efficient grievance redressal mechanisms. In the course of preparing such system, we shall endeavour to improve on the contours of customer satisfaction, customer loyalty, attracting new customers through positive referrals, and providing diverse services and schemes itself in a competitive market.

Strengthening partnerships and alliances

Strategic alliances are key for accessing new markets, enhancing product offerings, and driving operational efficiencies. In the upcoming years, we seek to leverage strategic partnerships and alliances which shall play a crucial role in driving the growth and innovation in the Company. Further, we will endeavour to forge strategic alliances with technology providers, fintech enterprises, and other financial institutions to capitalise on synergies and broaden our spectrum.

Funding Sources

Our lines of credit include borrowings from banks, inter-corporate loans and amounts raised through the issue of non-convertible debentures and proceeds from issue of non-convertible redeemable cumulative preference shares.

Borrowings from banks constitute a significant portion of the total borrowings from secured and unsecured loans availed of by us. We have executed loan agreements with several banks with the object of availing funds from them on certain stipulated terms and conditions. As at April 1, 2025, we have outstanding amount of ₹8,72,114.31 thousand with respect to secured loans including term loans and working capital loans. Further, we have raised funds from issuance of secured and unsecured non-convertible debentures and subordinated debts, for which the amount outstanding as at April 1, 2025 is ₹ 54,32,043.00 thousand. For further details, please see "*Financial Indebtedness*" on page 118. As of April 1, 2025, 100% of our standalone borrowings had fixed rates of interest.

Branch Network

As on March 31, 2025, we had 293 branches, out of which majority of the branches are located in the southern states of India i.e., Andhra Pradesh, Karnataka, Kerala, Tamil Nadu, Telangana, Odisha and in the western states of India i.e., Gujarat and Maharashtra. The branch network of the Company as on March 31, 2025, March 31, 2024, and March 31, 2023, are given below:

Customer Care

We have a systematic customer grievance mechanism in place, providing a seamless customer service experience to our borrowers. Company has devised a methodology for addressing customer complaints with the support of customer care department manned by customer care manager and assistant customer care manager in ensuring a seamless complaint resolution process.

Step 1: Receipt of Complaints

- **Channels of Complaint Submission:** Customers can submit their complaints through multiple channels, including phone calls, emails, a dedicated complaint form on the company's website, postal mail, or in-person at our branches or offices.
- **Complaint Logging:** Upon receiving a complaint, the customer care department immediately logs it into the company's complaint management system. The system assigns a unique complaint reference number for easy tracking and resolution.

Step 2: Acknowledgment and Categorization

- **Acknowledgment:** An email or through phone call to the customer, confirming receipt of the complaint. This communication includes the unique reference number and the expected timeframe for resolution. If the complaint is received in person or via phone, an acknowledgment is provided verbally, followed by written confirmation.

- **Categorization:** Each complaint is categorized based on its nature, urgency, and severity to prioritize resolution efforts. Common categories may include billing disputes, service issues, documentation concerns, etc.

Step 3: Investigation and Resolution

- **Primary Investigation:** The customer care team, under the supervision of the customer care manager and assistant customer care manager, conducts an initial investigation. They gather relevant information, review customer accounts, and determine the root cause of the complaint.
- **Coordination:** Depending on the nature of the complaint, the customer care department collaborates with other relevant departments within the company, such as finance, operations, Debtors or compliance, to resolve the issue effectively.
- **Resolution Planning:** The team devises a plan to address the complaint, outlining the steps required for resolution. This plan is documented and shared with the customer whenever necessary.
- **Timely Response:** The Company is committed to provide timely responses and resolutions. The resolution timeframe varies depending on the complexity and urgency of the complaint but is communicated clearly to the customer.

Step 4: Communication with the Customer

- **Regular Updates:** Throughout the resolution process, the customer care team maintains regular communication with the customer, providing updates on the progress of their complaint and any anticipated delays.
- **Final Resolution:** Once the complaint is fully resolved, the customer is informed of the outcome and any necessary actions they need to take.

Step 5: Escalation Process

- **Internal Escalation:** If a complaint cannot be resolved at the departmental level, it is escalated to higher management within the company, ensuring that it receives the necessary attention and resources for resolution.
- **External Escalation:** Customers are informed about their right to escalate the complaint to external bodies, such as regulatory authorities or ombudsman services, if they are not satisfied with the company's response.

Step 6: Documentation and Record Keeping

- **Documentation:** All details related to the complaint, including correspondence, actions taken, and resolutions, are documented thoroughly and securely.
- **Data Retention:** Complaint records are retained as per regulatory requirements for audit and compliance purposes.

Step 7: Continuous Improvement

- **Feedback Mechanism:** The Company actively seeks feedback from customers regarding their complaint handling experience and uses this feedback to identify areas for improvement.
- **Process Enhancement:** The customer care department reviews its processes regularly to identify any systemic issues that need improvement.

Step 8: Reporting and Transparency

- **Regular Reporting:** The Company provides regular reports on complaint statistics, including the number of complaints received, resolved, and pending, to senior management and regulatory authorities as required.
- **Transparency:** Complaint handling data is made available to all concerned to keep transparency.

Risk Management

Our main stay of business is Gold Loans. As a lending institution, we are exposed to various risks that are related to our gold lending business, other loan businesses and operating environment. Risk management forms an integral element of our business. Our objective in the risk management processes is to appreciate, measure and monitor the various risks that we are subject to and follow policies and procedures to address these risks.

The Company adopted an internal Risk Management Policy on April 2, 2023 (“**Risk Management Policy**”) wherein all material risks faced by the Company are managed by competent personnel. We have a dedicated committee called the Risk Management Committee which reviews the Risk Management Policy and is involved in the process of identification, measurement, monitoring and mitigation of the various risks faced by the Company. We face strategic as well as operational risks. Few of the major types of risk we face in our businesses are listed below:

Political/Government related Risk

This includes changes in the government policies or any socio-political contingencies which may adversely affect the business of our Company. We aim to mitigate this risk through a continuous review and monitoring of the changes in rules and regulations in relation to NBFCs by the Government, which will help the Company to oversee the consequences and act accordingly.

Competition Risk

Our Company faces ample competitions from other NBFCs, different types of banking companies including public sector/private sector banks, co-operative banks, foreign banks, India Post, local money lenders and other unauthorized financiers. We seek to develop a robust internal quality mechanism to keep close surveillance on competitor’s strengths, weaknesses, competition dynamics, and focus on awareness campaigns among its employees, stakeholders etc.

Credit Risk

Credit Risk is one of the major financial risks faced by many NBFCs. It encapsulates the possibility of loss due to the failure of the counterparty to meet their obligations in accordance with agreed terms. We endeavour to maintain a well structured customer verification process to ensure the onboarding of genuine customers, and we also have a set recovery management system which supports in minimising the credit risks of the Company.

Liquidity Risk

This includes financial risk due to uncertain liquidity. Liquidity risk management in NBFCs is the inability to meet obligations to investors or inability to invest to meet unacceptable costs or losses occurred. Our Company has a reliable management information system that provides timely and forward-looking information on the liquidity position of the Company. Further, the report to the Asset-Liability Management Committee also helps thwart this risk, both under normal and stress scenarios.

Fraud Risk

Fraudulent risks arise from different types of frauds involving Directors, employees of the Company, security holders, other agencies deployed for the Company’s activities, whether working from any of the Company’s offices or any other location. We aim to mitigate this risk by making adequate security arrangements and ensuring periodic checks in all areas of operations through gold audit, internal audit etc. This will help the Company reduce any fraud occurrence.

In addition to the abovementioned risk, our Company may also face risks pertaining to the employees, credit rating risk, reputational risks, and legal and compliance risks, among others

Our Risk Management Policy

The Company has internal Risk Management Policy wherein all material risks faced by the Company are managed by competent personnel and the same is reviewed by Risk Management Committee on a periodic basis. The policy aims to ensure sustainable business growth with stability and promotes a pro-active approach in reporting, evaluating and resolving risks associated with the Company's business. It seeks to identify, assess, quantify, mitigate and minimise all the current and future material risk exposures of the Company and establishes a framework for the management of the same.

Vigil Mechanism and Whistle Blower Policy

The Company has also established a vigil mechanism to promote ethical behaviour in all its business activities and has put a mechanism in place whereunder the employees are required to report genuine grievances, illegal, unethical behaviours, suspected fraud, violation of laws, rules and regulation or conduct to the Audit Committee or the Board of Directors of the Company. The policy also provides for adequate protection to the whistle blowers against victimization or discriminatory practices.

Treasury Operations

Our treasury operations are mainly focused on raising funds for meeting our funding requirements and managing short term surpluses. We have historically secured financing from diversified sources of capital from banks, including term loans, working capital facilities, proceeds from loans securitized, proceeds from the issuance of NCDs, to meet our capital requirements. In addition, we have access to capital from our Promoters. We have grown our liability relationships with many banks during the period of our operations and State Bank of India ("SBI") is the latest entrant into the list. During the Fiscal 2021-22, SBI provided us with the credit facilities to the tune of ₹ 2,50,000 Thousand. This was enhanced by an amount of ₹ 2,50,000 thousand (secured term loans and cash credit) during fiscal 2023. We are continuously seeking to diversify our sources of funding to facilitate flexibility in meeting our funding requirements.

The following table sets out our sources of capital on standalone basis for the periods indicated:

Our treasury department undertakes liquidity management by seeking to maintain an optimum level of liquidity and complying with the RBI's requirement for asset liability management. We have an Asset Liability Committee, which manages our liquidity risk based on our liquidity risk management measures set out in our asset liability management policy, and to ensure there are no concentrations on either side of the balance sheet. The Asset Liability Committee meets periodically and reviews asset liability mismatches based on the RBI's required time buckets and takes corrective measures whenever and wherever needed.

Non-performing Assets (NPA)

The Master Directions require that every non-deposit taking NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard assets;
- Sub-standard assets;
- Doubtful assets; and
- Loss assets.

Further, the class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for an upgrade. A non-deposit taking NBFC is required to make provisions against sub-standard assets, doubtful assets and loss assets in accordance with the above RBI Master Directions. In terms of the RBI Master Directions, non-deposit taking NBFC has to make the following provisions on their loan portfolio:

Asset Classification	Provisioning Policy
Standard Assets	0.40%
Sub-standard Assets	10% of the total outstanding
Doubtful Assets	100% to the extent to which the advance is not covered by value of the security to which the NBFC has a valid recourse
Loss Assets	100% write off; if assets are permitted to remain in the book, then 100% of the outstanding.

Note: In addition to above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20% to 50% of the secured portion

For further details, please see “Key Regulations and Policies” on page 180.

Based on the RBI Master Directions for asset classification, details of the classification of our gross NPAs for significant classes of our assets on standalone basis as on the nine months ended December 31, 2024 and year ended March 31, 2024, March 31, 2023, March 31, 2022 are furnished below:

Technology

We believe that the usage of a technology platform across our operations has improved our growth. All the branches of the Company have an ERP software, whereunder we record details of each of the loans disbursed by the Company. We believe that our IT infrastructure helps us with real time data transmission and updates, and endeavour to minimise errors, helps in risk monitoring and helps in ensuring timely recovery. We upload data at each branch to facilitate online information which enables us to keep track of the details of the loan, and its due date.

Our IT system aids the performance of all the processes involved in a loan transaction. At the pre-disbursement stage, all KYC details as well as other details of customer appraisal are captured and stored in the system for future reference. All the details that are relevant to a loan transaction are captured by the system. We are looking to integrate further technological aspects into our operations to provide our customers with a more quick and seamless experience.

Credit Ratings

Our Company has received rating of “CRISIL BBB-/Stable” (pronounced as CRISIL triple B minus rating with Stable outlook) with stable outlook for an amount of ₹40,00,000 thousand by CRISIL vide rating letter dated July 08, 2024 for the NCDs proposed to be issued pursuant to this Issue. The rating of the NCDs by CRISIL indicates that the instruments with this rating are considered to have moderate degree of safety and moderate credit risk. The rating provided by CRISIL may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. The rating is not a recommendation to buy, sell or hold securities and Investors should take their own decisions. Please see “Annexure P” for the rationale and press release for the above rating.

Competition

We face competition from other gold loan financing companies, banks, co-operative societies and local money lenders. Other lenders may lend money on an unsecured basis, at interest rates that may be lower than our rates of interest and on other terms, which may seem more favourable than ours. However, we believe that the primary elements of our competitive edge are the quality of customer service, relationship management, our reach and our ability to lend

competitive amounts at competitive rates, with full transparency.

Property

Our Company has 293 branches, as on March 31, 2025, out of which majority of the branches are located in the southern states of India i.e., Andhra Pradesh, Karnataka, Kerala, Tamil Nadu, Telangana, Odisha and in the western states of India i.e., Gujarat and Maharashtra, which are taken on leasehold basis.

SECTION VI - LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS

Except as stated in this section, there are no outstanding: (i) criminal proceedings; (ii) actions by statutory/regulatory authorities; (iii) claims for any indirect and direct tax liability; and (iv) other litigations which are identified as material in terms of the Materiality Threshold (as defined hereinafter below), each involving our Company, our Group Companies, Directors, Subsidiary Company or Promoter.

*Our Debenture Issue Committee, in its meeting held on March 11, 2025, has set a threshold of ₹ 5,00,000 for the identification of material litigations (“**Materiality Threshold**”). As per the Materiality Threshold, other than for the purposes of (i) to (iii) above, all outstanding litigation, wherein:*

- a. the quantified monetary amount of claim by or against the relevant person in any such pending litigation proceeding is or is in excess of ₹5,00,000; or*
- b. the outcome of such litigation proceeding may have a material adverse effect on the business, operations, prospects or reputation of the Company, has been considered as ‘material litigation’, and accordingly has been disclosed in this Prospectus.*

Further, except as mentioned in this section, there are no proceedings involving our Group Companies, which may have a material adverse effect on the position of our Company.

It is clarified that for the purposes of the above, pre-litigation notices received by our Company, Directors, Promoter, Subsidiary Company or Group Companies shall, unless otherwise decided by our Board of Directors, not be considered as litigation until such time that our Company or Directors or Promoter or Group Companies, as the case may be, is impleaded as a defendant in litigation proceedings before any judicial forum.

Further, except as stated in this section, there are no: (i) litigation or legal action pending or taken by any Ministry or Department of the Government or a statutory authority against our Promoter during the last three years immediately preceding the year of the issue of this Prospectus and any direction issued by such Ministry or Department or statutory authority; (ii) pending litigation involving our Company, our Promoter, our Directors, Group Companies, Subsidiary Company or any other person, whose outcome could have material adverse effect on the position of our Company; (iii) pending proceedings initiated against our Company for economic offences; (iv) default and non-payment of statutory dues, etc; (v) inquiries, inspections or investigations initiated or conducted against our Company and/ or our Subsidiary under the Companies Act or any previous companies law in the three years immediately preceding the year of this Prospectus; (vi) prosecutions filed (whether pending or completed), fines imposed or compounding of offences done in the three years immediately preceding the year of this Prospectus; and (vii) material frauds committed against our Company in the last three years.

Further from time to time, we have been and shall continue to be involved in legal proceedings filed by and/or against us, arising in the ordinary course of our business. We believe that the number of proceedings in which we are/were involved is not unusual for a company of our size doing business in India.

Unless stated to the contrary, the information provided below is as of the date of this Prospectus. All terms defined in a particular litigation disclosure below are for that particular litigation only.

KEY REGULATIONS AND POLICIES

The regulations summarized below are not exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for any professional legal advice. Taxation statutes such as the IT Act, GST laws (including CGST, SGST and IGST) and applicable local sales tax statutes, labour regulations such as the Employees State Insurance Act, 1948 and the Employees Provident Fund and Miscellaneous Provisions, Act, 1952, and other miscellaneous regulations such as the Trade Marks Act, 1999 and applicable Shops and Establishments statutes apply to us as they do to any other Indian company and therefore have not been detailed below.

The following description is a summary of certain sector specific laws and regulations in India, which are applicable to our Company. The information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of the Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

The major regulations governing our Company are detailed below:

We are a Base Layer, Non-Deposit taking (which does not accept public deposits), NBFC. (“NBFC-BL”). As such, our business activities are regulated by RBI Regulations applicable to non-public deposit accepting NBFCs.

Regulations governing NBFCs

Reserve Bank of India Act, 1934

As per the RBI Act, a financial institution has been defined as a company which includes a non-banking institution carrying on as its business or part of its business the financing activities, whether by way of making loans or advances or otherwise, of any activity, other than its own and it is engaged in the activities of loans and advances, acquisition of shares/stock/bonds/debentures/securities issued by the Government of India or other local authorities or other marketable securities of like nature, leasing, hire-purchase, insurance business, chit business but does not include any institution whose principal business is that of carrying out any agricultural or industrial activities or the sale/purchase/construction of immovable property.

As per prescribed law any company that carries on the business of a non-banking financial institution as its ‘principal business’ is to be treated as an NBFC. The term ‘principal business’ has not been defined in any statute; however, RBI has clarified through a press release (*Ref. No. 1998-99/1269*) issued in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide a company’s principal business. The company will be treated as an NBFC if its financial assets are more than 50 per cent of its total assets (netted off by intangible assets) and income from financial assets should be more than 50 per cent of the gross income. Both these tests are required to be satisfied in order to determine the principal business of a company.

Every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of signing of the Auditor’s report in terms of section 134 of the Companies Act, 2013, and in any case, not later than December 31 of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a certificate of registration.

NBFCs are primarily governed by the RBI Act, the Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023, Peer to Peer Lending Platform (Reserve Bank) Directions 2017, Master Direction– Non-Banking Financial Company - Account Aggregator (Reserve Bank) Directions, 2016, Reserve Bank Commercial Paper Directions, 2017 and the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits. Thus, NBFCs are not permitted to issue negotiable instruments, such as cheques which are payable on demand; and

- NBFCs are not allowed to deal in foreign exchange, even if they specifically apply to the RBI for approval in this regard, unless they have received an Authorised Dealer Category II licence from the RBI.

Types of NBFCs

Section 45-IA of the RBI Act makes it mandatory for every NBFC to get itself registered with the Reserve Bank in order to be able to commence any of the aforementioned activities.

The major regulations governing our Company are detailed below:

The RBI on October 19, 2023 RBI issued Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023 (“**SBR Directions**”). A Revised Regulatory Framework for NBFCs whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI:

- i) NBFC- Base Layer (“**NBFC-BL**”);
- ii) NBFC- Middle Layer (“**NBFC-ML**”);
- iii) NBFC- Upper layer (“**NBFC-UL**”); and
- iv) NBFC- Top Layer (“**NBFC-TL**”)

The NBFC- BL comprise of (a) non-deposit taking NBFCs below the asset size of ₹1,00,000 lakh and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.

The NBFC- ML consist of (a) all deposit taking NBFCs (“**NBFC-Ds**”), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹1,00,000 lakh and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

The NBFC-UL comprise of those NBFCs which are specifically identified by RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology as provided in annexure 1 to SBR Directions. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. Further, the RBI, pursuant to its circular dated June 6, 2022, put in place provisioning norms in respect of ‘standard’ assets for NBFCs for the upper layer at certain specified rates.

The NBFC-TL will ideally remain empty. This layer can get populated if RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFC-UL. Such NBFCs shall move to the NBFC-TL.

Categorisation of NBFCs carrying out specific activity

As the regulatory structure envisages scale based as well as activity-based regulation under the SBR Framework, the following prescriptions shall apply in respect of the NBFCs:

- i) NBFC-P2P, NBFC-AA, NOFHC and NBFCs without public funds and customer interface will always remain in the base layer of the regulatory structure.
- ii) NBFC-D, CIC, IFC and HFC will be included in middle layer or the upper layer (and not in the base layer), as the case may be. SPD and IDF-NBFC will always remain in the middle layer.
- iii) The remaining NBFCs, viz., Investment and Credit Companies (NBFC-ICC), Micro Finance Institution (NBFC-MFI), NBFC-Factors and Mortgage Guarantee Companies (NBFC-MGC) could lie in any of the layers of the regulatory structure depending on the parameters of the scale based regulatory framework.
- iv) Government owned NBFCs shall be placed in the base layer or middle layer, as the case maybe.

RBI Master Directions define 'NBFC-ICC' to mean a company which is a financial institution carrying on as its principal business of asset finance, the providing of finance whether by making loans or advances or otherwise for any activity other than its own and the acquisition of securities.

As on date of filing of this Prospectus the Company falls under the category of NBFC BL, as its assets size is less than ₹ 1,00,000 lakh, as per the last audited balance sheet. SBR Framework provides that NBFCs in the base layer (NBFC-BL) shall continue to follow regulations as currently applicable for NBFC-ND, as the case may be, except for the regulatory changes under SBR Framework applicable on NBFC-BL.

Regulatory Requirements of an NBFC under the RBI Act

Net Owned Fund

The current net owned fund requirement for NBFC-ICC is ₹ 2 crore. SBR Directions have incrementally revised the net owned fund requirement for the NBFC-ICC for achieving the net owned fund: (i) that minimum net owned fund requirement of ₹ 5 crore) by March 31, 2025; and (ii) ₹ 10 crore by March 31, 2027. For this purpose, the RBI Act has defined “net owned fund” to mean:

Net Owned Fund – The aggregate of the paid-up equity capital and free reserves as disclosed in the latest balance sheet of the company, after deducting (i) accumulated balance of losses, (ii) deferred revenue expenditure, (iii) deferred tax asset (net); and (iv) other intangible assets; and further reduced by the amounts representing,

- (i) investment by such companies in shares of (i) its subsidiary, (ii) companies in the same group, (iii) other NBFCs; and
- (ii) the book value of debentures, bonds, outstanding loans and advances (including hire purchase and lease finance) made to, and deposits with (i) subsidiary of such companies; and (ii) companies in the same group, to the extent such amount exceeds 10 per cent of (a) above.

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs to create a reserve fund and transfer therein a sum of not less than 20% of its net profits earned annually before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such appropriation.

Maintenance of liquid assets

Under the Master Directions, all Non-deposit taking NBFCs with asset size of ₹10,000 lakh and above (as per their last audited balance sheet), systemically important core investment companies and all deposit taking NBFCs (except Type I) NBFC-ND, Non-Operating Financial Holding Company and Standalone Primary Dealer) are required to comply with the RBI Guidelines on Liquidity Risk Management Framework (“**LRM Framework**”). The LRM Framework provide that the applicable NBFCs should ensure sound and robust liquidity risk management system, the board of directors of the NBFC shall frame a liquidity risk management framework which ensures that it maintains sufficient liquidity, including a cushion of unencumbered, high quality liquid assets to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. The liquidity risk management policy should spell out the entity-level liquidity risk tolerance; funding strategies; prudential limits; system for measuring, assessing and reporting/ reviewing liquidity; framework for stress testing; liquidity planning under alternative scenarios/formal contingent funding plan; nature and frequency of management reporting; periodical review of assumptions used in liquidity projection; etc. The LRM Framework inter alia, deal with: (i) liquidity risk management policy, strategies and practices; (ii) management information system; (iii) internal controls; (iv) maturity profiling; (v) liquidity risk measurement – stock approach; (vi) currency risk; (vii) managing interest rate risk; and (viii) liquidity risk monitoring tools.

The NBFC shall constitute risk management committee (“**RMC**”) consisting of chief executive officer (“**CEO**”)/ managing director (“**MD**”) and heads of various risk verticals, who shall be responsible for evaluating the overall risks faced by the NBFC including liquidity risk. Further, applicable NBFCs have to constitute asset liability management committee (“**ALCO**”) consisting of the NBFC’s top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the board of directors as well as implementing the liquidity risk management strategy of the NBFC.

The CEO/ MD or the Executive Director should head the Committee. The role of the ALCO with respect to liquidity risk should include, *inter alia*, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of all branches. In addition to RMC and ALCO, applicable NBFCs shall constitute asset liability management support group (“**ALM Support Group**”). ALM Support Group consist of the operating staff responsible for analysing, monitoring and reporting the liquidity risk profile to the ALCO. The maturity profile should be used for measuring the future cash flows of NBFCs in different time buckets. Within each time bucket, there could be mismatches depending on cash inflows and outflows. While the mismatches up to one year would be relevant since these provide early warning signals of impending liquidity problems, the main focus shall be on the short-term mismatches, viz., 1-30/ 31 days. The net cumulative negative mismatches in the statement of structural liquidity in the maturity buckets 1-7 days, 8-14 days, and 15-30 days shall not exceed 10 percent, 10 percent and 20 per cent of the cumulative cash outflows in the respective time buckets. NBFCs, however, are expected to monitor their cumulative mismatches (running total) across all other time buckets upto 1 year by establishing internal prudential limits with the approval of the board of directors. NBFCs shall also adopt the above cumulative mismatch limits for their structural liquidity statement for consolidated operations. Other than liquidity risk the applicable NBFC has to currency risk and interest rate risk under the terms of LRM Framework.

In addition to the guidelines laid down under LRM Framework, all non-deposit taking systemically important NBFCs with asset size of ₹ 5,00,000 lakh and above (except Core Investment Companies, Type I NBFC-NDs, Non-Operating Financial Holding Companies and Standalone Primary Dealers) and all deposit taking NBFCs irrespective of the asset size shall adhere to the liquidity coverage ratio guidelines (“**LCR Framework**”). LRM Framework provides that applicable NBFCs shall maintain an adequate level of unencumbered high quality liquid assets (HQLA) that can be converted into cash to meet its liquidity needs for a 30 calendar-day time horizon under a significantly severe liquidity stress scenario. The liquidity coverage ratio shall be maintained on an ongoing basis to help monitor and control liquidity risk as per the prescribed timelines in progressive manner, as provided below:

	December 1,				
	2020	2021	2022	2023	2024
For NBFCs with asset size of ₹10,00,000 lakh and above	50%	60%	70%	85%	100%
For NBFCs with asset size of ₹5,00,000 lakh and below ₹10,00,000 lakh	30%	50%	60%	85%	100%

Information with respect to change of address, directors, auditors, etc. to be submitted

An NBFC-BL is required to inform the RBI, not later than one month from the occurrence of any change in:

- the complete postal address, telephone number/s and fax number/s of the registered/corporate office;
- the names and residential addresses of the directors of the company;
- the names and the official designations of its principal officers;
- the names and office address of the auditors of the company; and
- the specimen signatures of the officers authorised to sign on behalf of the company

to the Regional Office of the Department of Supervision of RBI under whose jurisdiction NBFC is registered.

SBR Master Directions-

As on December 31, 2024 and March 31, 2024, our Company has asset size of ₹74,97,076.02 thousand and ₹ 61,66,469.42 thousand (excluding off-balance sheet assets) respectively. Accordingly, our Company is a Base Layer NBFC under the Master Directions.

Loan-to-value guidelines

The RBI vide the Master Directions, directed all NBFCs to maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) shall maintain a minimum Tier I capital of 12% of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items. The RBI Master Directions has issued guidelines with regard to the following:

- Appropriate infrastructure for storage of gold ornaments: A minimum level of physical infrastructure and facilities is available in each of the branches engaged in financing against gold jewellery including a safe deposit vault and appropriate security measures for operating the vault to ensure safety of the gold and borrower convenience. Existing NBFCs should review the arrangements in place at their branches and ensure that necessary infrastructure is put in

place at the earliest. No new branches should be opened without suitable storage arrangements, including safe deposit vault, having been made thereat. No business of grant of loans against the security of gold can be transacted at places where there are no proper facilities for storage/security.

- (ii) NBFCs shall not grant any advance against bullion / primary gold and gold coins. NBFCs shall not grant any advance for purchase of gold in any form including primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund.
- (iii) Prior approval of RBI for opening branches in excess of 1,000: It is henceforth mandatory for NBFC to obtain prior approval of the Reserve Bank to open branches exceeding 1,000. However, NBFCs which already have more than 1,000 branches may approach the Bank for prior approval for any further branch expansion. Besides, no new branches will be allowed to be opened without the facilities for storage of gold jewellery and minimum security facilities for the pledged gold jewellery.
- (iv) Standardization of value of gold in arriving at the loan to value ratio: For arriving at the value of gold jewellery accepted as collateral, it will have to be valued at the average of the closing price of 22 carat gold for the preceding 30 days as quoted by BBA or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission.
- (v) Verification of the Ownership of Gold: NBFCs should have an explicit Board approved policy in their overall loan policy to verify ownership of the gold jewellery, and adequate steps be taken to ensure that the KYC guidelines stipulated by the Reserve Bank are followed and due diligence of the customer undertaken. Where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs must keep record of the verification of the ownership of the jewellery. The method of establishing ownership should be laid down as a Board approved policy. Auction Process and Procedures: The following additional stipulations are made with respect to auctioning of pledged gold jewellery:
 - a. The auction should be conducted in the same town or taluka in which the branch that has extended the loan is located.
 - b. While auctioning the gold the NBFC should declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments should not be less than 85% of the previous 30 day average closing price of 22 carat gold as declared by The Bombay Bullion Association Limited and value of the jewellery of lower purity in terms of carats should be proportionately reduced.
 - c. It will be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding should be payable to the borrower.
 - d. NBFCs must disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.
 - e. In case the first auction fails, NBFCs can pool gold jewellery from different branches in a district and auction it at any location within the district, subject to adherence with all other requirements regarding auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met.

Rating of NBFCs

Pursuant to the RBI Master Directions, all NBFCs with an asset size of above ₹100 crore are required to, as per RBI instructions to, furnish information about downgrading or upgrading of the assigned rating of any financial product issued by them within 15 days of a change in rating.

Prudential Norms

The Master Directions amongst other requirements prescribe guidelines on NBFC-ND regarding income recognition, asset classification, provisioning requirements, constitution of audit committee, capital adequacy requirements, concentration of credit/ investment and norms relating to infrastructure loans. Further the concentration of credit/ investment norms shall not apply to a systemically important non-banking financial company not accessing public funds in India, either directly or indirectly, and not issuing guarantees.

Provisioning Requirements

An NBFC-BL, after taking into account the time lag between an account becoming non-performing, its recognition, the realisation of the security and erosion overtime in the value of the security charged, shall make provisions against sub-standard assets, doubtful assets and loss assets in the manner provided for in the Master Directions.

In the interests of counter cyclicity and so as to ensure that NBFCs create a financial buffer to protect them from the effect of economic downturns, RBI vide their circular no. DNBS.PD.CC. No.207/ 03.02.002 /2010-11 dated January 17, 2011, introduced provisioning for Standard Assets by all NBFCs. NBFCs are required to make a general provision at 0.25 per cent of the outstanding standard assets. RBI vide their circular no. DNBR (PD) CC No. 037/03.01.001/2014-15 dated June 11, 2015 raised the provision for standard assets to 0.40 per cent to be met by March 2018. The provisions on standard assets are not reckoned for arriving at Net NPAs. The provisions towards Standard Assets are not needed to be netted from gross advances but shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet. NBFCs are allowed to include the 'General Provisions on Standard Assets' in Tier II Capital which together with other 'general provisions/ loss reserves' will be admitted as Tier II Capital only up to a maximum of 1.25 per cent of the total risk-weighted assets. NBFCs shall after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss as assets.

The provisioning requirements in respect of loans, advances and other credit facilities including bills purchased and discounted shall be as:

Loss Assets	In case of loss assets the entire asset shall be written off. If the assets are permitted to remain in the books for any reason, 100% of the outstanding must be provided for.	
Doubtful Assets	(a)	100% provision to the extent to which the advance is not covered by the realisable value of the security to which the NBFC has a valid recourse shall be made. The realisable value is to be estimated on a realistic basis;
		In addition to the above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20% to 50% of the secured portion (i.e. estimated realisable value of the outstanding) shall be made on the following basis
	(b)	is:
	Period for which the asset has been considered as doubtful	% of provision
	Upto one year	20
Sub-standard assets	One to three years	30
	More than three years	50
A general provision of 10% of total outstanding shall be made.		

Leverage Ratio Norms

An NBFC-BL shall maintain a leverage ratio of not more than 7 after March 31, 2015. Further, NBFCs which are primarily engaged in lending against gold jewellery (such loans comprising of 50 percent or more of their financial assets) shall maintain a minimum tier I capital of 12 per cent of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items.

Asset Classification

The Masters Directions require that every NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard assets;
- Sub-standard Assets;
- Doubtful Assets; and
- Loss assets

Further, such class of assets would not be entitled to be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. At present every NBFC is required to make a provision for standard assets at 0.40 per cent.

Standard Assets

The asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem or carry more than normal risk attached to the business.

Sub-standard Assets

Assets which have been classified as non-performing asset for a period not exceeding eighteen months; or assets where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms.

Doubtful Assets

Assets such as term loans, lease asset, a hire purchase asset or any other asset which remains a sub-standard asset for a period exceeding 18 months.

Loss Assets

An asset which has been identified as loss asset by the NBFC or its internal or external auditor by the RBI during the inspection of the NBFC, to the extent it is not written off by the NBFC and an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.

The Non-Performing Asset classification norm stands changed due to the overdue period of more than 90 days for applicable NBFCs. A glide path is provided to applicable NBFCs to adhere to the 90 days NPA form as –

NPA Norms	Timeline
>150 days overdue	By March 31, 2024
>120 days overdue	By March 31, 2025
> 90 days	By March 31, 2026

The glide path will not be applicable to NBFCs which are already required to follow the 90 day NPA norm.

Non-Performing Asset (NPA)

- (i) assets in respect of which interest has remained overdue for a period of more than 90 days.
- (ii) a term loan inclusive of unpaid interest when the instalment is overdue for a period of more than 90 days or on which interest amount remained overdue for a period of more than 90 days.
- (iii) a demand or call loan, which remained overdue for a period of more than 90 days from the date of demand or call or on which interest amount remained overdue for a period of more than 90 days.
- (iv) a bill which remains overdue for a period of more than 90 days
- (v) the interest in respect of a debt or the income on receivables under the head 'other current assets' in the nature of short-term loans/advances, which facility remained overdue for a period of more than 90 days.
- (vi) any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of more than 90 days. (vii) the lease rental and hire purchase instalment, which has become overdue for a period of more than 90 days
- (vii) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower/beneficiary when any of the above credit facilities becomes non-performing asset.

Provided that in case of lease and hire purchase transactions, an NBFC shall classify each such account on the basis of its record of recovery.

Other stipulations

All NBFCs are required to frame a policy for demand and call loan that includes provisions on the cut-off date for recalling the loans, the rate of interest, periodicity of such interest and periodical reviews of such performance.

Lending against security of gold

The RBI pursuant to the Scale Based Master Directions, as amended from time to time has prescribed that all NBFCs shall maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. The Value of gold jewellery, for the purpose of determining maximum permissible limit shall be the intrinsic value of the gold content therein and no other cost elements shall be added thereto.

Implementation of Green Initiative of the Government

All NBFCs are required take proactive steps for increasing the use of electronic payment systems, elimination of post-dated cheques and gradual phase-out of cheques in their day to day business transactions which would result in more cost-effective transactions and faster and accurate settlements.

Reserve Bank of India (Know Your Customer (KYC)) Master Directions, 2016 dated February 25, 2016, as amended (“RBI KYC Directions”)

The RBI KYC Directions are applicable to every entity regulated by the RBI, specifically, scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. In terms of the RBI KYC Directions, every entity regulated thereunder is required to formulate a KYC policy which is duly approved by the board of directors of such entity or a duly constituted committee thereof. The KYC policy formulated in terms of the RBI KYC Directions is required to include four key elements, being customer acceptance policy, risk management, customer identification procedures and monitoring of transactions. It is advised that all NBFC'S adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The RBI KYC Directions provide for a simplified procedure for opening accounts by NBFCs. It also provides for an enhanced and simplified due diligence procedure. It has prescribed detailed instructions in relation to, inter alia, the due diligence of customers, record management, and reporting requirements to Financial Intelligence Unit – India. The RBI KYC Directions have also issued instructions on sharing of information while ensuring secrecy and confidentiality of information held by Banks and NBFCs. The regulated entities must also adhere to the reporting requirements under Foreign Account Tax Compliance Act and Common Reporting Standards. The RBI KYC Directions also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The RBI KYC Directions were updated on April 20, 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 1, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The Directions were updated to accommodate authentication as per the AADHAR (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 and use of an Indian resident's Aadhar number as a document for the purposes of fulfilling KYC requirement. The RBI KYC Directions were further updated on January 9, 2020 with a view to leveraging the digital channels for customer identification process by regulated entities, whereby the RBI has decided to permit video based customer identification process as a consent based alternate method of establishing the customer's identity, for customer onboarding.

Accounting Standards & Accounting policies

Subject to the changes in Indian Accounting Standards (“IAS”) and regulatory environment applicable to a NBFC we may change our accounting policies in the future and it might not always be possible to determine the effect on the statement of profit and loss of these changes in each of the accounting years preceding the change. In such cases profit/loss for the preceding years might not be strictly comparable with the profit/loss for the period for which such accounting policy changes are being made. The Ministry of Corporate Affairs (“MCA”), in its press release dated January 18, 2016, issued a roadmap for implementation of Ind AS converged with IFRS for non-banking financial companies, scheduled commercial banks, insurers, and insurance companies, which was subsequently confirmed by the RBI through its circular dated February 11, 2016. The notification further explains that NBFCs whose equity and/or debt securities are listed or in the process of listing on any stock exchange in India or outside India and having a net worth of less than ₹50,000 lakh, shall comply with Ind AS for accounting periods beginning from April 1, 2021 onwards with comparatives for the periods ending on March 31, 2021 or thereafter. Accordingly, Ind AS is applicable to our Company with effect from April 1, 2021.

Reporting by Statutory Auditor

The statutory auditor of the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016 is required to submit to the Board of Directors of the company along with the statutory audit report, a special report certifying that the Directors have passed the requisite resolution mentioned above, not accepted any public deposits during the year and has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it. In the event of non-compliance, the statutory auditors are required to directly report the same to the RBI.

Master Direction – Non-Banking Financial Companies Auditor’s Report (Reserve Bank) Directions, 2016

In addition to the report made by the auditor under Section 143 of the Companies Act, 2013 on the accounts of an NBFC-BL, the auditor shall make a separate report to the Board of Directors of the company on *inter alia* examination of validity of certificate of registration obtained from the RBI, whether the NBFC is entitled to continue to hold such certificate of registration in terms of its Principal Business Criteria (financial asset / income pattern) as on 31st March of the applicable year, whether the NBFC is meeting the required net owned fund requirement, whether the board of directors has passed a resolution for non-acceptance of public deposits, whether the company has accepted any public deposits during the applicable year, whether the company has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it, whether the capital adequacy ratio as disclosed in the return submitted to the Bank in form NBS- 7, has been correctly arrived at and whether such ratio is in compliance with the minimum CRAR prescribed by the Bank, whether the company has furnished to the Bank the annual statement of capital funds, risk assets/exposures and risk asset ratio (NBS-7) within the stipulated period, and whether the non-banking financial company has been correctly classified as NBFC Micro Finance Institutions (MFI).

Master Direction – Reserve Bank of India (Filing of Supervisory Returns) Directions – 2024

These master directions repeal multiple circulars in order to create a consolidated set of relevant instructions for the purpose of filing of the supervisory returns. These directions provides a broader framework to understand the purpose of the returns and are a single reference for all supervisory returns. They also harmonize the timelines for filing of returns and consolidate all the relevant instructions for submission of returns.

Financing of NBFCs by bank

The RBI has issued guidelines vide a circular dated bearing number DBOD No. FSD. BC.46/24.01.028/2006-07 dated December 12, 2006 relating to the financial regulation of systemically important NBFC-NDs and the relationship of banks with such institutions. In particular, these guidelines prohibit banks from lending to NBFCs for the financing of certain activities, such as (i) bill discounting or rediscounting, except where such discounting arises from the sale of commercial vehicles and two wheelers or three wheelers, subject to certain conditions; (ii) unsecured loans or corporate deposits by NBFCs to any company; (iii) investments by NBFCs both of current and long term nature, in any company; (iv) further lending to individuals for the purpose of subscribing to an initial public offer.

In addition to the above the RBI has issued guidelines vide a circular dated bearing number DBR.BP.BC.No.5/21.04.172/2015-16 dated July 1, 2015 relating to bank financing of NBFCs predominantly engaged in lending against Gold has directed banks to (i) reduce their regulatory exposure ceiling on a single NBFC, having gold loans to the extent of 50% or more of its total financial assets 10% of banks’ capital funds. However, the exposure ceiling may go up by 5%, i.e., up to 15% of banks’ capital funds if the additional exposure is on account of funds on-lent by NBFCs to the infrastructure sector and (ii) to have an internal sub-limit on their aggregate exposures to all such NBFCs, having gold loans to the extent of 50% or more of their total financial assets, taken together. The sub-limits should be within the internal limit fixed by the banks for their aggregate exposure to all NBFCs put together.

Master Direction on Information Technology Framework for the NBFC Sector, 2017

All NBFCs shall have a board approved Information Technology policy/Information system policy.

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017

With a view to put in place necessary safeguards applicable to outsourcing of activities by NBFCs, the RBI has issued directions on managing risks and code of conduct in outsourcing of financial services by NBFCs (“**Risk Management Directions**”). The Risk Management Directions specify that core management functions like internal auditing, compliance functions, decision making functions such as compliance with KYC norms shall not be outsourced by NBFCs. Further, the Risk Management Directions specify that outsourcing of functions shall not limit its obligations to its customers.

Norms for excessive interest rates

In addition, the RBI has introduced *vide* a circular bearing reference number RBI/ 2006-07/ 414 dated May 24, 2007 whereby RBI has requested all NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the RBI has issued a Master Circular on Fair Practices Code dated July 1, 2015 for regulating the rates of interest charged by the NBFCs. These circulars stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. Further, this is also required to be made available on the NBFCs website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualised rate so that the borrower is aware of the exact rates that would be charged to the account.

Supervisory Framework

In order to ensure adherence to the regulatory framework by systemically important ND-NBFCs, the RBI has directed such NBFCs to put in place a system for submission of an annual statement of capital funds, and risk asset ratio etc. as at the end of March every year, in a prescribed format. This return is to be submitted electronically within a period of three months from the close of every financial year. Further, a NBFC is required to submit a certificate from its statutory auditor that it is engaged in the business of non-banking financial institution with requirement to hold a certificate of registration under the RBI Act. This certificate is required to be submitted within one month of the date of finalisation of the balance sheet and in any other case not later than December 30 of that particular year. Further, in addition to the auditor's report under Section 143 of the Companies Act, 2013 the auditors are also required to make a separate report to the Board of Directors on certain matters, including correctness of the capital adequacy ratio as disclosed in the return NBS-7 to be filed with the RBI and its compliance with the minimum CRAR, as may be prescribed by the RBI.

The Reserve Bank – Integrated Ombudsman Scheme, 2021 (the “Ombudsman Scheme”) dated November 12, 2021

The RBI through its ‘Statement on Developmental and Regulatory Policies’ dated February 5, 2021, proposed the integration of the Ombudsman Scheme for Non-Banking Financial Companies, 2018 with the Banking Ombudsman Scheme, 2006 and the Ombudsman Scheme for Digital Transactions, 2019 under the ‘One Nation One Ombudsman’ approach for grievance redressal and has done the same through the Ombudsman Scheme effective from November 12, 2021. This is intended to make the process of redressal of grievances easier by enabling the customers of the banks, NBFCs and non-bank issuers of prepaid payment instruments to register their complaints under the integrated scheme, with one centralized reference point.

The Ombudsman Scheme was introduced by the RBI with the object of enabling resolution of complaints in respect of certain services rendered by certain categories of NBFCs, to facilitate the satisfaction or settlement of such complaints, and matters connected therewith. Further, the RBI through its notification on Appointment of Internal Ombudsman by Non-Banking Financial Companies dated November 15, 2021 has established the office of Internal Ombudsman for NBFCs along with its roles and responsibilities.

The Ombudsman Scheme, inter alia, establishes the office of the ombudsman, specifies the procedure for the redressal of grievances and the mechanism for appeals against the awards passed by the ombudsman.

Appointment of Internal Ombudsman by Non-Banking Financial Companies dated November 15, 2021

The RBI notification requires the appointment of internal ombudsman by NBFCs fulfilling the following criteria as on the date of the circular: (a) Deposit-taking NBFCs (NBFCs-D) with 10 or more branches. (b) Non-Deposit taking NBFCs (NBFCs-ND) with asset size of ₹ 50 billion and above and having public customer interface. NBFCs are required to internally escalate all complaints that are partly or wholly rejected by the NBFC's internal grievance redress mechanism to the internal ombudsman for a final decision within a period of three weeks from the date of receipt of the complaint. Thereafter, the internal ombudsman and the NBFC are required to ensure that the final decision is communicated to the complainant within 30 days from the date of receipt of the complaint by the NBFC. In case any complaint is fully or partly rejected even after examination by the internal ombudsman, the NBFC is necessitated to advise to the complainant as part of the reply of the customer's option to approach the RBI Ombudsman for redress (if the complaint falls under the RBI Ombudsman mechanism) along with complete details.

Asset Liability Management

The RBI has prescribed the Guidelines for Asset Liability Management (“**ALM**”) System in relation to NBFCs (“**ALM Guidelines**”) that are applicable to all NBFCs through a Master Circular on Miscellaneous Instructions to All Non-Banking Financial Companies dated July 1, 2015. As per this Master Circular, the NBFCs (engaged in and classified as equipment leasing, hire purchase finance, loan, investment and residuary non-banking companies) meeting certain criteria, including, an asset base of ₹ 10,000 lakhs, irrespective of whether they are accepting / holding public deposits or not, or holding public deposits of ₹ 2,000 lakhs or more (irrespective of the asset size) as per their audited balance sheet as of March 31, 2001, are required to put in place an ALM system. The ALM Guidelines mainly address liquidity and interest rate risks. In case of structural liquidity, the negative gap (i.e. where outflows exceed inflows) in the 1 to 30/31 days’ time-bucket should not exceed the prudential limit of 15 per cent of cash outflows of each time-bucket and the cumulative gap of up to one year should not exceed 15 per cent of the cumulative cash outflows of up to one year. In case these limits are exceeded, the measures proposed for bringing the gaps within the limit should be shown by a footnote in the relevant statement.

Foreign Investment Regulations

Foreign investment in Indian securities is regulated through the Consolidated Foreign Direct Investment (“**FDI**”) Policy and Foreign Exchange Management Act, 1999 (“**FEMA**”). The government bodies responsible for granting foreign investment approvals are the concerned ministries/ departments of the Government of India and the RBI. The Union Cabinet has approved phasing out the Foreign Investment Promotion Board, as provided in the press release dated May 24, 2017. Accordingly, pursuant to the office memorandum dated June 5, 2017, issued by the Department of Economic Affairs, Ministry of Finance, approval of foreign investment under the FDI policy has been entrusted to concerned ministries/departments. Subsequently, the Department of Industrial Policy & Promotion (“**DIPP**”) issued the Standard Operating Procedure (SOP) for Processing FDI Proposals on June 29, 2017 (the “**SOP**”). The SOP provides a list of the competent authorities for granting approval for foreign investment for sectors/activities requiring Government approval. For sectors or activities that are currently under automatic route but which required Government approval earlier as per the extant policy during the relevant period, the concerned administrative ministry/department shall act as the competent authority (the “**Competent Authority**”) for the grant of post facto approval of foreign investment. In circumstances where there is a doubt as to which department shall act as the Competent Authority, the DIPP shall identify the Competent Authority. The DIPP has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendment to FEMA. In case of any conflict FEMA prevails.

The Foreign Exchange Management (Debt Instruments) Regulations, 2019 notified by RBI on October 17, 2019, regulate investment in India by a person resident outside India in listed NCDs.

The Consolidated FDI Policy consolidates the policy framework in place as on August 27, 2017. Further, on January 4, 2018 the RBI released the Master Direction on Foreign Investment in India. Under the approval route, prior approval from the relevant ministry and competent authorities, as per the procedure established under the Standard Operating Procedure for Processing FDI Proposals (“**SOP**”) dated June 29, 2017 or RBI is required. FDI for the items/activities that cannot be brought in under the automatic route may be brought in through the approval route. Approvals are accorded on the recommendation of the FIPB, which is chaired by the Secretary, DIPP, with the Union Finance Secretary, Commerce Secretary and other key Secretaries of the Government of India as its members.

As per the sector specific guidelines of the Government of India, 100 per cent FDI/ Non-Resident Indian (“**NRI**”) investments are allowed under the automatic route in certain NBFC activities subject to compliance with guidelines of the RBI in this regard.

Guidelines for Licencing and other Approvals for Authorised Money Changers (AMCs)

Under the Scheme, the Reserve Bank permits FFMCs to enter into franchisee/agency agreements at their option for the purpose of carrying on Restricted Money Changing business i.e. conversion of foreign currency notes, coins or travellers' cheques into Indian Rupees.

A franchisee can be any entity which has a place of business and a minimum Net Owned Funds of ₹10 lakhs. Franchisees can undertake only restricted money changing business.

FFMCs as the franchisers are free to decide on the tenor of the arrangement as also the commission or fee through mutual agreement with the franchisee. The Agency/Franchisee agreement to be entered into should include the salient features as mentioned under the master circular. The master circular also prescribes the procedure for application, due diligence of franchisees, selection of centres, training, reporting, audit and inspection of franchisees and Anti Money Laundering (AML)/Know Your Customer (KYC)/Combating the Financing of Terrorism (CFT) Guidelines.

Note: No licence for appointment of franchisees will be issued to any FFMC, against whom any major DoE/DRI/CBI/Police case is pending. In case where any FFMC has received one-time approval for appointing franchisees and subsequent to the date of approval, any DoE/DRI/CBI/Police case is filed, the FFMC should not appoint any further franchisees and bring the matter to the notice of the Reserve Bank immediately. A decision will be taken by the Reserve Bank regarding allowing the FFMC to appoint franchisees.

Operational Instructions

Foreign exchange in any form can be brought into India freely without limit provided it is declared on the Currency Declaration Form (CDF) on arrival to the Custom Authorities. When foreign exchange brought in the form of currency notes or travellers' cheques does not exceed US \$10,000 or its equivalent and/or the value of foreign currency notes does not exceed US \$5,000 or its equivalent, declaration thereof on CDF is not insisted upon.

Taking out foreign exchange in any form, other than foreign exchange obtained from an authorised dealer or a money changer is prohibited unless it is covered by a general or special permission of the Reserve Bank. Non-residents, however, have general permission to take out an amount not exceeding the amount originally brought in by them, subject to compliance with the provisions of sub-para above.

Authorised Money Changers (AMCs)/franchisees may freely purchase foreign currency notes, coins and traveller's cheques from residents as well as non-residents. Where the foreign currency was brought in by declaring on form CDF, the tenderer should be asked to produce the same. The AMC should invariably insist on production of declaration in CDF.

AMCs may sell Indian Rupees to foreign tourists/visitors against International Credit Cards/International Debit Cards and take prompt steps to obtain reimbursement through normal banking channels.

AMCs may issue certificate of encashment when asked for in cases of purchases of foreign currency notes, coins and travellers cheques from residents as well as non-residents. These certificates bearing authorised signatures should be issued on the letter head of the money changer and proper record should be maintained. In cases where encashment certificate is not issued, attention of the customers should be drawn to the fact that unspent local currency held by non-residents will be allowed to be converted into foreign currency only against production of a valid encashment certificate.

AMCs may purchase from other AMCs and ADs any foreign currency notes, coins and encashed travellers' cheques tendered in the normal course of business. Rupee equivalent of the amount of foreign exchange purchased should be paid only by way of crossed account payee cheque/demand draft/bankers' cheque/Pay order.

AMCs may sell foreign exchange up to the prescribed ceiling (currently US \$ 10,000) specified in Schedule III to the Foreign Exchange Management (Current Account Transaction) Rules, 2000 during a financial year to persons resident in India for undertaking one or more private visits to any country abroad (except Nepal and Bhutan). Exchange for such private visits will be available on a self-declaration basis to the traveller regarding the amount of foreign exchange availed during a financial year. Foreign nationals permanently resident in India are also eligible to avail of this quota for private

visits provided the applicant is not availing of facilities for remittance of his salary, savings, etc., abroad in terms of extant regulations.

AMCs may sell foreign exchange to persons' resident in India for undertaking business travel or for attending a conference or specialised training or for maintenance expenses of a patient going abroad for medical treatment or check-up abroad or for accompanying as attendant to a patient going abroad for medical treatment/check-up up to the limits as specified in Schedule III to FEMA (Current Account Transactions) Rules, 2000.

AMCs may convert into foreign currency, unspent Indian currency held by non-residents at the time of their departure from India, provided a valid Encashment Certificate is produced.

AMCs may convert at their discretion, unspent Indian currency up to ₹10,000 in the possession of non-residents if, for bona fide reasons, the person is unable to produce an Encashment Certificate after ensuring that the departure is scheduled to take place within the following seven days. FFCs may provide facility for reconversion of Indian Rupees to the extent of ₹50,000 to foreign tourists (not NRIs) against ATM Receipts based on the following documents- Valid passport and visa, ticket confirmed for departure within 7 days, Original ATM slip.

AMCs may issue a cash memo, if asked for, on official letterhead to travellers to whom foreign currency is sold by them. The cash memo may be required for production to emigration authorities while leaving the country.

AMCs may put through transactions relating to foreign currency notes and travellers' cheques at rates of exchange determined by market conditions and in alignment with the ongoing market rates.

AMCs should display at a prominent place in or near the public counter, a chart indicating the rates for purchase/sale of foreign currency notes and travellers' cheques for all the major currencies and the card rates for any day, should be updated, latest by 10:30 a.m.

AMCs should keep balances in foreign currencies at reasonable levels and avoid build-up of idle balances with a view to speculating on currency movements.

Franchisees should surrender foreign currency notes, coins and travellers' cheques purchased only to their franchisers within seven working days.

The transactions between authorised dealers and FFCs should be settled by way of account payee crossed cheques/demand drafts. Under no circumstances should settlement be made in cash.

AMCs may obtain their normal business requirements of foreign currency notes from other AMCs/authorised dealers in foreign exchange in India, against payment in rupees made by way of account payee crossed cheque/demand draft.

Where AMCs are unable to replenish their stock in this manner, they may make an application to the Forex Markets Division, Foreign Exchange Department, Central Office, RBI, Mumbai through an AD Category-I for permission to import foreign currency into India. The import should take place through the designated AD Category-I through whom the application is made.

AMCs may export surplus foreign currency notes/encashed travellers' cheques to an overseas bank through designated Authorised Dealer–Category - I in foreign exchange for realisation of their value through the latter. FFCs may also export surplus foreign currency to private money changers abroad subject to the condition that either the realisable value is credited in advance to the AD Category – I bank's nostro account or a guarantee is issued by an international bank of repute covering the full value of the foreign currency notes/coins to be exported.

In the event of foreign currency notes purchased being found fake/forged subsequently, AMCs may write-off up to US \$ 2000 per financial year after approval of their Top Management after exhausting all available options for recovery of the amount. Any write-off in excess of the above amount, would require the approval of the Regional Office concerned of the Foreign Exchange Department of the Reserve Bank.

Further, provisions regarding the following are also mentioned-

- Registers and Books of Accounts of Money-changing Business
- Submission of Statements to the Reserve Bank
- Inspection of Transactions of AMCs

- Concurrent Audit
- Temporary Money Changing Facilities
- Opening of Foreign Currency Accounts by AMCs

AMCs, with the approval of the respective Regional Offices of the Foreign Exchange Department, may be allowed to open Foreign Currency Accounts in India, subject to the following conditions: -

- Only one account may be permitted at a particular centre.
- Only the value of foreign currency notes/encashed TCs exported through the specific bank and realised can be credited to the account.
- Balances in the accounts shall be utilised only for settlement of liabilities on account of:
 - TCs sold by the AMCs,
 - Foreign currency notes acquired by the AMCs from AD Category-I banks, and
 - No idle balance shall be maintained in the said account.

All AMCs are required to submit their annual audited balance sheet to the respective Regional office of the Reserve Bank for the purpose of verification of their Net Owned Funds along-with a certificate from the statutory auditors regarding the NOF as on the date of the balance sheet. As AMCs are expected to maintain the minimum NOF on an ongoing basis, if there is any erosion in their NOF below the minimum level, they are required to bring it to the notice of the Reserve Bank immediately along with a detailed time bound plan for restoring the Net Owned Funds to the minimum required level.

FFMCs, which are not Regional Rural Banks (RRBs), Local Area Banks (LABs), Urban Co-operative Banks (UCBs) and Non-Banking Financial Companies (NBFCs) having a minimum net worth of ₹500 lakhs, may participate in the designated currency futures and currency options on exchanges recognised by the Securities and Exchange Board of India (SEBI) as clients only for the purpose of hedging their underlying foreign exchange exposures. FFMCs and ADs Category-II which are RRBs, LABs, UCBs and NBFCs, may be guided by the instructions issued by the respective regulatory Departments of the Reserve Bank in this regard.

The Recovery of Debts due to Banks and Financial Institutions Act, 1993

The Recovery of Debts due to Banks and Financial Institutions Act, 1993 (the “**DRT Act**”) provides for establishment of the Debts Recovery Tribunals (the “**DRTs**”) for expeditious adjudication and recovery of debts due to banks and public financial institutions or to a consortium of banks and public financial institutions. Under the DRT Act, the procedures for recovery of debt have been simplified and time frames have been fixed for speedy disposal of cases. The DRT Act lays down the rules for establishment of DRTs, procedure for making application to the DRTs, powers of the DRTs and modes of recovery of debts determined by DRTs. These include attachment and sale of movable and immovable property of the defendant, arrest of the defendant and his detention in prison and appointment of receiver for management of the movable or immovable properties of the defendant.

The DRT Act also provides that a bank or public financial institution having a claim to recover its debt, may join an ongoing proceeding filed by some other bank or public financial institution, against its debtor, at any stage of the proceedings before the final order is passed, by making an application to the DRT.

Anti-Money Laundering

The RBI has issued a Master Circular dated July 1, 2015 to ensure that a proper policy framework for the Prevention of Money Laundering Act, 2002 (“**PMLA**”) is put into place. The PMLA seeks to prevent money laundering and provides for confiscation of property derived from or involved in money laundering and for other matters connected therewith or incidental thereto. It extends to all banking companies, financial institutions, including NBFCs and intermediaries. Pursuant to the provisions of PMLA and the RBI guidelines, all NBFCs are advised to appoint a principal officer for internal reporting of suspicious transactions and cash transactions and to maintain a system of proper record (i) for all cash transactions of value of more than ₹ 10 lakhs; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹ 10 lakhs where such series of transactions have taken place within one month and the aggregate value of such transaction exceeds ₹ 10 lakhs. Further, all NBFCs are required to take appropriate steps to evolve a system for proper maintenance and preservation of account information in a manner that allows data to be retrieved easily and quickly whenever required or when requested by the competent authorities. Further, NBFCs are also required to maintain for at least ten years from the date of transaction between the NBFCs and the client, all necessary records of transactions, both domestic or international, which will permit reconstruction of individual transactions (including the amounts and types of currency involved if any) so as to provide, if necessary, evidence for prosecution of persons involved in criminal activity.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least ten years after the business relationship is ended. The identification records and transaction data is to be made available to the competent authorities upon request.

RBI Notification dated December 3, 2015 titled “Anti-Money Laundering (AML)/ Combating of Financing of Terrorism (CFT) – Standards” states that all regulated entities (including NBFCs) are to comply with the updated FATF Public Statement and document ‘Improving Global AML/CFT Compliance: on-going process’ as on October 23, 2015.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“SARFAESI Act”)

The SARFAESI Act regulates the securitization and reconstruction of financial assets of banks and financial institutions. The RBI has issued guidelines to banks and financial institutions on the process to be followed for sales of financial assets to asset reconstruction companies. These guidelines provide that a bank or a financial institution or an NBFC may sell financial assets to an asset reconstruction company provided the asset is a Non-Performing Asset (“NPA”). Securitisation Companies and Reconstruction Companies (“SCs/RCs”) are required to obtain, for the purpose of enforcement of security interest, the consent of secured creditors holding not less than 60 per cent of the amount outstanding to a borrower as against 75 per cent. While taking recourse to the sale of secured assets in terms of Section 13(4) of the SARFAESI Act, a SC/RC may itself acquire the secured assets, either for its own use or for resale, only if the sale is conducted through a public auction. As per the SARFAESI Amendment Act of 2004, the constitutional validity of which was upheld in a recent Supreme Court ruling, non-performing assets have been defined as an asset or account of a borrower, which has been classified by a bank or financial institution as sub-standard, doubtful or loss asset in accordance with directions or guidelines issued by the RBI. In case the bank or financial institution is regulated by a statutory body/authority, NPAs must be classified by such bank in accordance with guidelines issued by such regulatory authority. The RBI has issued guidelines on classification of assets as NPAs. Further, these assets are to be sold on a “without recourse” basis only.

The SARFAESI Act provides for the acquisition of financial assets by Securitization Company or Reconstruction Company from any bank or financial institution on such terms and conditions as may be agreed upon between them. A securitization company or reconstruction company having regard to the guidelines framed by the RBI may, for the purposes of asset reconstruction, provide for measures such as the proper management of the business of the borrower by change in or takeover of the management of the business of the borrower, the sale or lease of a part or whole of the business of the borrower and certain other measures such as rescheduling of payment of debts payable by the borrower; enforcement of security.

Additionally, under the provisions of the SARFAESI Act, any securitisation company or reconstruction company may act as an agent for any bank or financial institution for the purpose of recovering its dues from the borrower on payment of such fee or charges as may be mutually agreed between the parties. Various provisions of the SARFAESI Act have been amended by the Enforcement of Security Interest and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 as also the Insolvency and Bankruptcy Code, 2016 (which amended S.13 of SARFAESI). As per this amendment, the Adjudicating Authority under the Insolvency and Bankruptcy Code, 2016 shall by order declare moratorium for prohibiting *inter alia* any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the SARFAESI Act. Further, in accordance with Ministry of Finance notification S.O. 856(E) dated February 24, 2020, the eligibility limit for enforcement of security interest with respect to secured debt recovery by NBFCs (having assets worth ₹ 100 Crores and above) has been reduced from ₹ 100 lakhs to ₹ 50 lakhs.

Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 (Bankruptcy Code) was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process. RBI vide its circular dated June 7, 2019, laid down the Prudential Framework for Resolution of Stressed Assets whereby prescribing the regulatory approach for resolution of stressed assets *inter alia* by: (i) early recognition and reporting of default by banks, financial institutions and NBFCs in respect of large borrowers; (ii) Affording complete discretion to lenders with regard to design and implementation of resolution plans, in supersession of earlier resolution schemes (S4A, SDR, 5/25 etc.), subject to the specified timeline and

independent credit evaluation; (iii) Laying down a system of disincentives in the form of additional provisioning for delay in implementation of resolution plan or initiation of insolvency proceedings; (iv) Withdrawal of asset classification dispensations on restructuring. Future upgrades to be contingent on a meaningful demonstration of satisfactory performance for a reasonable period; and (v) Requiring the mandatory signing of an inter-creditor agreement (ICA) by all lenders, which will provide for a majority decision making criteria. MCA vide notification dated November 15, 2019, issued the Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules, 2019 (“**FSP Rules**”) *interalia* governing the corporate insolvency resolution process and liquidation process of Financial Service Providers (FSPs) under the Bankruptcy Code. The issuance of the FSP Rules has made viable and unified resolution process accessible for the FSPs and their creditors with some procedural differences.

Companies Act, 2013

The Companies Act, 2013 (“**Companies Act**”) has been notified by the Government of India on August 30, 2013 (the “**Notification**”). Under the Notification, Section 1 of the Companies Act has come into effect and the remaining provisions of the Companies Act have and shall come into force on such dates as the Central Government has notified and shall notify. Section 1 of the Companies Act deals with the commencement and application of the Companies Act and among others sets out the types of companies to which the Companies Act applies. Further the Ministry of Corporate Affairs has by their notifications dated September 12, 2013 and March 26, 2014 notified certain sections of the Companies Act, which have come into force from September 12, 2013 and April 1, 2014. The Companies Act provides for, among other things, changes to the regulatory framework governing the issue of capital by companies, corporate governance, audit procedures, corporate social responsibility, requirements for independent directors, director’s liability, class action suits, and the inclusion of women directors on the boards of companies. The Companies Act is complemented by a set of rules that set out the procedure for compliance with the substantive provisions of the Companies Act. As mentioned above, certain provisions of the Companies Act, 2013 have already come into force and the rest shall follow in due course.

Under the Companies Act every company having net worth of ₹50,000 lakh or more, or turnover of ₹1,00,000 lakh or more or a net profit of ₹ 500 lakh or more during the immediately preceding financial year shall formulate a corporate social responsibility policy. Further, the board of every such company shall ensure that the company spends, in every financial year, at least two per cent of the average net profits of the company made during the three immediately preceding financial years in pursuance of its corporate social responsibility policy.

Shops and Establishments legislations in various states

The provisions of various Shops and Establishments legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of *inter-alia* registration, opening and closing hours, daily and weekly working hours, holidays, leave, health, termination of services and safety measures and wages for overtime work.

Labour Laws

India has stringent labour related legislations. The Company is required to comply with certain labour laws, which include the Employees’ Provident Funds and Miscellaneous Provisions Act 1952, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, Workmen Compensation Act, 1923, the Payment of Gratuity Act, 1972 and the Payment of Wages Act, 1936, amongst others.

Intellectual Property

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trademarks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement.

Appointment of Debenture Trustee

The Company has appointed Mitcon Credentia Trusteeship Services Limited, as the Debenture Trustee in accordance with the terms of the Debenture Trustee Agreement.

Terms and Conditions of Debenture Trustee Agreement

Fees charged by Debenture Trustee

The Debenture Trustee has agreed for one time acceptance fee amounting to ₹60,000 as trustee acceptance fees (one time payable on acceptance of offer) plus applicable taxes along with annual fees amounting to ₹70,000 (per annum payable in advance) plus applicable taxes for the services as agreed in the engagement letter no. MCTSL/EL/24-25/598 dated March 03, 2025.

Terms of carrying out due diligence

As per the SEBI Master Circular for Debenture Trustees, as amended and/ or supplemented from time to time, the Debenture Trustee is required to exercise independent due diligence on continuous basis to ensure that the assets of the Issuer company are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times. Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our company has consented to.

- a. The Debenture Trustee, either through itself or its agents /advisors/ consultants, shall carry out requisite diligence on continuous basis to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the offer document /disclosure document / information memorandum / private placement memorandum, has been obtained. For the purpose of carrying out the due diligence as required in terms of the Relevant Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical experts/management consultants appointed by the Debenture Trustee.
- b. The Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, Sub-registrar of Assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be relevant, where the assets and/or encumbrances in relation to the assets of the Company or any third party security provider are registered / disclosed.
- c. Further, in the event that existing charge holders have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.
- d. Without prejudice to the aforesaid, the Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the Debentures, in accordance with the Relevant Laws.

The Debenture Trustee shall have the power to either independently appoint or direct the Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Company. Process of Due Diligence to be carried out by the Debenture Trustee Due Diligence will be carried out as per SEBI NCS Regulations and circulars issued by SEBI from time to time. This would broadly include the following:

- A Chartered Accountant (“CA”) appointed by Debenture Trustee will conduct independent due diligence as per scope provided, regarding security offered by the Issuer.
- CA will ascertain, verify, and ensure that the assets offered as security by the Issuer is free from any encumbrances or necessary permission / consent / NOC has been obtained from all existing charge holders.
- CA will conduct independent due diligence on the basis of data / information provided by the Issuer.
- CA will, periodically undertake due diligence as envisaged in SEBI circulars depending on the nature of security.
- On basis of the CA’s report / finding Due Diligence certificate will be issued by Debenture Trustee and will be filed with relevant Stock Exchanges.
- Due Diligence conducted is premised on data / information made available to the Debenture Trustee appointed agency and there is no onus of responsibility on Debenture Trustee or its appointed agency for any acts of omission / commission on the part of the Issuer.

While the NCD is secured as per terms of the Offer Document and charge is held in favour of the Debenture Trustee, the extent of recovery would depend upon realization of asset value and the Debenture Trustee in no way guarantees / assures full recovery / partial of either principal or interest.

Other Confirmations

The Debenture Trustee confirms that they have undertaken the necessary due diligence in accordance with Applicable Law, including the SEBI (Debenture Trustees) Regulations, 1993, read with the SEBI Master Circular for Debenture Trustees.

This Issue for an amount up to ₹5,00,000 thousand with an option to retain oversubscription of up to ₹5,00,000 thousand, aggregating up to ₹10,00,000 thousand has been approved by the Debenture Issue Committee of the Board of our Company in its meeting dated March 11, 2025.

Further, the present Issue is within the borrowing limits of ₹ 2,00,00,000 thousand under Sections 180(1)(c) of the Companies Act, 2013 duly approved by the members of our Company vide their resolution passed via postal ballot on May 30, 2024.

Principal Terms & Conditions of this Issue

The NCDs being offered as part of the Issue are subject to the provisions of the SEBI NCS Regulations, the Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of Draft Prospectus, this Prospectus, the Application Forms, the terms and conditions of the Debenture Trustee Agreement, the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI, the Government of India, BSE, RBI, and/or other statutory/regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of NCDs

The NCDs being offered through this Issue would constitute direct and secured obligations of the Company and shall rank *Pari Passu*, and subject to any obligations under applicable statutory and/or regulatory requirements, shall also, with regard to the amount invested, be secured by way of first ranking pari passu charge with Existing Secured Creditors, on all fixed assets (excluding immovable properties), current assets, including book debts, receivables, loans and advances and cash & bank balances (excluding reserves created in accordance with law and exclusive charge created in favour of secured charge holders in terms of their respective loan agreements/documents), both present and future of the Company. The claims of the NCD Holders shall be superior to the claims of any unsecured creditors, subject to applicable statutory and/or regulatory requirements.

Security

The Issue comprises of public issue of secured, redeemable, non-convertible debentures of face value of ₹1,000 each.

The principal amount of the NCDs to be issued in terms of this Prospectus together with all interest due on the NCDs, as well as all costs, charges, all fees, remuneration of Debenture Trustee and expenses payable in respect thereof shall be secured by way of first ranking pari passu charge with Existing Secured Creditors, on all fixed assets (excluding immovable properties), current assets, including book debts, receivables, loans and advances and cash & bank balances (excluding reserves created in accordance with law and exclusive charge created in favour of secured charge holders in terms of their respective loan agreements/documents), both present and future of the Company.

Our Company will create the security for the NCDs in favour of the Debenture Trustee for the Debenture Holders holding the NCDs on the assets to ensure 100.00% security cover or higher of the amount outstanding including interest in respect of the NCDs at any time.

Our Company has entered into the Debenture Trustee Agreement and in furtherance thereof intends to enter into a deed of agreement with the Debenture Trustee, ("**Debenture Trust Deed**"), the terms of which shall govern the appointment of the Debenture Trustee and the issue of the NCDs.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the Debenture Holders holding the NCDs the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on the NCDs at the rate specified in the Prospectus and in the Debenture Trust Deed.

The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security subject to prior written consent of the Debenture Trustee and/or may replace with another asset of the same or a higher value.

Our Company confirms that the Issue Proceeds shall be kept in the Public Issue Account until the documents for creation of security i.e., the Debenture Trust Deed, is executed.

Further, in the event our Company fails to execute the Debenture Trust Deed within the period specified in Regulation 18(1) of the SEBI NCS Regulations or such other time frame as may be stipulated from time-to-time, our Company shall pay interest of at least 2% p.a. to each NCD Holder, over and above the agreed coupon rate, till the execution of the Debenture Trust Deed. The security shall be created prior to making the listing application for the NCDs with the Stock Exchange.

Debenture Redemption Reserve

In accordance with amendments to the Companies Act, 2013, and the Companies (Share Capital & Debentures) Rules 2014, read with the SEBI NCS Regulations, an NBFC registered with RBI under section 45 IA of the Reserve Bank of India Act, 1934, is not required to create a DRR for the purpose of redemption of debentures. Pursuant to the amendment to the Companies (Share Capital & Debentures) Rules 2014, notified on August 16, 2019, and as on the date of filing of the Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue. Our Company shall, as per the Companies (Share Capital & Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;
2. in unencumbered securities of the Central Government or any State Government;
3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;
4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882:

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Recovery Expense Fund

Pursuant to the SEBI Master Circular for Debenture Trustees, the creation of the recovery expense fund shall be in accordance with the aforementioned circular, as may be amended from time to time.

Face Value

The face value of each NCD to be issued under this Issue shall be ₹1,000.

Debenture Holder not a Shareholder

The Debenture Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

A. Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided under the Companies Act, 2013, our Memorandum of Association and Articles of Association and/or the Debenture Trust Deed, confer upon the NCD Holders thereof any rights or privileges available to our members including the right to receive notices or annual reports of, or to attend and/or

vote, at our general meeting. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members, the said resolution will first be placed before the concerned registered NCD Holders for their consideration. The opinion of the Debenture Trustee as to whether such resolution is affecting the right attached to the NCDs is final and binding on NCD Holders. In terms of Section 136 of the Companies Act, 2013, the NCD Holders shall be entitled to a copy of the balance sheet and copy of trust deed on a specific request made to us.

2. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
3. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, the registered NCD Holder or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by them.
4. The NCDs are subject to the provisions of the SEBI NCS Regulations, the applicable provisions of Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of the Prospectus, the Abridged Prospectus, the Application Form, the terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to the issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
5. For the NCDs issued in dematerialized form, the Depositories shall also maintain updated records of holders of the NCDs in dematerialized Form. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register and index of beneficial of NCDs maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a Register of NCD Holders for this purpose. The same shall be maintained at the registered office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD Holders.
6. Subject to compliance with applicable statutory requirements, the NCDs can be rolled over only with the consent of the holders of at least 75% of the outstanding amount of the NCDs after providing at least 15 days' prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the NCDs of all the NCD Holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD Holders are merely indicative. The final rights of the NCD Holders will be as per the terms of the Prospectus and the Debenture Trust Deed.

Debenture Trustees for the NCD Holders

We have appointed MITCON Credentia Trusteeship Services Limited to act as the Debenture Trustees for the NCD Holders in terms of Regulation 8 of the SEBI NCS Regulations and Section 71(5) of the Companies Act, 2013 and the rules prescribed thereunder. We and the Debenture Trustee will execute a Debenture Trust Deed, inter alia, specifying the powers, authorities and obligations of the Debenture Trustee and us with respect to the NCDs. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us pro tanto to the Debenture Holder(s).

The Debenture Trustee will protect the interest of the NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost. It is the duty of the debenture trustee to monitor the security cover is maintained, however, the recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

Our Company shall not create any further encumbrances on the Security except with the prior approval of the Debenture Trustee. In the event of such request by our Company, the Debenture Trustee shall provide its approval for creation of further charges provided that our Company provides a certificate from a chartered accountant stating that after creation of such further charges, the required Security cover is maintained.

At any time before the Security constituted hereunder becomes enforceable, the Debenture Trustee, may, at the request of our Company and without any consent of the NCD Holders, do or concur our Company in doing all or any of the things which our Company might have done in respect of the Security as if no security had been created and particularly, but not by way of limitation, the following assent to any modification of any contracts or arrangements which may be subsisting in relation to the Security.

- xx. any other event described as an Event of Default in the Draft Prospectus, this Prospectus and the Issue Documents and such default continues for 30 (thirty) days after written notice has been given by the Debenture Trustee to the Company requiring the same to be remedied.

Upon the occurrence of an Event of Default, the Debenture Trustee, shall enforce the Security and exercise the power of sale as set out under Clause 13 or any other right over the Hypothecated Properties conferred on the Debenture Trustee under the Deed, in accordance with SEBI Debenture Trustee Circular bearing reference number SEBI/HO/DDHS-PoD3/P/CIR/2024/46 dated May 16, 2024 and other applicable law.

All expenses incurred by the Debenture Trustee after an Event of Default has occurred in connection with:

- i. preservation of the Company's assets (whether then or thereafter existing); and
- ii. collection of amounts due in respect of the NCDs;

In terms of the SEBI NCS Regulations, any default committed by the issuer shall be reckoned at the International Securities Identification Number ("ISIN") level notwithstanding the debt securities and/or non-convertible redeemable preference shares being issued under different offer documents.

Any event of default shall be called by the Debenture Trustee, upon request in writing of or by way of resolution passed by holders of NCDs at any point of time or as set out in the Debenture Trust Deed, except for any default relating to points i, ii, iii and iv under the "Indicative list of Events of Default" given above, where no such consent/ resolution of NCD holders will be required for calling of event of default.

Regulation 51 read with the Explanation to Clause A (11) in Part B of Schedule III of the SEBI Listing Regulations, defines 'default' as non-payment of interest or principal amount in full on the pre-agreed date which shall be recognized at the first instance of delay in the servicing of any interest or principal on debt. It is hereby confirmed, in case of an occurrence of a "default", the Debenture Trustee shall abide and comply with the procedures mentioned in the abovementioned SEBI Master Circular for Debenture Trustees.

In case of any default in payment of interest or redemption of debt securities or in creation of security in accordance with the terms of the offer document, any distribution of dividend by the Issuer shall require approval of the debenture trustee.

In case of any other Event of Defaults (other than payment defaults stated above) the Debenture Trustee shall, on the instructions of the NCD Holders, by a notice in writing to the Company initiate further course of action in accordance with the Debenture Trust Deed.

In accordance with SEBI Master Circular for Debenture Trustees, post the occurrence of a “default”, the consent of the NCD Holders for entering into an inter-creditor agreement (the “ICA”)/enforcement of security shall be sought by the debenture trustee after providing a notice to the investors in the manner stipulated under applicable law. Further, the meeting of the NCD Holders shall be held within the period stipulated under applicable law. In case(s) where majority of investors express their consent to enter into the ICA, the debenture trustee shall enter into the ICA on behalf of the investors upon compliance with the conditions as stipulated in the abovementioned circular. In case consents are not received for signing the ICA, the debenture trustee shall take further action, if any, as per the decision taken in the meeting of the investors. The consent of the majority of investors shall mean the approval of not less than 75% of the investors by value of the outstanding debt and 60% of the investors by number at the ISIN level.

Market Lot and Trading Lot

Since trading of the NCDs is in dematerialised form, the tradable lot is one NCD.

Allotment in the Issue will be in demat form in multiples of one NCD. For details of allotment, see “*Issue Procedure*” on page 242.

Nomination facility to Debenture Holder

In accordance with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014 (“**Rule 19**”) and Section 72 of the Companies Act, 2013, the sole Debenture Holder, or first Debenture Holder, along with other joint Debenture Holders’ (being individual(s)), may nominate, in the **Form No. SH.13**, any one person in whom, in the event of the death of Applicant the NCDs Allotted, if any, will vest. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in **Form No. SH.13** any person as nominee. A nominee entitled to the NCDs by reason of the death of the original holder(s), will, in accordance with Rule 19 and Section 56 of the Companies Act, 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the NCDs. Where the nominee is a minor, the holder(s) may make a nomination to appoint, in **Form No. SH.14**, any person to become entitled to NCDs in the event of the holder’s death during minority. A nomination will stand rescinded on a sale/transfer/alienation of NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office, Corporate Office or with the Registrar to the Issue.

Debenture Holder(s) are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCD(s) to the nominee in the event of demise of the Debenture Holder(s). The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with Rule 19, any person who becomes a nominee by virtue of the Rule 19, will on the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as the holder of the NCDs; or
- to make such transfer of the NCDs, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, the Board may thereafter withhold payment of all interests or redemption amounts or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

For all NCDs held in the dematerialized form, nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant in connection with NCDs held in the dematerialized form.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Debenture Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed

manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in Thrissur.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of the Companies Act, 2013. The NCDs held in dematerialised form shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. The seller should give delivery instructions containing details of the buyer's DP account to his Depository Participant.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Company or Registrar.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 read with SEBI Press release (no. 49/ 2018) dated December 3, 2018, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from April 1, 2019. However, any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Title

In case of:

- the NCDs held in the dematerialised form, the person for the time being appearing in the record of beneficial owners maintained by the Depository; and
- the NCDs held in physical form, pursuant to any rematerialisation, the person for the time being appearing in the Register of Debenture Holders as Debenture Holder, shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the Consolidated NCD Certificate issued in respect of the NCDs and no person will be liable for so treating the Debenture Holder.

Register of NCD Holder

No transfer of title of NCD will be valid unless and until entered on the Register of Debenture Holders or the register and index of Debenture Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Maturity Amount, as the case may be, will be paid to the person, whose name appears first in the Register of Debenture Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the Companies Act/ the relevant provisions of the Companies Act applicable as on the date of this Prospectus shall apply, mutatis mutandis (to the extent applicable) to the NCD(s) as well.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the Debenture Holder(s). It will be sufficient for our Company to delete the name of the deceased Debenture Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor

of the deceased Debenture Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, the Company will recognise the executors or administrator of the deceased Debenture Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of the Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of Debenture Holders who are holding NCDs in dematerialised form, third person is not required to approach the Company to register his name as successor of the deceased Debenture Holder. He shall approach the respective Depository Participant of the Debenture Holder for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased Debenture Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Procedure for Re-materialization of NCDs

Debenture Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. **Holders of NCDs who propose to dematerialize their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to the Company and the DP. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.**

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs Allotted pursuant to this Issue. Pursuant to the SEBI Listing Regulations, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, with effect from April 1, 2019. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Period of Subscription

The subscription list shall remain open for a period as indicated below, with an option for early closure or extension by such period, as may be decided by the Board or a duly authorised committee of Directors of our Company, subject to necessary approvals. In the event of such early closure of the Issue, our Company shall ensure that notice of such early closure is given one day prior to such early date of closure through advertisement/s in a leading national daily newspaper.

Such Applications that cannot be uploaded will not be considered for Allocation under the Issue. Applications will be accepted only on Business Days, i.e., Monday to Friday (excluding any public holiday). Neither our Company, nor the Lead Manager, nor any Member of the Syndicate, Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations or Designated Branches of SCSBs are liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise. Please note that, within each category of Investors, the Basis of Allotment under the Issue will be on date priority basis except on the day of oversubscription, if any, where the Allotment will be proportionate.

Basis of payment of Interest

NCDs once Allotted under any particular category of NCDs shall continue to bear the applicable tenor, coupon/yield and Redemption Amount as at the time of original Allotment irrespective of the category of Debenture Holder on any Record Date, and such Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment will not be impacted by trading of any options of NCDs between the categories of persons or entities in the secondary market.

Payment of Interest/Maturity Amount will be made to those Debenture Holders whose names appear in the Register of Debenture Holders (or to first holder in case of joint-holders) as on Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the Interest Payment Date, would be directly credited to the account of those Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help Debenture Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Please see, “Terms of the Issue - Manner of Payment of Interest / Redemption Amounts” on page 236.

Taxation

Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians (other than insurance companies), at the time of credit / payment, as per the provisions of Section 193 of the IT Act. I. Further, Tax will be deducted at source at reduced rate or no tax will be deducted at source in the following cases:

- a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest;
- b) When the resident Debenture Holder with Permanent Account Number (“PAN”) (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of 236 Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- c) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL; and
- d) In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act.

Form No.15G with PAN / Form No.15H with PAN / Certificate issued u/s 197(1) has to be filed with the Company before the prescribed date of closure of books for payment of debenture interest without any withholding tax.

The aforesaid documents, as may be applicable, should be submitted at the office of the Registrar to the Issue quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, at least seven days prior to the Record Date to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The investors need to submit Form 15H/ 15G/certificate in original with the Assessing Officer for each Fiscal during the currency of the NCD to ensure non-deduction or lower deduction of tax at source from interest on the NCD.

Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company’s books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Please also see, “*Statement of Possible Tax Benefits*” on page 56. Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs. Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled “*Issue Procedure*” on page 242. Please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the transferee of the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Day Count Convention

Interest shall be computed on actual/actual basis i.e., on the principal outstanding on the NCDs as per the SEBI Master Circular.

Effect of holidays on payments

If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day (the “**Effective Date**”), however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Maturity Date (also being the last Interest Payment Date)

does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest accrued on the NCDs until but excluding the date of such payment.

Illustration for guidance in respect of the day count convention and effect of holidays on payments

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Master Circular shall be disclosed in the Prospectus.

Maturity and Redemption

The relevant interest will be paid in the manner set out in “*Issue Structure*” on page 213. The last interest payment will be made at the time of redemption of the NCDs.

Options	Maturity Period/ Redemption (as applicable)
I	13 Months from Deemed Date of Allotment
II	24 Months from Deemed Date of Allotment
III	36 Months from Deemed Date of Allotment
IV	60 Months from Deemed Date of Allotment
V	13 Months from Deemed Date of Allotment
VI	24 Months from Deemed Date of Allotment
VII	36 Months from Deemed Date of Allotment
VIII	24 Months from Deemed Date of Allotment
IX	36 Months from Deemed Date of Allotment
X	68 Months from Deemed Date of Allotment

Deemed Date of Allotment

The date on which our Board of Directors or the Debenture Committee thereof approves the Allotment of the NCDs for the Issue. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs shall be available to the Debenture holders from the deemed date of allotment.

Application in the Issue

Applicants shall apply in this Issue in dematerialised form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only (including Applications made by UPI Investors under the UPI Mechanism).

In terms of Regulation 7 of the SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in terms of Section 8(1) of the Depositories Act, our Company, at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, any trading of the NCDs shall be compulsorily in dematerialised form only.

Application Size

Each Application should be for a minimum of 10 NCDs and multiples of one NCD thereof. The minimum Application size for each Application would be ₹10,000 and in multiples of ₹1,000 thereafter.

Applicants can apply for any or all options of NCDs offered hereunder provided the Applicant has applied for minimum Application size using the same Application Form.

Applicants are advised to ensure that Application made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹1,000 per NCD is blocked in the ASBA Account on Application itself. In case of Allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall instruct the SCSBs to unblock the excess amount blocked on Application in accordance with the terms of the Prospectus.

Manner of Payment of Interest / Redemption Amounts

The manner of payment of interest / redemption in connection with the NCDs is set out below:

For NCDs held in dematerialised form:

The bank details will be obtained from the Depositories for payment of interest / redemption amount as the case may be. Holders of the NCDs, are advised to keep their bank account details as appearing on the records of the Depository Participant updated at all points of time. Please note that failure to do so could result in delays in credit of interest/redemption amounts at the Applicant's sole risk, and the Lead Manager, our Company or the Registrar shall have no responsibility and undertake no liability for the same.

For NCDs held in physical form on account of re-materialization:

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see "*Terms of the Issue - Procedure for Re-materialization of NCDs*" on page 232.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to unblocked for the Applicants.

The mode of payment of interest/redemption amount shall be undertaken in the following order of preference:

- 1. Direct Credit/ NACH/ RTGS:** Investors having their bank account details updated with the Depository shall be eligible to receive payment of interest / redemption amount, through:
 - (i) **Direct Credit.** interest / redemption amount would be credited directly to the bank accounts of the Investors, if held with the same bank as the Company.
 - (ii) **NACH:** National Automated Clearing House which is a consolidated system of ECS. Payment of interest / redemption amount would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of interest / redemption amount through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the interest / redemption amount through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where Applicant is otherwise disclosed as eligible to get interest / redemption amount through NEFT or Direct Credit or RTGS.
 - (iii) **RTGS:** Applicants having a bank account with a participating bank and whose interest / redemption amount exceeds ₹2 lakhs, or such amount as may be fixed by RBI from time to time, have the option to receive the interest / redemption amount through RTGS. Such eligible Applicants who indicate their preference to receive interest / redemption amount through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least 7 (seven) days before the Record Date. Charges, if any, levied by the Applicant's bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest / redemption amount shall be made through NECS subject to availability of complete bank account details for the same as stated above.
 - (iv) **NEFT:** Payment of interest / redemption amount shall be undertaken through NEFT wherever the Applicants' bank has been assigned the Indian Financial System Code ("**IFSC**"), which can be linked to a Magnetic Ink Character Recognition, if any, available to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of the interest / redemption amounts, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the de-mat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest / redemption amount will be made to the Applicants through this method.

- 2. Registered Post/Speed Post:** For all other Debenture Holders, including those who have not updated their bank particulars with the MICR code, the interest payment / redemption amount shall be paid by way of interest/ redemption warrants dispatched through speed post/ registered post only to Applicants that have provided details of a registered address in India.

Printing of Bank Particulars on Interest/ Redemption Warrants

As a matter of precaution against possible fraudulent encashment of interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. In relation to NCDs held dematerialised form, these particulars would be taken directly from the depositories. In case of NCDs held in physical form on account of rematerialisation, the Investors are advised to submit their bank account details with our Company / Registrar at least seven working (7) days prior to the Record Date failing which the orders / warrants will be dispatched to the postal address of the holder of the NCD as available in the records of our Company. Bank account particulars will be printed on the warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buyback of NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the Debenture Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements.

Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Form of Allotment and Denomination of NCDs

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of one (1) NCD ("**Market Lot**"). Allotment in this Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD.

For details of allotment please see "*Issue Procedure*" on page 242.

Procedure for Redemption by Debenture Holders

The procedure for redemption is set out below:

NCDs held in physical form on account of re-materialization:

No action would ordinarily be required on the part of the Debenture Holder at the time of redemption and the redemption proceeds would be paid to those Debenture Holders whose names stand in the register of Debenture Holders maintained by us on the Record Date fixed for the purpose of redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificate(s)) be surrendered for redemption on maturity and should be sent by the Debenture Holder(s) by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. Debenture Holder(s) may be requested to surrender the NCD certificate(s) in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment.

We may at our discretion redeem the NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those Debenture Holders whose names stand in the register of Debenture Holders

maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the NCD certificates would be deemed to have been cancelled. Also see “*Terms of the Issue - Payment on Redemption*” on page 238.

NCDs held in electronic form:

No action is required on the part of Debenture Holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of re-materialisation

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificate(s), duly discharged by the sole holder / all the joint-holders (signed on the reverse of the NCD certificate(s)). Dispatch of cheques/pay order, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those Debenture Holders whose names stand in the Register of Debenture Holders maintained by us/Registrar to the Issue on the Record Date fixed for the purpose of redemption. Hence the transferees, if any, should ensure lodgement of the transfer documents with us at least 7 working (seven) days prior to the Record Date. In case the transfer documents are not lodged with us at least 7 working (seven) days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties *inter se* and no claim or action shall lie against us or the Registrar.

Our liability to holder(s) towards their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the Debenture Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those Debenture Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories’ records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of Debenture Holders.

Our liability to Debenture Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the Debenture Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the Debenture Holders available with us, and affiliates and other banks, financial institutions, credit bureaus, agencies,

statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the Debenture Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper in Tamil Nadu and/or will be sent by post/ courier or through email or other electronic media to the registered holders of the NCD(s) from time to time.

Issue of duplicate NCD Certificate(s)

If any NCD certificate(s), issued pursuant to rematerialisation, if any, is/are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/security and/or documents as we may deem adequate, duplicate NCD certificate(s) shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Future Borrowings

We will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/ NCDs/other securities in any manner having such ranking in priority, *pari passu* or otherwise, subject to applicable consents, approvals or permissions that may be required under any statutory/regulatory/contractual requirement, and change the capital structure including the issue of shares of any class, on such terms and conditions as we may think appropriate, provided stipulated security cover is maintained on the NCDs and after obtaining the consent of, or providing intimation to, the NCD Holders or the Debenture Trustee regarding the creation of a charge over such security.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”*

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹10 lakhs or 1.00% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹10 lakhs or 1.00% of the turnover of the Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹50 lakhs or with both.

Pre-closure

Our Company, in consultation with the Lead Manager reserves the right to close this Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription (75% of the Base Issue, i.e., ₹ 3,75,000 thousand). Our Company shall allot NCDs with respect to the Application Forms received at the time of such pre-closure in accordance with the Basis of Allotment as described herein and subject to applicable statutory and/or regulatory requirements. For Applicants applying for NCDs, the Registrar shall verify the above on the basis of the records provided by the Depositories based on the DP ID, Client ID and where applicable the UPI ID provided by the Applicants in the Application Form and uploaded onto the electronic system of the Stock Exchange by the Members of the Syndicate or the Trading Members, as the case may be.

Participation of any of the aforementioned categories of persons or entities is subject to the applicable statutory and/or regulatory requirements in connection with the subscription to Indian securities by such categories of persons or entities. Applicants are advised to ensure that Application made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions. Applicants are advised to ensure that they have obtained the necessary statutory and/or regulatory permissions/consents/approvals in connection with applying for, subscribing to, or seeking Allotment of NCDs pursuant to this Issue.

The Lead Manager and its respective associates and affiliates are permitted to subscribe in the Issue.

Who are not eligible to apply for NCDs?

The following categories of persons, and entities, shall not be eligible to participate in this Issue and any Application from such persons and entities are liable to be rejected:

- a. Minors without a guardian name* (A guardian may apply on behalf of a minor. However, Application by minors must be made through Application Forms that contain the names of both the minor Applicant and the guardian);
- b. Foreign nationals, NRI *inter-alia* including any NRIs who are (i) based in the USA, and/or, (ii) domiciled in the USA, and/or, (iii) residents/citizens of the USA, and/or, (iv) subject to any taxation laws of the USA;
- c. Persons resident outside India and other foreign entities;
- d. Foreign Portfolio Investors;
- e. Foreign Venture Capital Investors;
- f. Qualified Foreign Investors;
- g. Overseas Corporate Bodies; and
- h. Persons ineligible to contract under applicable statutory/regulatory requirements.

**Applicant shall ensure that guardian is competent to contract under Indian Contract Act, 1872*

Based on the information provided by the Depositories, our Company shall have the right to accept Application Forms belonging to an account for the benefit of a minor (under guardianship). In case of such Application, the Registrar to the Issue shall verify the above on the basis of the records provided by the Depositories based on the DP ID and Client ID provided by the Applicants in the Application Form and uploaded onto the electronic system of the Stock Exchange.

The concept of Overseas Corporate Bodies (meaning any company, partnership firm, society and other corporate body or overseas trust irrevocably owned/held directly or indirectly to the extent of at least 60% by NRIs), which was in existence until 2003, was withdrawn by the Foreign Exchange Management (Withdrawal of General Permission to Overseas Corporate Bodies) Regulations, 2003. Accordingly, OCBs are not permitted to invest in this Issue.

Please see “*Issue Procedure – Rejection of Applications*” on page 260 for information on rejection of Applications.

Method of Application

Eligible investor desirous of applying in the Issue can make Applications through the ASBA mechanism only.

Applicants are requested to note that in terms of the SEBI Master Circular, SEBI has mandated issuers to provide, through a recognized Stock Exchanges which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”).

Further, the Application may also be submitted through the app or web interface developed by Stock Exchange wherein the Application is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI mechanism, as applicable.

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form (except the Bid cum Application Form from a retail individual investor bidding using the UPI mechanism) to the respective SCSB with whom the relevant ASBA Accounts are maintained and shall not submit it to any non-SCSB bank or any Escrow Bank. The relevant Designated Intermediaries, upon receipt of physical Application Forms from Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchange and submit these Application Forms (except a Bid cum Application Form from retail individual investors using the UPI Mechanism) with the SCSB with whom the relevant ASBA Accounts are maintained.

Applicants should submit the Application Form only at the Bidding Centres, i.e., to the respective Syndicate Members at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms

submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

Designated Intermediaries (other than SCSBs) shall not accept any ASBA Form from a retail individual investor who is not Bidding using the UPI Mechanism.

For retail individual investors using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to retail individual investors for blocking of funds.

An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

The Sponsor Bank shall provide details of the UPI linked bank account of the Bidders to the Registrar to the Issue for purpose of reconciliation.

Pursuant to SEBI Circular No: SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2024/128 dated September 24, 2024, all individual investors applying in public issues where the application amount is up to ₹5,00,000 shall use UPI and shall also provide their UPI ID in the bid cum application form submitted with any of the entities mentioned herein below:

1. a syndicate member;
2. a stock broker registered with a recognised stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);
3. a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity);
4. a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity).

Retail individual investors using the UPI Mechanism must provide the UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Form that does not contain the UPI ID are liable to be rejected.

Retail individual investors using UPI Mechanism, submitting a Bid-cum Application Form to any Designated Intermediary (other than SCSBs) should ensure that only the UPI ID is mentioned in the field for Payment Details in the Bid cum Application Form. Application Forms submitted by retail individual investors using UPI Mechanism to Designated Intermediary (other than SCSBs) with ASBA Account details, are liable to be rejected.

Further, such Bidders including retail individual investors using the UPI Mechanism, shall ensure that the Bids are submitted at the Bidding Centres only on Bid cum Application Forms bearing the stamp of the relevant Designated Intermediary (except in case of electronic Bid-cum-Application Forms) and Bid cum Application Forms (except electronic Bid-cum-Application Forms) not bearing such specified stamp may be liable for rejection. Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Bank, as applicable, at the time of submitting the Bid. Designated Intermediaries (other than SCSBs) shall not accept any ASBA Form from a retail individual investor who is not Bidding using the UPI Mechanism.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to the Issue should be made by Applicants directly to the relevant Stock Exchange.

In terms of the Debt UPI Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

- 1. Through Self-Certified Syndicate Bank (SCSB) or intermediaries** (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)

- a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e., investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchange bidding platform and blocking of funds in investors account by the SCSB would continue.
- b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
- c. An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is ₹5 lakhs or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI mechanism in this case.

2. Through Stock Exchanges

- a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchanges (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI Mechanism.
- b. BSE extended their web-based platforms i.e. 'BSEDirect' to facilitate investors to apply in public issues of debt securities through the web-based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value upto ₹ 5 lakhs to place bid through 'BSEDirect' platform/ mobile app the eligible investor is required to register himself/ herself with BSE Direct.
- c. An investor may use the following links to access the web-based interface developed by the Stock Exchanges to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>.
- d. The BSE Direct mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' on Google Playstore for downloading mobile applications.
- e. For further details on the registration process and the submission of bids through the App or web interface, the Stock Exchanges have issued operational guidelines and circulars available at BSE:

APPLICATIONS FOR ALLOTMENT OF NCDs

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Investors are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our Directors, affiliates, associates and their respective directors and officers, the Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications (including Applications under the UPI Mechanism) accepted by and/or uploaded by and/or accepted but not uploaded by Trading Members, registered brokers, CDPs, RTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs or failure to block the Application Amount under the UPI Mechanism. It shall be presumed that for Applications uploaded by SCSBs (other than UPI Applications), the Application Amount payable on Application has been blocked in the relevant ASBA Account and for Applications by UPI Investors under the UPI Mechanism, uploaded by Designated Intermediaries, the Application Amount payable on Application has been blocked under the UPI Mechanism.

The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI (<https://www.sebi.gov.in>) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Application Forms from the Syndicate at Specified Locations, see the website of the SEBI (<https://www.sebi.gov.in>) as updated from time to time or any such other website as may be prescribed by SEBI from time to time. The list of registered brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations, respective lists of which, including details such as address and telephone number, are available at the website of the Stock Exchange at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by the respective SCSBs to receive deposits of the Application Forms from the registered brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Submission of Applications

Applications can be submitted through either of the following modes:

- a. Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application.

In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.

- b. Physically through the Designated Intermediaries at the respective Collection Centres. Kindly note that above Applications submitted to any of the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the Application Form, has not named at least one branch at that Collection Center where the Application Form is submitted (a list of such branches is available at <https://www.sebi.gov.in>).

- c. A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is upto ₹5 lakhs, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.
- d. A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchange. Post which:

- (i) **for Applications other than under the UPI Mechanism** - the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form.
- (ii) **for Applications under the UPI Mechanism** – once the Application details have been entered in the bidding platform through Designated Intermediaries or BSE Direct, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchange which would be shared by the Stock Exchange with the relevant Designated Intermediary through its platform, for corrections, if any. Post uploading of the Application details on the Stock Exchange's platform, the Stock Exchange shall send an SMS to the Applicant regarding submission of the Application. Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with the Applicants UPI ID, with the Sponsor Bank appointed by our Company. The Sponsor Bank shall then initiate a UPI Mandate Request on the Applicant. The request raised by the Sponsor Bank, would be electronically received by the Applicant as an SMS or on the mobile application, associated with the UPI ID linked bank account. The Applicant shall then be required to authorise the UPI Mandate Request. Upon successful validation of block request by the Applicant, the information would be electronically received by the Applicants' bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant's ASBA Account. The status of block request would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the Designated Intermediary.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

- a. Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries at the respective Collection Centres; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchange at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchange at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that this Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
- b. The Designated Branches of the SCSBs shall accept Application Forms directly from Applicants only during the Issue Period. The SCSBs shall not accept any Application Forms directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, the relevant branches of the SCSBs at Specified

Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please see “*General Information – Issue Programme*” on page 45. Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialised form only.

- In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic application platform of the Stock Exchanges as per the procedures and requirements prescribed by each relevant Stock Exchange, the Applicants should ensure that they have first withdrawn their original Application and submit a fresh Application;

The option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for Allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

B. Applicant’s Beneficiary Account Details

Applicants must mention their DP ID, Client ID and UPI ID (wherever applicable) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form is submitted in the first Applicant’s name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID, PAN and UPI ID (wherever applicable) mentioned in the Application Form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID, PAN and UPI ID (wherever applicable) available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected. Further, Application Forms submitted by Applicants whose beneficiary accounts are inactive, will be rejected.

On the basis of the Demographic Details as appearing on the records of the DP, the Registrar to the Issue will take steps towards demat credit of NCDs. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in demat credit and neither our Company, Designated Intermediaries, SCSBs, Registrar to the Issue nor the Stock Exchange will bear any responsibility or liability for the same.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of power of attorney to request the Registrar that for the purpose of printing particulars on the Allotment Advice, the Demographic Details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue

except in relation to this Issue. Allotment Advice would be mailed by speed post or registered post at the address of the Applicants as per the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Registrar to the Issue, Public Issue Account Bank, Sponsor Bank nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in this Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of such Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the parameters, namely, DP ID, Client ID, PAN and UPI ID (wherever applicable) then such Application are liable to be rejected.

C. Permanent Account Number

The Applicant should mention his or her Permanent Account Number allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN Field i.e., either Sikkim category or exempt category.

D. Joint Applications

Applications may be made in single or joint names (not exceeding three). In the case of joint Applications all interest / redemption amount payments will be made out in favour of the first Applicant. All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

E. Additional/Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs for the same or other option of NCDs, subject to a minimum Application size as specified in the Prospectus and in multiples of thereafter as specified in the Prospectus. Any Application for an amount below the aforesaid minimum Application size will be deemed as an invalid Application and shall be rejected. However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹5 lakhs shall be deemed such individual Applicant to be an HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the Basis of Allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a Karta of a Hindu Undivided family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under this Issue, Applications shall be grouped based on the PAN, i.e., Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Do's and Don'ts

Applicants are advised to take note of the following while filling and submitting the Application Form:

Do's

1. Check if you are eligible to apply as per the terms of the Prospectus and applicable law, rules, regulations, guidelines and approvals.
2. Read all the instructions carefully and complete the Application Form in the prescribed form.
3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to this Issue.
4. Ensure that the DP ID, the Client ID and the PAN mentioned in the Application Form, which shall be entered into the electronic system of the Stock Exchange are correct and match with the DP ID, Client ID and PAN available in the Depository database. Ensure that the DP ID, Client ID, PAN and UPI ID (wherever applicable) are correct and the depository account is active as Allotment of the Equity Shares will be in dematerialized form only. The requirement for providing Depository Participant details is mandatory for all Applicants.
5. Ensure that you have mentioned the correct ASBA Account number (for all Applicants other than UPI Investors applying using the UPI Mechanism) in the Application Form. Further, UPI Investors using the UPI Mechanism must also mention their UPI ID.
6. UPI Investors applying using the UPI Mechanism shall ensure that the bank, with which they have their bank account, where the funds equivalent to the application amount are available for blocking, is certified by NPCI before submitting the ASBA Form to any of the Designated Intermediaries.
7. UPI Investors applying using the UPI Mechanism through the SCSBs and mobile applications shall ensure that the name of the bank appears in the list of SCSBs which are live on UPI, as displayed on the SEBI website. UPI Investors shall ensure that the name of the app and the UPI handle which is used for making the application appears on the list displayed on the SEBI website. An application made using incorrect UPI handle or using a bank account of an SCSB or bank which is not mentioned on the SEBI website is liable to be rejected.
8. Ensure that the Application Form is signed by the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) in case the Applicant is not the ASBA account holder. Applicants (except UPI Investors making an Application using the UPI Mechanism) should ensure that they have an account with an SCSB and have mentioned the correct bank account number of that SCSB in the Application Form. UPI Investors applying using the UPI Mechanism should ensure that they have mentioned the correct UPI- linked bank account number and their correct UPI ID in the Application Form.
9. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Designated Intermediaries, as the case may be.
10. UPI Investors making an Application using the UPI Mechanism, should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to Application Amount and subsequent debit of funds in case of Allotment, in a timely manner.
11. UPI Investors making an Application using the UPI Mechanism shall ensure that details of the Application are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using their UPI PIN. Upon the authorization of the mandate using their UPI PIN, the UPI Investor may be deemed to have verified the attachment containing the application details of the UPI Investor making and Application using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Application Amount and authorized the Sponsor Bank to issue a request to block the Application Amount mentioned in the ASBA Form in their ASBA Account.
12. UPI Investors making an Application using the UPI Mechanism should mention valid UPI ID of only the Applicants (in case of single account) and of the first Applicant (in case of joint account) in the ASBA Form.
13. UPI Investors making an Application using the UPI Mechanism, who have revised their Application subsequent to making the initial Application, should also approve the revised UPI Mandate Request generated by the Sponsor Bank

to authorise blocking of funds equivalent to the revised Application Amount in their account and in case of Allotment in a timely manner.

14. Ensure that the Application Forms are submitted at the Designated Branches of SCSBs or the Collection Centres provided in the Application Forms, bearing the stamp of the relevant Designated Intermediary/Designated Branch of the SCSB.
15. Before submitting the Application Form with the Designated Intermediaries ensure that the SCSB, whose name has been filled in the Application Form, has named a branch in that relevant Collection Centre.
16. Ensure that you have been given an acknowledgement as proof of having accepted the Application Form.
17. Ensure that signatures other than in the languages specified in the Eighth Schedule to the Constitution of India is attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.
18. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. However, the PAN number of the HUF should be mentioned in the Application Form and not that of the Karta.
19. Ensure that the Applications are submitted to the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, before the closure of application hours on the Issue Closing Date. For further information on the Issue programme, please see "*General Information – Issue Programme*" on page 45.
20. **Permanent Account Number:** Except for Application (i) on behalf of the Central or State Government and officials appointed by the courts, and (ii) (subject to SEBI circular dated April 3, 2008) from the residents of the state of Sikkim, each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected. The exemption for the Central or State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the Demographic Details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in "active status"; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
21. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
22. All Applicants should choose the relevant option in the column "Category of Investor" in the Application Form.
23. Choose and mark the option of NCDs in the Application Form that you wish to apply for.

In terms of SEBI Circular no. CIR/CFD/DIL/1/2013 dated January 2, 2013, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for Applications.

Don'ts:

1. Do not apply for lower than the minimum Application size.
2. Do not pay the Application Amount in cash, by cheque, by money order or by postal order or by stock invest.
3. Do not send Application Forms by post. Instead submit the same to the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be.
4. Do not submit the Application Form to any non-SCSB bank or our Company.
5. Do not apply through an Application Form that does not have the stamp of the relevant Designated Intermediary or the Designated Branch of the SCSB, as the case may be.

6. Do not fill up the Application Form such that the NCDs applied for exceeds the Issue Size and/or investment limit or maximum number of NCDs that can be held under the applicable laws or regulations or maximum amount permissible under the applicable regulations.
7. Do not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.
8. Do not submit incorrect details of the DP ID, Client ID, PAN and UPI ID (wherever applicable) or provide details for a beneficiary account which is suspended or for which details cannot be verified by the Registrar to the Issue.
9. Do not submit the Application Form without ensuring that funds equivalent to the entire Application Amount are available for blocking in the relevant ASBA Account or in the case of UPI Investors making an Application using the UPI Mechanism, in the UPI-linked bank account where funds for making the Application are available.
10. Do not submit Applications on plain paper or on incomplete or illegible Application Forms.
11. Do not apply if you are not competent to contract under the Indian Contract Act, 1872.
12. Do not submit an application in case you are not eligible to acquire NCDs under applicable law or your relevant constitutional documents or otherwise.
13. Do not submit Applications to a Designated Intermediary at a location other than Collection Centres.
14. Do not submit an application that does not comply with the securities law of your respective jurisdiction.
15. Do not apply if you are a person ineligible to apply for NCDs under this Issue including Applications by Persons Resident Outside India, NRI (inter-alia including NRIs who are (i) based in the USA, and/or, (ii) domiciled in the USA, and/or, (iii) residents/citizens of the USA, and/or, (iv) subject to any taxation laws of the USA).
16. Do not make an Application of the NCD on multiple copies taken of a single form.
17. Payment of Application Amount in any mode other than through blocking of Application Amount in the ASBA Accounts shall not be accepted in the Issue.
18. Do not link the UPI ID with a bank account maintained with a bank that is not UPI 2.0 certified by the NPCI in case of Bids submitted by UPI Investors using the UPI Mechanism.
19. Do not submit more than five Application Forms per ASBA Account.

Please also see “*Key Regulations and Policies - Operational Instructions*” on page 191.

Kindly note that Applications submitted to the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the Designated Intermediaries, to deposit such Application Forms (A list of such branches is available at <https://www.sebi.gov.in>).

Please see “*Issue Procedure - Rejection of Applications*” on page 260 for information on rejection of Applications.

TERMS OF PAYMENT

The Application Forms will be uploaded onto the electronic system of the Stock Exchange and deposited with the relevant branch of the SCSB at the Collection Centres, named by such SCSB to accept such Applications from the Designated Intermediaries, as the case may be (a list of such branches is available at <https://www.sebi.gov.in>).

For Applications other than those under the UPI Mechanism, the relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the Application. For Applications under the UPI Mechanism, i.e., up to ₹5 lakhs, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchange which would be shared by the Stock Exchange with the relevant Designated Intermediary through its platform, for corrections, if any. The blocking of funds in such case (not exceeding ₹5 lakhs) shall happen under the UPI Mechanism.

The entire Application Amount for the NCDs is payable on Application only. The relevant SCSB shall block an amount equivalent to the entire Application Amount in the ASBA Account at the time of upload of the Application Form. In case of Allotment of lesser number of NCDs than the number applied, the Registrar to the Issue shall instruct the SCSBs or the Sponsor Bank (as the case maybe) to unblock the excess amount in the ASBA Account.

For Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application, before entering the Application into the electronic system of the Stock Exchange. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

For Applications submitted under the UPI Mechanism, post the successful validation of the UPI Mandate Request by the Applicant, the information would be electronically received by the Applicants' bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant's ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the Application. An application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

A UPI Investor applying through the UPI Mechanism should ensure that, they check the relevant SMS generated for the UPI Mandate Request and all other steps required for successful blocking of funds in the UPI linked bank account, which includes accepting the UPI Mandate Request by 5:00 pm on the third Working Day from the day of bidding on the Stock Exchange (except on the last day of the Issue Period, where the UPI Mandate Request not having been accepted by 5:00 pm of the next Working Day), have been completed.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs or the Sponsor Bank (in case of Applications under the UPI Mechanism) on the basis of the instructions issued in this regard by the Registrar to the respective SCSB or the Sponsor Bank, within six Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of this Issue or until rejection of the Application, as the case may be.

SUBMISSION OF COMPLETED APPLICATION FORMS

Mode of Submission of Application Forms	To whom the Application Form has to be submitted
ASBA Applications	(i) If using <u>physical Application Form</u> , (a) to the Designated Intermediaries at relevant Collection Centres, or (b) to the Designated Branches of the SCSBs where the ASBA Account is maintained; or (ii) If using <u>electronic Application Form</u> , to the SCSBs, electronically through internet banking facility, if available.
Applications under the UPI Mechanism	(i) Through the Designated Intermediary, physically or electronically, as applicable; or (ii) Through BSE Direct

No separate receipts will be issued for the Application Amount payable on submission of Application Form. However, the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping the date and returning to the Applicants an Acknowledgement Slips which will serve as a duplicate Application Form for the records of the Applicant.

Electronic Registration of Applications

- The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications (including those under the UPI Mechanism) using the on-line facilities of the Stock Exchange. **The Members of Syndicate, our Company and the Registrar to the Issue or the Lead Manager is not responsible**

for any acts, mistakes or errors or omission and commissions in relation to, (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) with respect to Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts, (v) any Applications accepted and uploaded and/or not uploaded by the Trading Members of the Stock Exchange or (vi) any Application made under the UPI Mechanism, accepted or uploaded or failed to be uploaded by a Designated Intermediary or through the app/web based interface of the Stock Exchange and the corresponding failure for blocking of funds under the UPI Mechanism.

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange. However, the option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for Allotment/rejection of Application.

- b. The Stock Exchange will offer an electronic facility for registering Applications for this Issue. This facility will be available on the terminals of Designated Intermediaries and the SCSBs during the Issue Period. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on this Issue Closing Date. On the Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchange. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please see “*General Information – Issue Programme*” on page 45.
- c. With respect to Applications submitted directly to the SCSBs at the time of registering each Application, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID

 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Location
 - Application amount
- d. With respect to Applications submitted to the Designated Intermediaries, at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:

- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Option of NCDs applied for
 - Number of NCDs Applied for in each option of NCD
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Location
 - Application amount
- e. A system generated acknowledgement (TRS) will be given to the Applicant as a proof of the registration of each Application. It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.
- f. Applications can be rejected on the technical grounds listed below or if all required information is not provided or the Application Form is incomplete in any respect.
- g. The permission given by the Stock Exchange to use its network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Manager are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchange
- h. **Only Applications that are uploaded on the online system of the Stock Exchange shall be considered for allocation/ Allotment.** The Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchange. In order that the data so captured is accurate the Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

Information for Applicants

Upon the closure of the Issue, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchange and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID, UPI ID (where applicable) and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database and prepare list of technical rejection cases. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such Applications or treat such Applications as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship). In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchange and determine the valid Applications for the purpose of drawing the Basis of Allotment.

Basis of Allotment for NCDs

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchange and determine the valid Applications for the purpose of drawing the Basis of Allotment.

Grouping of Applications and Allocation Ratio

For the purposes of the basis of allotment:

- A. *Applications received from Category I Investors- Institutional Investors:* Applications received from Applicants belonging to Category I shall be grouped together, ("**Institutional Portion**");
- B. *Applications received from Category II Investors- Non-Institutional Investors:* Applications received from Applicants belonging to Category II, shall be grouped together, ("**Non-Institutional Portion**").
- C. *Applications received from Category III Investors- High Net-worth Individual Investors:* Applications received from Applicants belonging to Category III shall be grouped together, ("**High Net-worth Individual Category Portion**").
- D. *Applications received from Category IV Applicants- Retail Individual Investors:* Applications received from Applicants belonging to Category IV shall be grouped together, ("**Retail Individual Category Portion**").

For removal of doubt, the terms "**Institutional Portion**", "**Non-Institutional Portion**", "**High Net-worth Individual Category Portion**" and "**Retail Individual Category Portion**" are individually referred to as "**Portion**" and collectively referred to as "**Portions**".

Allocation Ratio

Institutional Portion	Non – Institutional Portion	High - Net Worth Individual Category Portion	Retail Individual Category Portion
5%	1%	30%	64%

a) Allotments in the first instance:

- i. Applicants belonging to the Institutional Portion, in the first instance, will be allocated NCDs up to 5% of Issue Size on first come first serve basis which would be determined on the date of upload of their applications in to the electronic platform of the Stock Exchange;
- ii. Applicants belonging to the Non-Institutional Portion, in the first instance, will be allocated NCDs up to 1% of the Issue Size on first come first serve basis which would be determined on the date of upload of their applications in to the electronic platform of the Stock Exchange;

- iii. Applicants belonging to the High Net Worth Individual Investors Portion, in the first instance, will be allocated NCDs up to 30% of Issue Size on first come first serve basis which would be determined on the date of upload of their applications in to the electronic platform of the Stock Exchange;
- iv. Applicants belonging to the Retail Individual Investors Portion, in the first instance, will be allocated NCDs up to 64% of Issue Size on first come first serve basis which would be determined on the date of upload of their applications in to the electronic platform of the Stock Exchange.

As per the SEBI Master Circular, in consultation with the Designated Stock Exchange, the allotment in this Issue is required to be made on date priority basis, i.e., first come first serve basis, based on the date of upload of each application into the electronic book of the Stock Exchange, in each portion subject to the Allocation Ratio indicated herein above. However, from the date of oversubscription and thereafter, the allotments will be made to the applicants on proportionate basis.

- b) **Under Subscription:** If there is any under subscription in any Category, priority in Allotments will be given to the Retail Individual Investors Portion, High Net Worth Individual Investors Portion, and balance, if any, shall be first made to applicants of the Non-Institutional Portion, followed by the Institutional Portion on a first come first serve basis. If there is under subscription in the Issue Size due to undersubscription in each Portion, all valid Applications received till the end of last day of the Issue closure day shall be grouped together in each Portion and full and firm Allotments will be made to all valid Applications in each Portion.
- c) For each Category, all Applications uploaded on the same day onto the electronic platform of the Stock Exchange would be treated at par with each other. Allotment would be on proportionate basis, where NCDs uploaded into the platform of the Stock Exchange exceeds NCDs to be Allotted for each portion respectively from the date of oversubscription and thereafter.
- d) Minimum Allotments of 10 Secured NCDs and in multiples of 1 Secured NCD thereafter would be made in case of each valid Application to all Applicants.

Applicant applying for more than one Options of NCDs

If an Applicant has applied for more than one Option of NCDs and in case such Applicant is entitled to allocation of only a part of the aggregate number of NCDs applied for, the Option-wise allocation of NCDs to such Applicants shall be in proportion to the number of NCDs with respect to each Option, applied for by such Applicant, subject to rounding off to the nearest integer, as appropriate in consultation with the Lead Manager and the Designated Stock Exchange. Further, in the aforesaid scenario, wherein the Applicant has applied for all the 10 (ten) Options and in case such Applicant cannot be allotted all the 10 (ten) Options, then the Applicant would be allotted NCDs, at the discretion of the Company, the Registrar and the Lead Manager wherein the NCDs with the least tenor i.e. Allotment of NCDs with tenor of 13 months followed by Allotment of NCDs with tenor of 24 months, 36 months, 60 months and 68 months.

In cases of odd proportion for Allotment made, our Company in consultation with the Lead Manager will allot the residual NCD (s) in the following order:

- (i) first with monthly interest payment in decreasing order of tenor i.e., IV, III, II and I;
- (ii) second with payment on annual interest payment in decreasing order of tenor i.e., IX and VIII;
- (iii) followed by payment on cumulative options in decreasing order of tenor i.e., Series X, VII, VI and V.

Hence using the above procedure, the order of Allotment for the residual NCD(s) will be: Series IV, III, II, I, IX, VIII, X, VII, VI and V.

All decisions pertaining to the Basis of Allotment of NCDs pursuant to the Issue shall be taken by our Company in consultation with the Lead Manager, and the Designated Stock Exchange and in compliance with the aforementioned provisions of this Prospectus. Any other queries / issues in connection with the Applications will be appropriately dealt with and decided upon by our Company in consultation with the Lead Manager.

Our Company would allot Option I NCDs to all valid applications, wherein the applicants have not indicated their choice of the relevant Options of the NCDs.

Retention of oversubscription

Our Company shall not have an option to retain over-subscription.

Unblocking of Funds for withdrawn, rejected or unsuccessful or partially successful Applications

The Registrar shall, pursuant to preparation of Basis of Allotment, instruct the relevant SCSB or the Sponsor Bank (for Applications under the UPI Mechanism), as applicable, to unblock the funds in the relevant ASBA Account/UPI linked bank account, for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

ISSUANCE OF ALLOTMENT ADVICE

Our Company shall ensure dispatch of Allotment Advice and/ or give instructions for credit of NCDs to the beneficiary account with Depository Participants upon approval of Basis of Allotment. The Allotment Advice for successful Applicants will be mailed by speed post/registered post to their addresses as per the Demographic Details received from the Depositories.

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities for commencement of trading at the Stock Exchange where the NCDs are proposed to be listed are taken within six Working Days from the Issue Closing Date. Application Amount shall be unblocked within six Working Days from the Issue Closing Date or such lesser time as may be specified by SEBI or else the Application Amount shall be unblocked in the ASBA Accounts or the UPI linked bank accounts (for Applications under the UPI Mechanism) of the Applicants forthwith, failing which interest shall be due to be paid to the Applicants in accordance with applicable law.

Our Company will provide adequate funds required for dispatch of Allotment Advice to the Registrar to the Issue.

OTHER INFORMATION

Withdrawal of Applications during the Issue Period

Applicants can withdraw their Applications until the Issue Closing Date. In case an Applicant wishes to withdraw the Application during the Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite. In case of Applications (other than under the UPI Mechanism) were submitted to the Designated Intermediaries, upon receipt of the request for withdrawal from the Applicant, the relevant Designated Intermediary, as the case may be, shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and intimating the Designated Branch of the SCSB unblock of the funds blocked in the ASBA Account at the time of making the Application. In case of Applications (other than under the UPI Mechanism) submitted directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and unblocking of the funds in the ASBA Account, directly.

Withdrawal of Applications after the Issue Period

In case an Applicant wishes to withdraw the Application after the Issue Closing Date or early closure date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalisation of the Basis of Allotment.

Revision of Applications

Cancellation of one or more orders (option) within an application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. Please note that in case of cancellation of one or more orders (option) within an application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their application details during the Issue Period, as allowed/permitted by the Stock Exchange, by submitting a written request to the Designated Intermediary and the Designated Branch of the SCSBs, as

the case may be. For Applications made under the UPI Mechanism, an Applicant shall not be allowed to add or modify the details of the Application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the Applicant may withdraw the Application and reapply.

However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/ modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchange as per the procedures and requirements prescribed by the Stock Exchange, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on the Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries and/ or the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL. Please also see, “*Key regulations and Policies- Operational Instructions*” on page 191.

Depository Arrangements

We have made depository arrangements with NSDL and CDSL. Please note that Tripartite Agreements have been executed between our Company, the Registrar and both the depositories.

As per the provisions of the Depositories Act, 1996, the NCDs issued by us can be held in a dematerialised form. In this context:

- i. Tripartite agreement dated July 30, 2018 among our Company, the Registrar and CDSL and tripartite agreement dated August 1, 2018 among our Company, the Registrar and NSDL, respectively for offering depository option to the investors.
- ii. An Applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the Application.
- iii. The Applicant must necessarily provide the DP ID and Client ID details in the Application Form.
- iv. NCDs Allotted to an Applicant in the electronic form will be credited directly to the Applicant’s respective beneficiary account(s) with the DP.
- v. Non-transferable Allotment Advice will be directly sent to the Applicant by the Registrar to this Issue.
- vi. It may be noted that NCDs in electronic form can be traded only on the Stock Exchange having electronic connectivity with NSDL or CDSL. The Stock Exchange has connectivity with NSDL and CDSL.
- vii. Interest or other benefits with respect to the NCDs held in dematerialised form would be paid to those Debenture Holders whose names appear on the list of beneficial owners given by the Depositories to us as on Record Date. In case of those NCDs for which the beneficial owner is not identified by the Depository as on the Record Date/ book closure date, we would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to us, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable premium and interest for such NCDs) prior to redemption of the NCDs.

PLEASE NOTE THAT TRADING OF NCDs ON THE FLOOR OF THE STOCK EXCHANGE SHALL BE IN DEMATERIALISED FORM ONLY IN MULTIPLE OF ONE NCD.

Allottees will have the option to re-materialize the NCDs Allotted under the Issue as per the provisions of the Companies Act, 2013 and the Depositories Act.

15. The bearer of a Share Warrant shall be entitled in all other respects to the same privileges and advantages as if such person were named in the Register of Members as the holder of the shares included in the Warrant, and he shall be a Member of the Company.
16. The Board may, from time to time, make rules as to the terms on which it shall think fit, a new Share Warrant or Coupon may be issued by way of renewal in case of defacement, loss or destruction.

Variation of rights

17.
 - a) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of Section 48 of the Act, and whether or not the Company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a Special Resolution passed at a separate meeting of the holders of the shares of that class.
 - b) To every such separate meeting, the provisions of these regulations relating to General Meetings shall mutatis

mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

- c) This Article is without prejudice to the power of the Company under Article 66 hereof and the Company's right in General Meeting to increase its capital.
- d) The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

Commission and Brokerage

- 18.
- a) The Company may exercise the powers of paying commissions conferred by sub-Section (6) of Section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the said Section and rules made thereunder.
 - b) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-Section (6) of Section 40.
 - c) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
 - d) The Company may also on any issue of shares pay such brokerage, as may be lawful.

Trusts not recognized

19. Except as required by law, no person shall be recognized by the Company as holding any share upon any trust, and the Company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share, except an absolute right to the entirety thereof in the registered holder.

Restrictions on loans for purchase of shares

20. The Company shall not give, whether directly or indirectly, and whether by means of a loan, guarantee, the provision of security or otherwise, any financial assistance for the purpose of or in connection with purchase or subscription made or to be made by any person of or for any shares in the Company, nor shall the Company make a loan for any purpose whatsoever on the security of its shares, but nothing in this Article shall prohibit transactions mentioned in Section 67 of the Act.

Buy Back of Shares

21. Notwithstanding anything contained in these Articles but subject to the provisions of Sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the Company may purchase its own shares or other specified securities.

Inspection of Registers and Documents

22. If prescribed by the provisions of the Act or as authorized by the Board or by the Company in General Meeting, Members (other than Directors) can inspect the documents or registers or records of the Company to be kept or maintained by the Company in physical or electronic form under the provisions of the Act. Further, any Member, Beneficial Owner, Debenture holder, other Security holder or other person entitled to copies of such documents or registers or records, shall be provided copies thereof upon request on payment of fee of Rs. 10 per page, or such other fee as may be prescribed from time to time under the Act and as may be determined by the Board.

Share Certificates

23. Every Member shall be entitled to a certificate specifying the share or shares to which he is entitled and the amount paid-up thereon, and such certificate shall be in such form as prescribed under the Act. If several persons be

registered as joint holders of a share, they shall not be entitled to more than one certificate of such share between them, and delivery of such certificate to the person whose name stands first on the Register of Members of the Company as one of the holders of such share shall be sufficient delivery to all such joint holders thereof. The share certificates shall be signed by such persons as the Act may prescribe from time to time and as may be determined by the Board.

24. Every person whose name is entered as a Member in the Register of Members shall be entitled to receive within two months after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, --
- a) one certificate for all shares without payment of any charges; or
 - b) several certificates, each for one or more of shares, upon payment of twenty rupees for each certificate after the first, unless otherwise decided by the Board.
25. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deem adequate, a new certificate in lieu thereof shall be given.
26. When a share is forfeited, and the certificate thereof is not delivered up to the Company, the Board may issue a new certificate of the share, distinguishing it, as it may think fit from the certificate not delivered up.
27. Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialize its existing Shares, Debentures and other Securities, rematerialize its Shares, Debentures and other Securities held in the dematerialized form, and / or offer its fresh Shares, Debentures and other Securities in dematerialized form pursuant to the Act and other laws applicable to the Company.
28. All securities held by a Depository shall be dematerialized and be in fungible form.
29. Notwithstanding anything to the contrary contained in the Act or the Articles, a Depository shall be deemed to be Registered Owner for the purposes of effecting transfer of ownership of security on behalf of the Beneficial Owner.
- Save as otherwise provided above, the Depository as the Registered Owner of the securities shall not have any voting rights or any other rights in respect of the Securities held by it.
- The Beneficial Owner of securities shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of his securities which are held by Depository.
30. Notwithstanding anything in the Act or these Articles to the contrary, where securities are held in a Depository, the records of the beneficial ownership may be served by such Depository to the Company by means of electronic mode or by delivery of floppies or discs.

Lien

31. The Company shall have a first and paramount lien –
- a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
 - b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the Company:

Provided that the Board of Directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

32. The Company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

33. Unless otherwise agreed by the Board, the registration of a transfer of shares shall operate as a waiver of the Company's lien.
34. The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:
35. Provided that no sale shall be made unless a sum in respect of which the lien exists is presently payable; or until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
36. To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the shares comprised in any such transfer and the purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
37. The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.
38. In exercising its lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by a court of competent jurisdiction or unless required by any statute) be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered holder or otherwise. The Company's lien shall prevail, notwithstanding that it has received notice of any such claim.

Calls on Shares

39. The Board may, from time to time, make calls upon the Members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

Each Member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares. A call may be revoked or postponed at the discretion of the Board.
40. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.
41. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
42. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine. The Board shall be at liberty to waive payment of any such interest wholly or in part.
43. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue, such sum becomes payable. In case of non- payment of such sum, all the relevant provisions of these regulations as to payment of interest, expenses, forfeiture or otherwise shall apply, as if such sum had become payable by virtue of a call duly made and notified.
44. The Board may, if it thinks fit, receive from any Member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him, and upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the Company in General Meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between

the Board and the Member paying the sum in advance. Monies paid in advance of calls shall not confer any voting rights or any right to dividend or to participate in the profits of the Company.

Transfer of Shares

45. The instrument of transfer shall be in writing and all the provisions of Section 56 of the Act shall be duly complied with in respect of transfer of shares and the registration thereof.
46. The instrument of transfer of any share in the Company shall be executed by or on behalf of both the transferor and transferee. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the Register of Members in respect thereof.
47. The Board may, subject to the right of appeal conferred by Section 58 decline to register –
 - a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
 - b) any transfer of shares on which the Company has a lien.

If the Board declines to register a transfer of any shares, it shall, within thirty days after the date on which the transfer was lodged with the Company, send to the transferee notice of the refusal. Registration of a transfer shall not be refused on the ground of the transferor being, either alone or jointly with any other persons, indebted to the Company on any account whatsoever, except a lien.

48. The Board may decline to recognize any instrument of transfer unless –
 - a) the instrument of transfer is in the form as prescribed in rules made under sub-Section (1) of Section 56;
 - b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - c) the instrument of transfer is in respect of only one class of shares.
49. On giving not less than seven days' previous notice in accordance with Section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

50. The registration of a transfer shall be conclusive evidence of the approval of the Board of the transferee.
51. All instruments of transfer which shall be registered shall be retained by the Company, but any instrument of transfer which the Board may decline to register shall (except in any case of fraud) be returned to the person depositing the same.
52. Nothing in these Articles shall preclude the Board from recognizing renunciation of the allotment of any share by the allottee in favour of some other person.
53. Notwithstanding anything contained in the Articles of Association, in the case of transfer of shares or other marketable securities, where the Company has not issued any certificates and where such shares or securities are being held in an electronic and fungible form, the provisions of the Depositories Act, 1996 shall apply.

Transmission

54. The Executors or Administrators or the holder of a Succession Certificate in respect of shares of a Deceased Member (not being one of several joint holders) shall be the only person whom the Company shall recognize as having any title to the shares registered in the name of such Member and in case of the death of any one or more of the joint holder of any registered shares, the survivors shall be the only persons recognized by the Company as having any title interest in such shares, but nothing herein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other person. Before recognizing any executor

or administrator or legal heir the Board may require him to obtain a grant of probate or letter of administration or succession certificate or other legal representation as the case may be, from a competent court.

Provided nevertheless that in any case where the Board in its absolute discretion thinks fit, it may dispense with production of probate or letter of administration or a succession certificate or such other legal representation upon such terms as to indemnify the Company or otherwise as the Board may consider desirable.

Provided also that the holder of a succession certificate shall not be entitled to receive any dividends already declared but not paid to the deceased Member, unless the succession certificate declares that the holder thereof is entitled to receive such dividends.

55. Every transmission of a share shall be verified in such manner as the Board may require and the Company may refuse to register any such transmission until the same be so verified or until or unless an indemnity be given to the Company with regard to such registration which the Board at their discretion shall consider sufficient, provided nevertheless that there shall not be any obligation on the Company or the Board to accept any indemnity.
56. A fee as may be prescribed may be charged in respect of the transfer or transmission to the same party of any number of shares of any class or denomination, subject to such maximum on any one transfer or transmission as may from time to time be fixed by the Directors. Such maximum may be a single fee payable on any one transfer or on transmission of any number of shares of one class or denomination or may be on a graduated scale varying with the number of shares of any one class comprised in one transfer or transmission or may be fixed in any manner as the Directors may in their discretion determine.
57. Any person becoming entitled to a share in consequence of the death, lunacy or insolvency of a Member may, upon producing such evidence of his title as the Board thinks sufficient, be registered as a Member in respect of such shares, or may subject to the regulations as to transfer herein before contained, transfer such shares. The Board shall in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent Member had transferred the share before his death or insolvency.
58. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects. If the person aforesaid shall elect to transfer the shares to some other person he shall execute an instrument of transfer in accordance with the provisions of these Article relating to the transfer of shares. All the limitations, restrictions and provisions of these Articles relating to the right of transfer and the registration of transfer of shares shall be applicable to any such notice or transfer as aforesaid as if the death, lunacy or insolvency of the Member had not occurred and the notice of transfer where a transfer signed by that Member.
59. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a Member in respect of the share be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company.

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may there after withhold payment of all dividends, bonuses or other money payable in respect of the share, until the requirements of the notice have been complied with.

Forfeiture

60. If a Member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with interest, at such rate as may be decided by the Board.
61. The notice aforesaid shall name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
62. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice

has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited shares and not actually paid before the forfeiture.

63. A forfeited share shall become the property of the Company and may be sold, re-allotted or otherwise disposed of, either to the person who was before forfeiture the holder thereof or entitled thereto, or to any other person, upon such terms and in such manner as the Board shall think fit, and at any time before such sale, re-allotment or disposition, the forfeiture may be cancelled on such terms as the Board shall think fit. The Board may, if necessary, authorize some person to transfer a forfeited share to any other person as aforesaid.
64. A person whose shares have been forfeited shall cease to be a Member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares. The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.
65. A duly verified declaration in writing that the declarant is a Director or the Secretary of the Company, and that a share has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts stated therein as against all persons claiming to be entitled to the share, and such declaration and the receipt of the Company for the consideration, if any given for the share on any sale, re-allotment or disposal thereof, together with the certificate for the share delivered to a purchaser or an allottee thereof, shall (subject to the execution of a transfer of the same if so required) constitute a good title to the share, and the person to whom such share is sold, re-allotted or disposed of shall be registered as the holder of the share and shall not be bound to see to the application of the consideration, if any nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or disposal of the share.
66. The provisions of these regulations as to forfeiture shall apply in the case of non - payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of Capital

67. The Company may, from time to time, by Ordinary Resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
68. Except so far as otherwise provided by the Act and these Articles, any capital raised by the creation of new shares shall be considered as part of the existing capital and all such new shares shall be subject to the provisions of these Articles with reference to payment of calls, lien, transfer, transmission, forfeiture and otherwise. Unless otherwise provided in accordance with these Articles, the new shares shall be Ordinary Shares.
69. Subject to the provisions of Section 61, the Company may, by Ordinary Resolution, --
 - a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
 - c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum of Association of the Company;
 - d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
70. Where shares are converted into stock, --
 - a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

- b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
 - c) such of the regulations of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.
71. The Company may, by Special Resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law,
- a) its Share Capital;
 - b) any Capital Redemption Reserve Account; or
 - c) any Share Premium Account.

General Meetings

72. The Company shall in each year hold a General Meeting as its Annual General Meeting in addition to any other Meetings in that year, and shall specify the Meeting as such in the notices calling it; and not more than fifteen months shall elapse between the date of one Annual General Meeting of the Company and that of the next and provided that such Meeting shall be held within six months after the expiry of the Company’s Financial Year. The Annual General Meeting shall be held at the Office of the Company or at some other place within the city, town or village in which the Office of the Company is situated, as the Board shall think fit, at a time during business hours and on a day that is not a National Holiday.
73. All General Meetings other than Annual General Meeting shall be called Extra Ordinary General Meeting.
74. The Board may, whenever it thinks fit, call an Extra Ordinary General Meeting. If at any time Directors capable of acting who are sufficient in number to form a quorum are not within India, any Director or any two Members of the Company may call an Extraordinary General Meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.
75. Subject to the provisions of the Act, the Company may in respect of any item of business, other than ordinary business, transact such business by means of postal ballot, instead of transacting the same at a General Meeting of the Company. If a resolution is assented to by the requisite majority of the Members by means of postal ballot, it shall be deemed to have been duly passed at a General Meeting convened in that behalf.

Notice of General Meetings

76. A General Meeting shall be called by giving not less than twenty one days’ notice, either in writing or through electronic mode as prescribed under the Act, except as otherwise provided by law. For the purpose of reckoning twenty one days’ notice, the day of sending the notice and the day of the Meeting shall not be counted. The notice shall specify the place, date, day and hour of the Meeting and the business to be transacted thereat. In the case of special business, an Explanatory Statement shall be annexed to the notice in accordance with the provisions of Section 102 of the Act. Such notice shall be given in the manner hereinafter mentioned or in such other manner, if any, as prescribed under the Act, to all the Members and to the persons entitled to a share in the consequence of death or insolvency of a Member, and to such other persons as specified under law.
77. Any accidental omission to give notice of a Meeting to, or the non-receipt of notice of a Meeting by, any Member or other person entitled to receive such notice shall not invalidate the proceedings of the Meeting.

Proceedings at General Meetings

78. All business shall be deemed special that is transacted at an Extra Ordinary General Meeting, and also all that is transacted at an Annual General Meeting, with the exception of consideration of Financial Statements, and the reports of the Board and Auditors, declaration of any dividend, appointment of Directors in the place of those retiring and appointment of, and fixing of the remuneration of the Auditors.

79. No business shall be transacted at any General Meeting unless a quorum of Members is present at the time when the meeting proceeds to business. Save as otherwise provided herein, the quorum for the General Meetings shall be as provided in Section 103.
80. If within half an hour from the time appointed for the Meeting the quorum is not present, the Meeting, if convened upon the requisition of or by the Members, shall be dissolved and in any other case, it shall stand adjourned to the same day in the next week, at the same time and place, not being a National Holiday, or to such other date and such other time and place as the Board may determine, and if at the adjourned Meeting, quorum is not present within half an hour from the time appointed for the Meeting, the Members present, being not less than two in number, shall be the quorum.
81. The Chairperson, if any, of the Board shall preside as Chairperson at every General Meeting of the Company. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as Chairperson of the meeting, the Directors present shall elect one of their Members to be Chairperson of the meeting. If at any meeting no Director is willing to act as Chairperson or if no Director is present within fifteen minutes after the time appointed for holding the meeting, the Members present shall choose one of their Members to be Chairperson of the meeting.
82. At any General Meeting, a resolution put to the vote of the Meeting shall, unless a poll is demanded in accordance with the provisions of Section 109 of the Act, be decided in the manner as provided in the Act.
- Except as provided in Article 84, if a poll is duly demanded it shall be taken in such manner as the Chairperson of the Meeting directs, and the result of the poll shall be deemed to be the resolution of the Meeting at which the poll is demanded. The demand for a poll may be withdrawn.
83. In the case of equality of votes, whether on a show of hands or on a poll or on e-voting, the Chairperson of the Meeting shall be entitled to a second or casting vote.
84. A poll demanded on the election of a Chairperson or on a question of adjournment of the Meeting shall be taken forthwith. A poll demanded on any other question shall be taken at such time as the Chairperson of the Meeting directs (not being more than forty-eight hours from the time when the demand was made), and any business other than that upon which a poll has been demanded may be proceeded with pending the taking of the poll.

Adjournment of Meeting

85. The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid, and as provided in Section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting Rights

86. Subject to any rights or restrictions for the time being attached to any class or classes of shares, --
- a) on a show of hands, every Member present in person shall have one vote; and
 - b) on a poll and e - voting, the voting rights of Members shall be in proportion to his share in the Paid-Up Equity Share Capital of the Company.
87. A Member may exercise his vote at a meeting by electronic means in accordance with Section 108 and shall vote only once.
88. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. For this purpose, seniority shall be determined by the order in which the names stand in the register of Members.
89. A Member of unsound mind or in respect of whom an order has been made by any court having jurisdiction in

lunacy, may vote, whether on a show of hands or on a poll, by his Committee or other legal guardian, and any such Committee or guardian may, on a poll, vote by proxy, provided that such evidence as the Board may require of the authority of the person claiming to vote shall have been deposited at the Office or such other office of the Company as may from time to time be designated by the Board, not less than forty-eight hours before the time for holding the Meeting or adjourned Meeting at which such person claims to vote.

90. No Member shall be entitled to vote at any General Meeting unless all calls or other sums presently payable by him in respect of shares in the Company have been paid.
91. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes. Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

92. The instrument appointing a proxy shall be in writing in the form prescribed under the Act, and shall be signed by the appointer or by his attorney duly authorized in writing, or, if the appointer is a body corporate, be either under its seal, or be signed by an officer or an attorney duly authorized by it.

A Member who has not appointed a proxy to attend and vote on his behalf at a Meeting may appoint a proxy for any adjourned Meeting, not later than forty-eight hours before the time of such adjourned Meeting.

93. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the Registered Office of the Company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll and in default the instrument of proxy shall not be treated as valid.
94. A proxy may be given by any Member to any person or persons who has attained majority and is of sound mind for any and every Meeting of the Company held at any time and at any and every adjournment of such Meeting, and shall be in force and of full effect and valid for that Meeting to which it relates or any adjournment thereof, until a revocation in writing shall have been received by the Company from the Member giving such proxy.
95. The instrument appointing a proxy, where allowed, shall confer authority to demand or join in demanding a poll, but the proxy shall not be entitled to vote except on a poll and shall have no right to speak at the Meeting.
96. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given.

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the Company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Corporations acting by Representatives at Meeting

97. Any corporation which is a Member of the Company may by resolution of its Board or other governing body authorise such person as it may think fit to act as its representative at any Meeting of the Company or of any class of Members of the Company, and the person so authorized shall be entitled to exercise the same rights and powers, including the right to vote by proxy, through e-voting or by postal ballot, on behalf of the corporation which he represents as that corporation could exercise if it were an individual Member of the Company.

Board of Directors

98. The Directors of the Company for the time being shall be those persons who are appointed on the Board and whose names are entered and shown as those occupying the office of Director for the time being, in the Register of Directors maintained by the Company.
99. Unless and until otherwise determined by the Company in General Meeting, the number of Directors shall not be

less than three and not more than fifteen. The Company in General Meeting by passing a Special Resolution can increase the number of Directors.

100. Unless otherwise determined by the Company in General Meeting, each Director of the Company shall be paid out of the funds of the Company by way of remuneration for his services in attending each Meeting of the Board or Committee thereof, such sum as may be decided by the Board, not exceeding the limit prescribed under the Act.
101. Subject to the provisions of the Act and approval of Central Government, if required and these Articles, the Board shall have power to appoint from time to time any of its Members as Managing Director or Managing Directors, Executive Directors and/or Whole Time Directors and or Special Director, like Technical Director or Financial Director of the Company for a fixed term and not exceeding five years at a time and upon such terms and conditions as the Board thinks fit, and the Board may by resolution vest in such Managing Director or Managing Directors, Executive Director(s), Whole Time Director(s), Technical Director(s), Financial Director(s), Special Director(s) such of the power hereby vested in the Board generally as it thinks fit, and such powers may be made exercisable for such period or periods and upon such conditions subject to such restriction as it may determine. The remuneration of such Directors may be by way of monthly remuneration and/ or fee for each meeting and/or participation in profits, or by any or all of those modes, or any other mode not expressly prohibited by the Act. Mr. Kuzhuppilly Govinda Menon Anilkumar shall hold the office of the Chairman as well as the Managing Director of the Company, until and otherwise decided by the Members of the Company or any statutory requirement stipulates otherwise.
102. The Directors may whenever they appoint more than one Managing Director, designate one or more of them as “Joint Managing Directors” or “Deputy Managing Director” as the case may be.
103. The appointment and payment of remuneration to the above Directors shall be subject to approval of General Meeting and of the Central Government if the provisions of the Act, so requires.
104. Subject to the provisions of Section 152 of the Act, a Managing Director shall not, while he continues to hold that office be subject to retirement by rotation, and he shall not be reckoned as a Director for the purpose of determining the rotation in retirement of Directors or in fixing the number of Directors to retire, but (subject to the provisions of any contract between him and the Company) he shall be subject to the same provisions as to resignation and removal as, the other Directors of the Company and he shall *ipsofacto* and immediately, cease to be a Managing Director, if he vacates the office of Director for any cause.
105. The remuneration of the Directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
106. In addition to the remuneration payable to them in pursuance of the Act, the Directors may be paid all travelling, hotel and other expenses properly incurred by them –
 - a) in attending and returning from meetings of the Board of Directors or any Committee thereof or General Meetings of the Company; or
 - b) in connection with the business of the Company.

Borrowing Powers

107. Subject to the provisions of Section 179 and 180 (1) (c) of the Act and Regulations made thereunder and Directions issued by the Reserve Bank of India the Board may, from time to time, raise or borrow any sums of money for and on behalf of the Company.

The Board of Directors may, from time to time, raise or secure the payment of such money in such manner and upon such terms and conditions in all respects as they deem fit and in particular by the issue of Bonds or Debentures or any Debt Securities or by Pledge, Mortgage, Charge or any other Security on all or any assets or properties of the Company (both present and future) including its uncalled capital for the time being.

Any Debenture, Bonds, or other Securities may be issued at discount, premium or otherwise and with special privileges as to redemption, surrender, drawing and allotment of shares of the Company and otherwise. Debentures, Bonds and other Security may be made assignable free from any equities between the Company and

the persons to whom the same may be issued.

Right to consolidate, re-purchase and/or re-issue the debt securities

108. The Company will have the power, exercisable at its sole and absolute discretion from time to time, to repurchase a part or all of its Debt Securities from the primary and secondary markets or otherwise, at any time prior to the maturity date, subject to applicable law and in accordance with the prevailing guidelines/regulations issued by the Reserve Bank of India, the Securities and Exchange Board of India and other authorities. In the event of a part or all of its Debt Securities being repurchased as aforesaid or redeemed under any circumstances whatsoever, the Company shall have, and shall be deemed always to have had, the power to reissue the Debt Securities either by reissuing the same Debt Securities or by issuing other Debt Securities in their place.

Issue of Subordinated Debt Instruments

109. Subject to the provisions of the Act and compliance of the regulatory requirements of the Reserve Bank of India or such other regulatory authority, the Board may, at its meeting resolve to issue Subordinated Debt Instruments of such amount and up to such limit and on such terms and conditions as the Reserve Bank of India or such other authorities may notify from time to time.

Powers and Duties of the Board

110. The business of the Company shall be managed by the Board which may exercise all such powers of the Company as are not, by the Act or by these Articles, required to be exercised by the Company in General Meeting, subject, nevertheless, to any of these Articles, to the provisions of the Act, and to such regulations being not inconsistent with the aforesaid Articles or provisions, as may be prescribed by the Company in General Meeting, but no regulation made by the Company in General Meeting shall invalidate any prior act of the Board which would have been valid if that regulation had not been made.
111. The Board may appoint and at its pleasure remove or suspend employees, either for permanent or temporary or special services as it may from time to time deem expedient for carrying on the business of the Company, and may determine the duties and powers of such employees, and may fix the amount of their salaries and emoluments, and pay the same out of the funds of the Company. Subject to the provisions of Section 188(1) (f) of the Act, any Director or Key Managerial Personnel may, subject to approval of the Board or of the Company in General Meeting, be appointed to hold any other office or employment under the Company and in respect of any such office or employment as aforesaid, such Director or Key Managerial Personnel may be paid such salary or remuneration as the Board may from time to time determine.
112. The Board may from time to time and at any time by power of attorney appoint any Company, Firm or Person including a Director or any other Officer or Body of Persons, whether nominated directly or indirectly by the Board, to be the attorney or attorneys of the Company for such purpose and with such powers, authorities and discretion (not exceeding those vested in or exercisable by the Board under these Articles) and for such period and subject to such conditions as it may think fit, and any such powers of attorney may contain such provisions for the protection and convenience of persons dealing with any such attorney as the Board may think fit and may also authorise any such attorney to delegate all or any of the powers, authorities and discretions vested in him.

112A. Appointment of Nominee Director

Notwithstanding anything contained in these Articles, the Board shall have the power, on receipt of a nomination by the debenture trustee to consider the proposal for appointment of a Nominee Director on the Board of the Company, in the following circumstances prescribed under Regulation 15(1)(e) of the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993, as amended from time to time:

- i. 2 (two) consecutive defaults in payment of interest to the debenture holders; or
- ii. default in creation of security for debentures or
- iii. default in redemption of the debentures.

Such Nominee Director may not be liable to retire by rotation nor be required to hold any qualification shares and shall hold office so long as the default subsists.

Any vacancy in the office of such Nominee Director during the term shall be filled in by the debenture trustee by

nominating another person.

Provided however, if more than one debenture trustee(s) is entitled to appoint a director, all such debenture trustees shall jointly nominate only one person to be appointed as a Nominee Director on the Board of the Company in terms of this Article.

The appointment of the Nominee Director shall be subject to receipt of all necessary and requisite approvals as the Company may require to obtain from any regulatory or statutory authority (ies) under any existing or new license or permission held or obtained by the Company from time to time.

113. The Board may remunerate any person rendering services to the Company, whether in its regular employment or not, in such manner as it may deem fit, whether by cash, salary or shares or Debentures or any other securities or by a commission or share of profits either in any particular transaction or generally or by way of percentage on wages or salaries or in any other manner or by any other method.
114. Irrespective of the powers conferred by the last preceding clause, it may, subject to sanctions as necessary, award special remuneration out of the funds of the Company to any Director for special services rendered to the Company, such remuneration being either by agreed sum, percentage on profit or bonus or any or all of such methods or otherwise as may be determined by the Board.
115. The Board may, subject to the provisions of Sections 179, 180 and 186 of the Act, for carrying on and managing the business of the Company, invest, borrow and lend money (except to itself) and purchase, hire, rent or acquire any houses, warehouses, buildings or lands of any tenure, or acquire any leasehold or other interest in any houses, warehouses, buildings or lands, on such terms as it may from time to time think advisable. It may pull down, remove, alter or convert any such houses, warehouses or buildings and may erect and build such other houses, warehouses and buildings in lieu thereof on any land purchased, hired, rented or acquired as aforesaid, in such manner as it may consider necessary or advisable for carrying on the business of the Company. It may purchase or otherwise acquire machinery, plant and other effects, and insure against loss by fire all or any such houses, warehouses or buildings, and may let or demise or give possession of the whole or any part of the same, whether fitted up or finished or otherwise, to such person or persons and on such terms as to tenancy or occupation as it may consider advisable with regard to the interests of the Company, and the promotion or carrying on of its business. It may from time to time sell and buy any such lands, houses, warehouses or buildings as aforesaid, and may let, demise or resell the same, and may otherwise deal with all or any of the same as it considers most conducive to the interests of the Company.
116. The Board may, upon such terms as it may think fit, purchase or otherwise acquire or undertake the whole or any part of the business, assets and liabilities, including shares, stocks, bonds, debentures, mortgages or other obligations, or any or either of them, of any other Company, trust, corporation or person carrying on any business which this Company is authorized to carry on, or possessed of any property or right suitable for the purposes of this Company, and to acquire the business of any Company, corporation or trust, if deemed expedient, by amalgamation with such Company, Corporation or Trust, instead of purchase in the ordinary way.
117. The Board may pay for any business or undertaking, or any property or rights acquired by the Company, in cash or subject to the consent of the Company in General Meeting, in shares, with or without preferred rights in respect of dividends or repayment of capital or otherwise, or by any securities which the Company has power to issue, or partly in one mode and partly in another, and generally on such terms as it may determine.
118. Subject to the provisions of Section 180(1)(a) of the Act, it may sell the business or undertaking of the Company, or any part thereof, including any Shares, Stocks, Bonds, Debentures, Mortgages or other Obligations or Securities, or any or either of them, Patents, Trademarks, Trade Names, Copyrights, Licenses or Authorities, or any Estate, Rights, Properties, Privileges or Assets of any kind.
119. The Board may accept payment for the business or undertaking of the Company, or for the properties or rights sold or otherwise disposed of or dealt with by the Company either in cash or by instalments or otherwise or in shares or bonds or other securities of any Company, Trust or Corporation, with or without deferred or preferred rights, in respect of dividends or repayment of capital or otherwise, or by means of Mortgage or by Debenture, Debenture Stock, or Bonds of any Company, Trust, or Corporation or partly in one mode and partly in another, and generally on such terms as it may determine.
120. The Board may institute, intervene in, conduct, defend, compromise, refer to arbitration, and abandon legal and

other proceedings, and claims by and against the Company, and the Directors and other officers of the Company and otherwise concerning the affairs of the Company.

121. The Board may subject to the provisions of Section 180(1)(d) of the Act, compound for debts or give time for the payment of debts due to the Company.
122. The Board may do any or all things or matters mentioned in the Act, any other law applicable to the Company, the Memorandum of Association of the Company or these Articles.

Save as otherwise provided by the Act or by these Articles and subject to the restrictions imposed by Section 179 of the Act, the Board may delegate all or any of the powers reposed in them by the Act or the Memorandum of Association or by these Articles, to any Committee(s) or any Officer(s) of the Company.

123. Subject to the provisions of Sections 184 and 188 of the Act, no Director or Key Managerial Personnel shall be disqualified by his office from contracting with the Company, either as vendor, purchaser, agent, broker or otherwise, nor shall any such contract or arrangement entered into by or on behalf of the Company in which any Director or Key Managerial Personnel shall be in any way interested be avoided, nor shall any Director or Key Managerial Personnel so contracting or being so interested be liable to account to the Company for any profit realized by any such contract or arrangement by reason of such Director or Key Managerial Personnel holding that office, or of fiduciary relations thereby established.
124. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for money paid to the Company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time determine.
125. The Board shall cause Minutes of Meetings to be made in books provided for the purpose in accordance with the requirements of Section 118 of the Act. Any such Minutes if purporting to be signed by the Chairperson of the Meeting at which the proceedings were held, or by the Chairperson of the next succeeding Meeting, shall be evidence of the proceedings of the said Meeting.
126. Every order or resolution which appears recorded as part of the proceedings of a Meeting, and notwithstanding it to be impeachable on any ground whatsoever, shall, so long as the order or resolution subsists unrescinded, be treated, recognized and acted upon as valid and binding on all the Members and their representatives, so far as the order or resolution of the Board can bind them, and shall be sufficient authority for all acts and proceedings in conformity therewith.
127. Nevertheless, the Minute Book may be amended according to the fact where it shall be shown to be erroneous, and such correction may be made by the order of the Board or of a General Meeting, as the case may be.

Vacation of office of Directors

128. The office of the Director shall be vacated ipso facto:-
 - a) If by notice in writing given to the Company, he resigns from his office.
 - b) Upon occurrence of any of the events specified under Section 167 of the Act.

Retirement of Directors

129. At the Annual General Meeting in every year, one-third of the Directors for the time being as are liable to retire by rotation or if their number is not three or a multiple of three, then the number nearest to one-third shall retire from office. A Director retiring at a Meeting shall retain office until the conclusion of that Meeting.
130. The Directors to retire in every year shall be those who have been longest in office since their last election, but as between persons who became Directors on the same day, those who are to retire shall, unless they otherwise agree among themselves, be determined by lot.
131. A retiring Director shall be eligible for re-election.
132. The Company at the Meeting at which a Director retires in the manner aforesaid may fill the vacated office by

electing the retiring Director or some other person hereto, and if the place of the retiring Director is not so filled up and the Meeting has not expressly resolved not to fill the vacancy, the Meeting shall stand adjourned till the same day in the next week at the same time and place, or if that day is a National Holiday, till the next succeeding day which is not a National Holiday at the same time and place, and if at the adjourned Meeting also the place of the retiring Director is not filled and that Meeting also has not expressly resolved not to fill the vacancy, the retiring Director shall, subject to the provisions of Section 152 of the Act, be deemed to have been re-elected.

133. The Board shall have power at any time, and from time to time, to appoint any person to be a Director, either to fill a casual vacancy or as an addition to the existing Directors, but so that the total number of Directors shall not at any time exceed the number fixed by or in accordance with these Articles. Any Director so appointed to fill a casual vacancy shall hold office only up to the date up to which the Director in whose place he is appointed would have held office if it had not been vacated. An Additional Director shall hold office only until the conclusion of the next Annual General Meeting, and shall then be eligible for appointment and shall not be taken into account in determining the Directors who are to retire by rotation at such Meeting.
134. In accordance with the provisions of Section 169 of the Act, the Company may by resolution remove any Director before the expiration of his period of office, notwithstanding anything contained in these Articles or in any agreement between the Company and such Director.
135. The Company may likewise by Ordinary Resolution appoint another person in place of a Director removed from office under the immediately preceding Article, and without prejudice to the powers of the Board under Article 133, the Company in General Meeting may appoint any person to be a Director either to fill a casual vacancy or as an Additional Director. A person appointed in place of a Director so removed or to fill such vacancy shall be subject to retirement at the same time as if he had become a Director on the day on which the Director in whose place he is appointed was last elected a Director.
136. A Director may resign from his office upon giving notice in writing to the Company of his intention to do so, and such resignation shall take effect from the date on which the notice is received by the Company or the date, if any, specified by the Director in the notice, whichever is later.
137. The Board may appoint a person, not being a person holding Directorship in the Company or alternate Directorship for any other Director in the Company, to act as an Alternate Director for a Director during his absence for a period of not less than three months from India. Such appointment shall have effect and such appointee while he holds office shall be entitled to the notice of Meetings of the Board and to attend and vote thereat accordingly and generally to exercise all the rights and functions of the original Director subject to any limitations or restrictions as may be specified by the Board, but he shall ipso facto vacate office if and when the original Director returns to India or vacates office as a Director.

Proceedings of the Board

138. The Board may meet for the conduct of business, adjourn and otherwise regulate its Meetings, as it may think fit. Save as otherwise provided in the Act, questions arising at any Meeting shall be decided by a majority of votes. Any Director of the Company may, at any time, summon a Meeting of the Board. The Secretary or any other person authorized by the Board in this behalf, on the requisition of a Director, shall convene a Meeting of the Board, in consultation with the Chairperson of the Board or, in his absence, the Managing Director or, in his absence, a Whole Time Director of the Company.
139. Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes. In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
140. The quorum necessary for transaction of the business of the Board shall be as provided in Section 174 of the Act. A Meeting of the Board at which a quorum is present shall be competent to exercise all or any of the authorities, powers, and discretions by or under these Articles for the time being vested in or exercisable by the Board generally.
141. The continuing Directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing Directors or Director may act for the purpose of increasing the number of Directors to that fixed for the quorum, or of summoning a General Meeting of the Company, but for no other purpose.

Further, where the number of Directors is reduced below the minimum fixed by these Articles, no business shall be transacted unless the number is first made up by the remaining Director(s) or through a General Meeting.

142. Mr. Kuzhuppilly Govinda Menon Anilkumar shall preside over the meetings of the Board of Directors, until and otherwise decided by the Members of the Company or any statutory requirement stipulates otherwise. The Board may elect one or more Vice-Chairperson and one or more Deputy Chairperson of its Meetings, and determine the period for which they are respectively to hold office. If no such Vice-Chairperson or Deputy Chairperson be elected, or if at any Meeting Chairman, Vice-Chairperson or Deputy Chairperson is not present within five minutes after the time appointed for holding the same, the Directors present shall choose one of their number to be the Chairperson of such Meeting.
143. The office of Chairperson or Vice-Chairperson or Deputy Chairperson may, on any vacancy, be filled up by the Board.
144. The Board may, subject to the provisions of Section 179 of the Act, delegate any of its powers to Committees consisting of such Member or Members as it may think fit. Any Committee so formed shall in the exercise of the powers so delegated conform to any regulations that may be imposed on it by the Board.
145. A Committee of the Board may elect a Chairperson of its Meetings, if no Chairperson of the Committee is appointed by the Board. However, if no such Chairperson is appointed or elected, or if at any Meeting the Chairperson so appointed is not present, the Members present may choose one of their numbers to be the Chairperson of that Meeting.
146. A Committee of the Board may meet and adjourn as it thinks proper. Questions arising at any Meeting shall be determined by a majority of votes of the Members present, and in the case of an equality of votes, the Chairperson of the Committee shall have a second or casting vote. The quorum for a Meeting of a Committee of the Board, unless otherwise determined by the Board or stipulated in the Act or any other law applicable to the Company, shall be two.
147. All acts done in any meeting of the Board or of a Committee thereof or by any person acting as a Director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such Directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such Director or such person had been duly appointed and was qualified to be a Director.
148. Save as otherwise expressly provided in the Act, a resolution in writing, signed, whether manually or by secure electronic mode, by a majority of the Members of the Board or of a Committee thereof, for the time being entitled to receive notice of a meeting of the Board or Committee, shall be valid and effective as if it had been passed at a meeting of the Board or Committee, duly convened and held.

Pensions and Allowances

149. The Board may establish and maintain or procure the establishment and maintenance of any non-contributory or contributory pension or superannuation funds for the benefit of, and give or procure the giving of donations, gratuities, pensions, allowances or emoluments to any persons who are or were at any time in the employment or service of the Company, or of any Company which is subsidiary of the Company or is allied to or associated with the Company or with any such subsidiary, or who are or were at any time Directors or officers of the Company or of any such other Company as aforesaid, and the wives, widows, families and dependents of any such person, and also establish and subsidise or subscribe to any institutions, associations, clubs or funds calculated to be for the benefit of or to advance the interests and well-being of the Company or of any such other Company as aforesaid, or of any such person as aforesaid, and make payments for or towards the insurance of any such persons as aforesaid, and subject to the provisions of the Memorandum of Association and Section 181 of the Act, subscribe or guarantee money for any charitable or benevolent objects or for any exhibition, or for any public, general or useful object, and do any of the matters aforesaid either alone or in conjunction with any such other Company, as aforesaid, subject always, if the Act shall so require, to particulars with respect to the proposed payment being disclosed to the Members of the Company and to the proposal being approved by the Company and the Directors shall be entitled to participate in and retain for their own benefit any such donation, gratuity, pension, allowance or emolument.

Chief Executive Officer, Manager, Company Secretary and Chief Financial Officer

150. Subject to the provisions of the Act, Chief Executive Officer, Manager, Company Secretary and Chief Financial Officer of the Company shall be appointed by the Board for such term, at such remuneration and upon such conditions as the Board may think fit, and such persons so appointed may be removed by the Board. A Director may be appointed as Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer.
151. Anything by the Act required or authorized to be done by or to the Company Secretary may, if the office is vacant or there is for any other reason no Company Secretary capable of acting, be done by or to any Assistant or Deputy Company Secretary, or if there is no Assistant or Deputy Company Secretary capable of acting, by or to any officer of the Company authorized generally or specially in that behalf by the Board.

Dividends and Reserve

152. The Company in General Meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
153. Subject to the provisions of Section 123, the Board may from time to time pay to the Members such interim dividends as appear to it to be justified by the profits of the Company. If at any time the share capital of the Company is divided into different classes, the Board may pay such interim dividends in respect of the Ordinary Shares of the Company as well as in respect of those shares which confer on the holders thereof preferential rights with regard to dividend and provided that the Board acting bona fide on the subject shall not incur any responsibility to the holders of shares conferring a preference for any damage that they may suffer by reason of the payment of an interim dividend on such Ordinary Shares. The Board may also pay half-yearly or at other suitable intervals to be settled by them, any dividend which may be payable at a fixed rate, if they are of the opinion that the profits justify such payment.
154. No dividend shall be paid otherwise than out of the profits or the free reserves of the Company, in accordance with the provisions of the Act.
155. The Board may, before recommending any dividend, set aside out of the profits of the Company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the Company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the Company or be invested in such investments (other than shares of the Company) as the Board may, from time to time, think fit. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
156. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the Company, dividends may be declared and paid according to the amounts of the shares. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
157. The Board may deduct from any dividend payable to any Member all sums of money, if any, presently payable by him to the Company on account of calls or otherwise in relation to the shares of the Company.
158. All unclaimed dividends will be dealt with in accordance with the provisions of the Act. No dividend shall bear interest against the Company.
159. Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of Members, or to such person and to such address as the holder or joint holders may in writing direct. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
160. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the

manner mentioned in the Act.

Capitalization of Profits

161.

- a) The Company in General Meeting may, upon the recommendation of the Board, resolve –
 - (i) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the Company's reserve accounts or to the credit of the profit and loss account or otherwise available for distribution; and
 - (ii) that such sum be accordingly set free for distribution in the manner specified in clause (b) amongst the Members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- b) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (c), either in or towards
 - (i) paying up any amounts for the time being unpaid on any shares held by such Members respectively;
 - (ii) paying up in full, unissued shares of the Company to be allotted and distributed, credited as fully paid-up, to and amongst such Members in the proportions aforesaid;
 - (iii) partly in the way specified in sub-clause (i) and partly in that specified in sub-clause (ii);
- c) A Securities Premium Account and a Capital Redemption Reserve account or any other permissible reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to Members of the Company as fully paid Bonus Shares;
- d) The Board shall give effect to the resolution passed by the Company in pursuance of this regulation.

162. Whenever such a resolution as aforesaid shall have been passed, the Board shall –

- a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby and all allotments and issues of fully paid shares if any; and
- b) Generally do all acts and things required to give effect thereto.

163. The Board shall have power –

- a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
- b) to authorize any person to enter, on behalf of all the Members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized of the amount or any part of the amounts remaining unpaid on their existing shares;
- c) Any agreement made under such authority shall be effective and binding on such Members.

Accounts

164. The Board shall cause proper books of account and other relevant books and papers to be kept with respect to:-

- a) All sums of money received and expended by the Company and the matters in respect of which the receipt and expenditure takes place;
- b) All sales and purchases of goods and services by the Company; and
- c) The assets and liabilities of the Company.

Proper books shall not be deemed to be kept if there are not kept such books of account as are necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.

165. The books of account shall be kept at the Office, or at such other place or places as the Board thinks fit and shall be open to the inspection of the Directors of the Company during business hours. The Company may keep such books of account in electronic mode as prescribed under the Act.
166. The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of the Members, not being Directors. No Member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by statute or authorized by the Board or by the Company in General Meeting and subject to such conditions as may be prescribed for this purpose.
167. The Board shall from time to time, in accordance with Sections 129, 134, Schedule III and other applicable provisions of the Act, cause to be prepared and to be laid before the Company in Annual General Meeting such Profit and Loss Accounts, Balance Sheets, Cash Flow Statements, and other reports and statements as are required under those provisions.
168. A copy of the Financial Statements, including every document required by law to be annexed or attached thereto, which are to be laid before the Company in Annual General Meeting together with copy of the Auditors' Report or a statement containing salient features of such documents in the prescribed form, as laid down under Section 136 of the Act, as the Company may deem fit shall, not less than twenty one days before the date of the Meeting, be sent to every person entitled thereto, subject to the provisions of the Act. Provided that this Article shall not require a copy of those documents to be sent to any person of whose address the Company is not aware or to more than one of the joint holders of any shares.

Audit

169. Auditors shall be appointed and their duties be regulated in accordance with Sections 139 to 147 of the Act.

Notices

170. A notice or any other document may be given by the Company to any Member either personally or by sending it by post or courier to him to his registered address or (if he has no registered address in India) to the address, if any, within India supplied by him to the Company for the giving of notices or documents to him. Such notice or document may also be sent through electronic mode as prescribed under the Act. If a Member requests for delivery of any notice or document through a particular mode, he shall deposit with the Company a sum sufficient to defray the expenses of such delivery or such fee as may be prescribed from time to time by the Act and as may be determined by the Board.
171. Where a notice or any other document is sent by post, service thereof shall be deemed to be effected by properly addressing, pre-paying and posting such notice or document, and unless the contrary is proved, delivery of such notice or document shall be deemed to have been effected, in case of a notice of a Meeting, at the expiration of forty-eight hours after the letter containing the same was posted and in any other case, at the time at which the letter would be delivered in the ordinary course of post.
172. A notice or any other document advertised in a newspaper shall be deemed to be duly served on the day on which the advertisement appears in the newspaper to every Member of the Company who has no registered address in India and has not supplied to the Company an address within India for the giving of notices or documents to him.
173. A notice or any other document may be given by the Company to the joint holders of a share by giving the notice or document to the joint holder named first in the Register of Members of the Company in respect of such share.
174. A notice or any other document may be given by the Company to the persons entitled to a share in consequence of death or insolvency of a Member by sending it in a prepaid letter addressed to them by name, or by the title of nominee or representative of the deceased or assignee of the insolvent or by any like description, at the address, if any in India supplied for the purpose of the persons claiming to be so entitled, or until such an address has been so supplied, by giving the notice or document in any manner in which the same might have been given if the death or insolvency had not occurred.

175. Notice of every General Meeting shall be given in the manner hereinbefore authorized to:-

- a) every Member of the Company and to every person entitled to a share in consequence of death or insolvency of a Member, who but for his death or insolvency would be entitled to receive notice of the Meeting; and
- b) such other persons entitled to receive the notice under the Act.

176. Dear Mr. Kuzhuppilly Govinda Menon Anilkumar,

Re: CRISIL Rating on the Rs.400 Crore Non Convertible Debentures of ICL Fincorp Limited

We refer to your request for a rating for the captioned Debt instrument.

CRISIL Ratings has, after due consideration, assigned a CRISIL BBB-/Stable (pronounced as CRISIL triple B minus rating with Stable outlook) rating to the captioned Debt instrument. Securities with this rating are considered to have moderate degree of safety regarding timely servicing of financial obligations. Such securities carry moderate credit risk.

Further, in view of your decision to accept the CRISIL Ratings, we request you to apprise us of the instrument details (in the enclosed format) as soon as it has been placed. In the event of your company not making the issue within a period of 180 days from the above date, or in the event of any change in the size or structure of your proposed issue, a fresh letter of revalidation from CRISIL Ratings will be necessary.

As per our Rating Agreement, CRISIL Ratings would disseminate the rating along with outlook through its publications and other media, and keep the rating along with outlook under surveillance for the life of the instrument. CRISIL Ratings reserves the right to withdraw, or revise the rating / outlook assigned to the captioned instrument at any time, on the basis of new information, or unavailability of information, or other circumstances which CRISIL Ratings believes may have an impact on the rating. Please visit www.crisilratings.com and search with the name of the rated entity to access the latest rating/s.

As per SEBI circular (reference number: CIR/IMD/DF/17/2013; dated October 22, 2013) on centralized database for corporate bonds/debentures, you are required to provide international securities identification number (ISIN; along with the reference number and the date of the rating letter) of all bond/debenture issuances made against this rating letter to us. The circular also requires you to share this information with us within 2 days after the allotment of the ISIN. We request you to mail us all the necessary and relevant information at debtissue@crisil.com. This will enable CRISIL Ratings to verify and confirm to the depositories, including NSDL and CDSL, the ISIN details of debt rated by us, as required by SEBI. Feel free to contact us at debtissue@crisil.com for any clarification you may need.

Should you require any clarification, please feel free to get in touch with us.

With warm regards,

Yours sincerely,

Refer to Annexure for Details of Instruments & Bank Facilities

Detailed Rationale

CRISIL Ratings has assigned its 'CRISIL BBB-/Stable/CRISIL A3' ratings to the bank loan facilities and debt instruments of ICL Fincorp Limited (ICL Fincorp).

The rating reflects the extensive experience of the promoters in the gold financing business and the adequate capital position of the company backed by regular equity infusion by promoters. These strengths are partially offset by small, though improving scale of operations, with regional concentration and the below average earnings profile.

Incorporated in 1991, the current promoters took over the company in 2004 and ventured into gold loans lending in 2013. The company acquired Salem Erode Investments Ltd (SEIL), a listed entity, in February 2020 with the aim of spurring growth in other geographies. On consolidated basis, the company had a portfolio of Rs 478.3 crore as on March 31, 2024, compared with Rs 403.0 crore as on March 31, 2023 (Rs 351 crore as on March 31, 2022). This growth is driven by the gold loan segment, which accounts for 98% of the portfolio. Consolidated network and gearing were Rs 97 crore and 4.7 times, respectively, as on March 31, 2024, compared with Rs 91.3 crore and 4.1 times, respectively, a year earlier. Gearing is expected to be maintained below 5 times on steady state basis.

CRISIL Ratings has taken note of the recent news concerning disbursement of loans in cash by non-banking financial companies (NBFCs) engaged in the gold loan business. In May 2024, an advisory was sent to a few NBFCs engaged in the gold loans business. The NBFCs have been asked to adhere to the provisions of the Income Tax Act, which essentially stipulate that an individual should not receive more than Rs 20,000 in cash. The NBFCs (including ICL Fincorp) are now moving to online disbursement, and as part of this shift, are revalidating bank account information of existing customers. Bank account details of new customers will need to be verified. This may increase the turnaround time for loan disbursement. Also, the industry may see customers shift to the unorganised sector as borrowers in this segment are habituated to cash transactions. During the transition and as customers adjust to the new normal, disbursement may be affected. CRISIL Ratings will continue to monitor the impact of the revised guidelines on growth in the gold loan portfolio of ICL Fincorp.

Analytical Approach

CRISIL Ratings has consolidated business and financial risk profiles of ICL Fincorp Limited and its subsidiary SEIL. This is because both these companies are involved in similar business operations i.e. offering gold loans. Further, both ICL Fincorp and SEIL have common set of promoters along with commonality in board & top management. In addition, ICL Fincorp also holds a majority stake (75%) in SEIL.

Please refer Annexure - List of Entities Consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

- Extensive experience of the promoters and established brand in the gold loan markets in south India:**
Experience of more than two decades in the NBFC industry, has enabled the promoters to develop understanding of borrower behaviour and maintain comfortable asset quality, which will continue to support the business. The managing director, Mr K G Anil Kumar, and Ms Uma Devi Anil Kumar took over ICL Fincorp in 2004 and entered gold loan financing in 2013. The group had 292 branches across Eight states, viz Kerala, Tamil Nadu, Telangana, Karnataka Andhra Pradesh, Odisha, Maharashtra and Gujarat in fiscal 2024. The promoters have extensive experience in the gold

financing business and are engaged in tours & travel, medical laboratories and boutiques businesses through separate entities.

- **Adequate capitalisation metrics:** The group is adequately capitalised. The promoters have been fairly active in infusing capital; during the last three years, the promoters have infused over Rs 15 crore and additionally supported by internal accruals, resulting in networth of Rs 97 crore as on March 31, 2024 (Rs 91.3 crore as on March 31, 2023). Gearing was adequate at 4.5-4.8 times in the last 2-3 years. To support growth, the promoters plan to infuse Rs 10 crore equity over the near-to-medium term. Additionally, the management plans to focus on bottom-line profitability to generate higher accretion to support the capital position of the company. CRISIL Ratings believes the ability of the company to raise capital to fund growth and maintain gearing below 5 times (thereby maintaining capital adequacy) will remain a key monitorable.

Weaknesses:

- **Small, though improving scale of operations, with regional concentration:** Assets under management grew by around 19% to Rs 478.3 crore on March 31, 2024, as against Rs 403.0 crore as on March 31, 2023. The company disbursed Rs 1,671 crore in fiscal 2024, as against Rs 1,368 crore in fiscal 2023. Despite steady growth and presence of over 10 years, the portfolio has remained small. In terms of geographic diversity, majority of operations are concentrated in southern states such as Kerala, Tamil Nadu and Karnataka. Nevertheless, in the last 2-3 years, the company has focused on establishing branches in states such as Odisha, Telangana, Andhra Pradesh and recently new branches were opened in the states of Maharashtra and Gujarat. Ability of the group to continue to improve scale of operations, thereby reducing geographic concentration, will remain monitorable.
- **Below average earnings profile:** On a consolidated basis, profitability was modest, as reflected in profit after tax (PAT) and return on managed assets (RoMA) of Rs 0.1 crore and 0.01%, respectively, in fiscal 2024, compared with Rs 3.0 crore and 0.6%, respectively, in fiscal 2023. Profitability is constrained by the higher operational costs incurred by the company. The operating expense ratio was high at 11-13% in the last 2-3 years, constraining the earnings profile. One of the key components of operational costs has been 'advertising and promotion expense' and costs incurred towards manpower & setting up of gold loans branches. The group has incurred higher marketing costs to raise funds through the NCD (public issue) route. However, the management now proposes to leverage branch network and advertising efforts to grow its gold loan portfolio in order to achieve sensible profitability over the medium term. Another reason has been due to higher average cost of borrowing of the company for borrowings in fiscal 2024 stood at 13.6%, as compared to 13.3% in fiscal 2023. Therefore, the ability of the group to have substantial improvement in its profitability thereby managing its operational and credit costs will remain key rating sensitivity factor.

Liquidity: Adequate

Cash and equivalent and liquid investments stood at Rs 36.4 crore as on May 31, 2024 (including unutilized bank lines) and two-month liquidity cover (with one-month collection efficiency of 50%) was 3.64 times. If the cash credit limit, which will likely be rolled over, is excluded, the liquidity cover is 4.5 times.

Outlook: Stable

ICL Fincorp will continue to benefit from the extensive experience of its promoters and maintain adequate capitalisation.

Rating Sensitivity factors

Upward factors:

- Substantial improvement in profitability with RoMA remaining above 2%
- Further improvement in capital position with gearing below 5 times
- Diversity in the funding profile with the ability to raise sufficient funding through other routes such as bank loans.

Downward factors:

- Weakening in the capital position with gearing above 6 times
- Deterioration in asset quality metrics

About the Company

Based in Thrissur, Kerala, ICL Fincorp was registered in 1991. The company was acquired by the current promoters in 2004. After acquiring the company, the promoters started extending loans against consumer durables, and ventured into gold loan lending in 2013. The company provides gold loans, business loans (MSME loans), personal loans, loans against property, and two-wheeler loans. Gold loans form the largest portion of offerings, followed by hire purchase and business loans. The promoters acquired Salem Erode Investments Limited (SEIL) in 2020. Salem Erode Investments Limited, a BSE listed NBFC, post the acquisition provides gold loans. SEIL has 38 branches as of March 2024 and ICL Fincorp Limited holds 75% stake in SEIL. The promoters are also active in businesses such as chits, tours and travels, through separate companies.

About CRISIL Ratings Limited (A subsidiary of CRISIL Limited, an S&P Global Company)

CRISIL Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

CRISIL Ratings Limited ('CRISIL Ratings') is a wholly-owned subsidiary of CRISIL Limited ('CRISIL'). CRISIL Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").

ANNEXURE III – DAY COUNT CONVENTION

Interest on the NCDs shall be computed on an actual/actual basis for the broken period, if any. For Options I, II, III, and IV the interest shall be calculated from the first day till the last date of every month on an actual/actual basis during the tenor of such NCDs. Consequently, interest shall be computed on a 365 day a year basis on the principal outstanding on the NCDs. However, if period from the Deemed Date of Allotment/anniversary date of Allotment till one day prior to the next anniversary/redemption date includes February 29, interest shall be computed on 366 days a-year basis, on the principal outstanding on the NCDs.

For Options V, VI, VII and X which have tenors on cumulative basis and for Options VIII and IX which have tenors on Annual basis interest shall be computed on a 365/366 day a year basis on the principal outstanding on the NCDs.

NOTES:

1. Effect of public holidays has been ignored as these are difficult to ascertain for future period except January 26, April 1, May 1, August 15, October 2, day have been taken into consideration.
2. As per SEBI Master Circular, in order to ensure uniformity for payment of interest/redemption on debt securities, the interest/redemption payment shall be made only on a Working Day. Therefore, if the interest payment date falls on a non-Working Day, the coupon payment shall be on the next Working Day. However, the future coupon payment dates would be as per the schedule originally stipulated. In other words, the subsequent coupon schedule would not be disturbed merely because the payment date in respect of one particular coupon payment has been postponed earlier because of it having fallen on a holiday. However, if the redemption date of the debt securities falls on non- Working Day, the redemption proceeds shall be paid on the previous Working Day.
3. Deemed Date of Allotment has been assumed to be Friday, May 16, 2025.
4. The last coupon payment will be paid along with maturity amount at the redemption date.

Independent auditors review Report on unaudited standalone quarterly financial results of ICL Fincorp Limited pursuant to Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Review Report to

The Board of Directors

ICL Fincorp Limited

Irinjalakuda

We have reviewed the accompanying statement of unaudited financial results of ICL Fincorp Limited for the period ended 31st December 2024. This statement is the responsibility of the management of ICL Fincorp Limited and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India

Independent Auditor's Report

To the members of ICL Fincorp Limited

Report on the Audit of the Standalone financial statements

Opinion

We have audited the accompanying Standalone financial statements of M/s. ICL Fincorp Limited ("the Company") which comprises the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current year. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Serial No.	Key Audit Matters	Auditor's Response
1.	Provision for Expected Credit Losses (ECL)	<p>We examined Board Policy approving methodologies for computation of ECL that address policies, procedures and controls for assessing and measuring credit risk on all lending exposures, commensurate with the size, complexity and risk profile specific to the Company.</p> <p>We evaluated the design and operating effectiveness of controls across the processes relevant to ECL.</p> <p>We also tested assets in stage 1, 2 and 3 on sample basis to verify that they were allocated to the appropriate stage.</p>
2.	Due to the pervasive nature and complexity of the IT environment, we have ascertained IT systems and controls as a key audit matter.	<p>We performed the following audit procedures:</p> <ol style="list-style-type: none"> 1. Tested the Company's periodic review of access rights. 2. Considered the control environment relate to various interfaces, configuration and other application layer controls identified as key to our audit.

Information other than the financial statements and auditor's report thereon.

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

- Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The management of the company identified fraud involving an amount of Rs. 3,28,82,700/- of which the company has recovered an amount of Rs. 59,00,000/-, Rs. 2,60,00,000/- has been written off as bad debts in the books of accounts, and the provision created for the balance amount of Rs. 9,82,700/- in the books of accounts. Since it is already identified and reported by the management we have not filed form ADT - 4 in this regard.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 42 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. Under Rule 11(e)
 - (i) The management has represented that, to the best of its knowledge and belief,

no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

v. During the year the Company has not declared or paid dividend on equity shares.

vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of audit we did not come across any instance of audit trail feature being tampered with.

3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, no managerial remuneration has been paid or provided during the financial year.

Annexure 2 to the Independent Auditors' Report of ICL Fincorp Limited for the year ended 31st March, 2024.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of ICL Fincorp Limited ('the Company') as of 31st March, 2024 in conjunction with our audit of the Ind AS Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') and the Standards on Auditing (the 'Standards') issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

1 CORPORATE INFORMATION

ICL Fincorp Limited was incorporated as Jawahar Finance Limited on 9th December, 1991 at Chennai. The Company was later renamed to Irinjalakuda Credits & Leasing Company Limited on 26th April, 2004, which was further renamed to ICL Fincorp Limited on 8th May, 2016. The company is a non-deposit accepting Non Banking Financial Company (NBFC) which provides a wide range of fund-based services including Gold loans, Business loans, Hypothecation loans, Property loans etc.

The registration details are as follows:

Reserve Bank of India Registration No: B-07.00437

Corporate Identity Number (CIN): U65191TN1991PLC021815

Registered Address:- No.61/1, VGP Complex First Avenue, Ashok Nagar, Chennai, Tamil Nadu 600083

The Company is the ultimate parent company of the Salem Erode Investments Limited.

2 BASIS OF PREPARATION

The Standalone financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards and on accrual basis except for interest on Non Performing Assets which are recognised on realisation basis. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions Issued by the Reserve Bank of India ('RBI') as applicable to Non-Banking Finance Companies – ND.

The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 6 - Significant accounting judgements, estimates and assumptions.

All amounts included in the financial statements are reported in thousands of Indian rupees (Rupees in thousands) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

3 PRESENTATION OF FINANCIAL STATEMENT

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 STATEMENT OF COMPLIANCE

These separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the generally accepted accounting principles as referred to in paragraph 2 "Basis of Preparation" above.

5 SIGNIFICANT ACCOUNTING POLICY INFORMATION (ALSO REFER NOTE 2 ABOVE)

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. INVESTMENTS IN SUBSIDIARY

Investment in subsidiaries are measured at cost less impairment, if any.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

B. FINANCIAL INSTRUMENTS

(I) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

- i) Financial assets to be measured at amortised cost.
- ii) Financial assets to be measured at fair value through other comprehensive income.
- iii) Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial asset's cash flows and the Company's business model for managing financial assets. The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

- Reports reviewed by the entity's key management personnel on the performance of the financial assets.
- The risks impacting the performance of the business model (and the financial assets held within that business model) and its management thereof.
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Company also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(II) Financial assets measured at amortised cost

These Financial assets comprise bank balances, Loans, investments and other financial assets.

Financial Assets with contractual terms that give rise to cash flows on specified dates, and represent solely payments of principal and interest on the principal amount outstanding; and are held within a business model whose objective is achieved by holding to collect contractual cash flows are measured at amortised cost.

These financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or a financial liability.

(III) Financial assets measured at fair value through other comprehensive income

Debt instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income (a separate component of equity). Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss. As at the reporting date the Company does not have any financial instruments measured at fair value through other comprehensive income.

Equity instruments

Investments in equity instruments are generally accounted for as at fair value through the profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument by instrument basis. Contingent consideration recognised by the company in a business combination to which Ind AS 103 'Business Combination' applies are measured at fair value through profit and loss account, where amounts presented in other comprehensive income for equity instruments are not subsequently transferred to profit or loss. Dividends on such instruments are recognised in profit or loss. As at the reporting date the Company does not have any equity instruments measured at fair value through other comprehensive income.

(IV) Items at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial Instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship.

(V) Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

The expenses related to the public issue of Secured Non-Convertible Debentures are expensed out during the year itself.

(VI) Recognition and derecognition of financial assets and liabilities

A financial asset or financial liability is recognised in the balance sheet when the Company becomes a party to the contractual provisions of the instrument, which is generally on trade date. Loans and receivables are recognised when cash is advanced (or settled) to the borrowers. Financial assets at fair value through profit or loss are recognised initially at fair value. All other financial assets are recognised initially at fair value plus directly attributable transaction costs.

The Company derecognises a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability. A financial liability is derecognised from the balance sheet when the Company has discharged its obligation or the contract is cancelled or expires.

(VII) Impairment of financial assets

The Company recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Company has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

The Company recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Company applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
- loan commitments.

No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised.

The company has identified the following stage classification to be the most appropriate for its loans:

Stage 1: 0 to 60 DPD

Stage 2: 61 to 90 DPD

Stage 3: above 90 DPD

(VIII) Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower / debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(IX) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. The Financial assets and liabilities are presented in ascending order of their liquidity. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

C. REVENUE FROM OPERATIONS

(I) Interest Income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets.

The EIR in case of a financial asset is computed

- a) As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts. Any subsequent change the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

(II) Dividend Income

Dividend income is recognised

- a) when the right to receive the payment is established,
- b) it is probable that the economic benefits associated with the dividend will flow to the entity and
- c) the amount of the dividend can be measured reliably.

(III) Fees & Commission Income

Fees and commissions are recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Processing fee which does not form part of effective interest rate is recognised as and when it accrues.

(IV) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

D. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed

- a) As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change the estimation of the future cash flows is recognised in interest with the corresponding adjustment to the carrying amount of the assets.

(II) Employee benefits

Short term employee benefit

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an Independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

The Company does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and cannot be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

(III) Leases

Identification of Lease:

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short-term leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

For arrangements entered into prior to 1 April, 2018, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other income and expenses

All Other income and expense are recognized in the period they occur.

(V) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

In the case of impairment of investment in subsidiary, the Company reviews its carrying value of investments in subsidiaries at cost, annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

(VI) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

E. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

F. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred. Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful lives are, as follows:

Particulars	Useful life estimated by Company (Years)
Building	60
Furniture And Fixtures	10
Electrical Installations & Equipments	10
Motor Vehicles	8
Office Equipments	5
Computer And Accessories	3

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income /expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

G. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 6 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

H. PROVISIONS

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

I. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

J. EARNINGS PER SHARE

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

6 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 9 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Company's business. When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Company's EIR methodology, recognises interest income /expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income/expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Nature and purpose of Reserves

Statutory reserve (Statutory Reserve pursuant to Section 45-IC of The RBI Act, 1934): Section 45IC of Reserve Bank of India Act, 1934 ("RBI Act, 1934") defines that every non banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

The Company has transferred an amount of Rs 41,00,000 (Previous year Rs 64,70,000) to Statutory reserve pursuant to Section 45-IC of RBI Act, 1934

Impairment reserve: Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserves shall not be reckoned for regulatory capital

Securities premium: Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Other comprehensive income: Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.

Independent Auditor's Report

To the members of ICLFincorp Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial statements of **M/s. ICL Fincorp Limited** ("the Holding Company") and its subsidiary, (the Holding Company and its subsidiary together referred to as the "Group"), which comprises the Consolidated Balance Sheet as at 31st March, 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and the notes to Consolidated Financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2024, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a

separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Serial No.	Key Audit Matters	Auditor's Response
1.	Provision for Expected Credit Losses (ECL)	<p>We examined Board Policy approving methodologies for computation of ECL that address policies, procedures and controls for assessing and measuring credit risk on all lending exposures, commensurate with the size, complexity and risk profile specific to the Company.</p> <p>We evaluated the design and operating effectiveness of controls across the processes relevant to ECL.</p> <p>We also tested assets in stage 1, 2 and 3 on sample basis to verify that they were allocated to the appropriate stage.</p>
2.	Due to the pervasive nature and complexity of the IT environment, we have ascertained IT systems and controls as a key audit matter.	<p>We performed the following audit procedures:</p> <ol style="list-style-type: none"> 1. Tested the Company's periodic review of access rights. 2. Considered the control environment relate to various interfaces, configuration and other application layer controls identified as key to our audit.

Information other than the Consolidated financial statements and auditor's report thereon (Other Information).

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon. The information included in the Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the information included in the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements.

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Company's financial reporting process of the Group.

Auditor's responsibility for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or

when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The management of the company identified fraud involving an amount of Rs. 3,42,82,700/- of which the company has recovered an amount of Rs. 59,00,000/-, Rs. 2,60,00,000/- has been written off as bad debts in the books of accounts, and the provision created for the balance amount of Rs. 23,82,700/- in the books of accounts. Since it is already identified and reported by the management we have not filed form ADT - 4 in this regard.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of consolidated financial statements.

d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the directors of the Holding Company and Subsidiary companies on 31st March, 2024 taken on record by the Board of Directors of the Holding Company and subsidiary company, none of the directors of the Group companies are disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements – Refer Note 45 to the Consolidated financial statements.

ii. The Group did not have any material foreseeable losses on long-term contracts

including derivative contracts.

iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its Subsidiary Company incorporated in India.

iv. Under Rule 11(e)

- (i) The management of the Holding Company and its subsidiary company which are incorporated in India have represented to us, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its Subsidiary to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its Subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The management of the Holding company and its subsidiary company which are incorporated in India have represented to us, to the best of its knowledge and belief, no funds have been received by the Holding company or its Subsidiary company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding company or its Subsidiary company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management of Holding company and its subsidiary company in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

2. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, no managerial remuneration has been paid or provided during the financial year by the Holding Company to its directors.

Annexure 'A' to the Independent Auditors' Report of ICL Fincorp Limited for the period ended 31st March, 2024

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2024, we have audited the internal financial controls over financial reporting of ICL Fincorp Limited ('the Holding Company') and its subsidiary company, which includes internal financial controls over financial reporting of the Company's and its subsidiary which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements of the Holding Company, its subsidiary company, which are incorporated in India, based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated financial statements included obtaining an understanding of internal financial controls with reference to Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Consolidated financial statements of the Holding Company and its subsidiary company, which is company incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated financial statements

A company's internal financial control with reference to Consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated financial statements includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to Consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to Consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial control system with reference to Consolidated financial statements and such internal financial controls with reference to Consolidated financial statements were operating effectively as at 31st March, 2024, based on the criteria for internal financial control with reference to Consolidated financial statements established by the respective Companies considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

1 CORPORATE INFORMATION

ICL Fincorp Limited ('the Company' or 'the Holding Company') was incorporated as Jawahar Finance Limited on 9th December, 1991 at Chennai. The Company was later renamed to Irinjalakuda Credits & Leasing Company Limited on 26th April, 2004, which was further renamed to ICL Fincorp Limited on 8th May, 2016. The company is a non-deposit accepting Non Banking Financial Company (NBFC) which provides a wide range of fund-based services including Gold loans, Business loans, Hypothecation loans, Property loans etc. The company currently operates through 292 branches spread across country.

The Company has one subsidiary, Salem Erode Investments Limited which is incorporated in India. The date of acquisition was on 17th February, 2020. The Company along with the subsidiary is collectively referred to as "Group"

Salem Erode Investments Limited was incorporated as a non-banking financial company (NBFC) registered with the Reserve Bank of India under the category of Loan Company.

2 BASIS OF PREPARATION

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The consolidated financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The Group has adopted Indian Accounting Standards ("Ind AS") with effect from 1 April, 2019 and the effective date of transition being 1 April, 2018. Accordingly, the above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions issued by the Reserve Bank of India ("RBI") as applicable to a non deposit accepting NBFC. The financial statements for the year ended 31 March, 2019 and the opening Balance Sheet as at 1 April, 2019 have been restated in accordance with Ind AS for comparative information.

The preparation of Consolidated financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Group are discussed in Note 7 - Significant accounting judgements, estimates and assumptions.

All amounts included in the financial statements are reported in thousands of Indian rupees (Rupees in Thousands) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

3 PRESENTATION OF FINANCIAL STATEMENT

The Consolidated financial statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 STATEMENT OF COMPLIANCE

These Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

5 BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at 31st March, 2024. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

The contractual arrangement with the other vote holders of the investee

- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., quarter ended on 31st December

Consolidation procedure:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in subsidiary and the parent's portion of equity of subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in line with the Group's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

6 SIGNIFICANT ACCOUNTING POLICIES (ALSO REFER NOTE 2 ABOVE)

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. FINANCIAL INSTRUMENTS

(I) Classification of financial instruments

The Group classifies its financial assets into the following measurement categories:

- i) Financial assets to be measured at amortised cost.
- ii) Financial assets to be measured at fair value through other comprehensive income.
- iii) Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial assets' cash flows and the Group's business model for managing financial assets. The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

- Reports reviewed by the entity's key management personnel on the performance of the financial assets.
- The risks impacting the performance of the business model (and the financial assets held within that business model) and its management thereof.
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Group also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

(II) Financial assets measured at amortised cost

These Financial assets comprise bank balances, Loans, investments and other financial assets.

Financial Assets with contractual terms that give rise to cash flows on specified dates, and represent solely payments of principal and interest on the principal amount outstanding; and are held within a business model whose objective is achieved by holding to collect contractual cash flows are measured at amortised cost.

These financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or a financial liability.

(III) Financial assets measured at fair value through other comprehensive income

Debt instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income (a separate component of equity). Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss. As at the reporting date the Group does not have any financial instruments measured at fair value through other comprehensive income.

Equity instruments

Investments in equity instruments are generally accounted for as at fair value through the profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument by instrument basis. Contingent consideration recognised by the Group in a business combination to which Ind AS 103 'Business Combination' applies are measured at fair value through profit and loss account, where amounts presented in other comprehensive income for equity instruments are not subsequently transferred to profit or loss. Dividends on such instruments are recognised in profit or loss. As at the reporting date the Group does not have any equity instruments measured at fair value through other comprehensive income.

(IV) Items at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
 - Items specifically designated as fair value through profit or loss on initial recognition; and
 - Debt instruments with contractual terms that do not represent solely payments of principal and interest.
- Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship.

Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

(V) Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

The expenses related to the public issue of Secured Non-Convertible Debentures are expensed out during the year itself.

(VI) Recognition and derecognition of financial assets and liabilities

A financial asset or financial liability is recognised in the balance sheet when the Group becomes a party to the contractual provisions of the instrument, which is generally on trade date. Loans and receivables are recognised when cash is advanced (or settled) to the borrowers. Financial assets at fair value through profit or loss are recognised initially at fair value. All other financial assets are recognised initially at fair value plus directly attributable transaction costs.

The Group derecognises a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset or liability. A financial liability is derecognised from the balance sheet when the Group has discharged its obligation or the contract is cancelled or expires.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

(VII) Impairment of financial assets

The Group recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Group has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

The Group recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Group applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
 - loan commitments.
- No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised

The company has identified the following stage classification to be the most appropriate for its loans:

Stage 1: 0 to 60 DPD

Stage 2: 61 to 90 DPD

Stage 3: above 90 DPD

(VIII) Write-offs

The Group reduces the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(IX) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. The financial assets and liabilities are presented in ascending order of their liquidity. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

B. REVENUE FROM OPERATIONS

(I) Interest Income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets

The EIR in case of a financial asset is computed

- a) As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Dividend Income

Dividend income is recognised

- a) when the right to receive the payment is established,
- b) it is probable that the economic benefits associated with the dividend will flow to the entity and
- c) the amount of the dividend can be measured reliably.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

(II) Fees & Commission Income

Fees and commissions are recognised when the Group satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

Processing fee which does not form part of effective interest rate is recognised as and when it accrues.

(III) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

C. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities.

The EIR in case of a financial liability is computed

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Group are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Group contribute monthly at a stipulated rate. The Group has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Group provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

The Group does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and cannot be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

(III) Leases

Identification of Lease:

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short-term leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

For arrangements entered into prior to 1 April, 2018, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other income and expenses

All Other income and expense are recognized in the period they occur.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

(V) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(VI) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

Minimum Alternative Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group.

D. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

E. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation

Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

ICL Fincorp Limited**Notes to the Consolidated financial statements for the year ended 31-March-2024***(All amounts are in Thousands of Indian Rupees unless otherwise stated)*

The estimated useful lives are, as follows:

Particulars	Useful life estimated by Group (Years)
Building	60
Furniture And Fixtures	10
Electrical Installations & Equipments	10
Motor Vehicles	8
Office Equipments	5
Computer And Accessories	3

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income /expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

F. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 6 years, unless it has a shorter useful life.

The Group's intangible assets consist of computer software with definite life.

G. PROVISIONS

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

H. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

I. EARNINGS PER SHARE

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

J. BUSINESS COMBINATION

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary comprises of the,

- fair values of the assets transferred,
- liabilities incurred to the former owners of the acquired business,
- equity interests issued by the Group and
- fair value of any asset or liability resulting from

a contingent consideration arrangement

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the fair value of consideration over the identifiable net asset acquired is recorded as goodwill. If the consideration is lower, the gain is recognised directly in equity as capital reserve. In case, business acquisition is classified as bargain purchase, the aforementioned gain is recognised in the other comprehensive income and accumulated in equity as capital reserve. The Group recognises any noncontrolling interest in the acquired entity at fair value.

Changes in ownership that do not result in a change of control are accounted for as equity transactions and therefore do not have any impact on goodwill. The difference between consideration and the non-controlling share of net assets acquired is recognised within equity. Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, with adjustments only to harmonise accounting policies. Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

If the initial accounting for a business combination can be determined only provisionally by the end of the first reporting period, the business combination is accounted for using provisional amounts. Adjustments to provisional amounts, and the recognition of newly identified asset and liabilities, must be made within the 'measurement period' where they reflect new information obtained about facts and circumstances that were in existence at the acquisition date. The measurement period cannot exceed one year from the acquisition date and no adjustments are permitted after one year except to correct an error.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in the statement of profit and loss. Contingent consideration that is classified as equity is not re-measured, and its subsequent settlement is accounted for within equity.

7 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the grouping disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

ICL Fincorp Limited

Notes to the Consolidated financial statements for the year ended 31-March-2024

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 10 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Group's business. When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty, interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income/expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Nature and purpose of Reserves

Statutory reserve (Statutory Reserve pursuant to Section 45-IC of The RBI Act, 1934): Section 45IC of Reserve Bank of India Act, 1934 ("RBI Act, 1934") defines that every non banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

The Company has transferred an amount of ₹ 41,00,000/- (Previous year ₹64,70,000/-) to Statutory reserve pursuant to Section 45-IC of RBI Act, 1934

Impairment reserve: Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserves shall not be reckoned for regulatory capital

Securities premium: Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Other comprehensive Income: Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.

Independent Auditor's Report

To the members of ICL Fincorp Limited

Report on the Audit of the Standalone financial statements

Opinion

We have audited the accompanying Standalone financial statements of **M/s. ICL Fincorp Limited** ("the Company") which comprises the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the period then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditor's report thereon.

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

- Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure 2 to the Independent Auditors' Report of ICL Fincorp Limited for the period ended 31st March, 2023.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **ICL Fincorp Limited** ('the Company') as of 31st March, 2023 in conjunction with our audit of the Ind AS Standalone financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') and the Standards on Auditing (the 'Standards') issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

ICL Fincorp Limited

Notes to the Standalone financial statements for the year ended 31-March-2023

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

1 CORPORATE INFORMATION

ICL Fincorp Limited was incorporated as Jawahar Finance Limited on 9th December, 1991 at Chennai. The Company was later renamed to Irinjalakuda Credits & Leasing Company Limited on 26th April, 2004, which was further renamed to ICL Fincorp Limited on 8th May, 2016. The company is a non-deposit accepting Non Banking Financial Company (NBFC) which provides a wide range of fund-based services including Gold loans, Business loans, Hypothecation loans, Property loans etc.

The registration details are as follows:

Reserve Bank of India Registration No: B-07.00437

Corporate Identity Number (CIN): U65191TN1991PLC021815

Registered Address: No.61/1, VGP Complex First Avenue, Ashok Nagar, Chennai, Tamil Nadu 600083

The Company is the ultimate parent company of the Salem Erode Investments Limited.

2 BASIS OF PREPARATION

The Standalone financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards and on accrual basis except for interest on Non Performing Assets which are recognised on realisation basis. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions issued by the Reserve Bank of India (RBI) as applicable to Non-Banking Finance Companies - ND.

The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 6 - Significant accounting judgements, estimates and assumptions.

The financial statements are presented in Indian Rupees (INR) unless otherwise indicated.

3 PRESENTATION OF FINANCIAL STATEMENT

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 STATEMENT OF COMPLIANCE

These separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the generally accepted accounting principles as referred to in paragraph 2 "Basis of Preparation" above.

5 NEW ACCOUNTING STANDARDS ISSUED BUT NOT EFFECTIVE / RECENT ACCOUNTING DEVELOPMENTS

MCA notifies new standards or amendments to the existing standards. On March 31, 2023 MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023 which was effective from April 01, 2023 and hence not made applicable this year.

6 SIGNIFICANT ACCOUNTING POLICIES (ALSO REFER NOTE 2 ABOVE)

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. INVESTMENTS IN SUBSIDIARY

Investment in subsidiaries are measured at cost less impairment, if any.

B. FINANCIAL INSTRUMENTS

(i) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

- i) Financial assets to be measured at amortised cost.
- ii) Financial assets to be measured at fair value through other comprehensive income.
- iii) Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial asset's cash flows and the Company's business model for managing financial assets. The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

F - 190

(IV) Items at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship.

(V) Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

(VI) Recognition and derecognition of financial assets and liabilities

A financial asset or financial liability is recognised in the balance sheet when the Company becomes a party to the contractual provisions of the instrument, which is generally on trade date. Loans and receivables are recognised when cash is advanced (or settled) to the borrowers. Financial assets at fair value through profit or loss are recognised initially at fair value. All other financial assets are recognised initially at fair value plus directly attributable transaction costs.

The Company derecognises a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability. A financial liability is derecognised from the balance sheet when the Company has discharged its obligation or the contract is cancelled or expires.

(VII) Impairment of financial assets

The Company recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Company has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

The Company recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Company applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
- loan commitments.

No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised.

The company has identified the following stage classification to be the most appropriate for its loans:

Stage 1: 0 to 60 DPD

Stage 2: 61 to 90 DPD

Stage 3: above 90 DPD

(VIII) Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower / debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(IX) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. The Financial assets and liabilities are presented in ascending order of their liquidity. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

C. REVENUE FROM OPERATIONS

(I) Interest Income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets

The EIR in case of a financial asset is computed

- a) As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts. Any subsequent change the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Dividend Income

Dividend Income is recognised

- a) when the right to receive the payment is established,
- b) it is probable that the economic benefits associated with the dividend will flow to the entity and
- c) the amount of the dividend can be measured reliably.

(III) Fees & Commission Income

Fees and commissions are recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Processing fee which does not form part of effective interest rate is recognised as and when it accrues.

(IV) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

D. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed

- a) As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change the estimation of the future cash flows is recognised in interest with the corresponding adjustment to the carrying amount of the assets.

(II) Employee benefits

Short term employee benefit

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

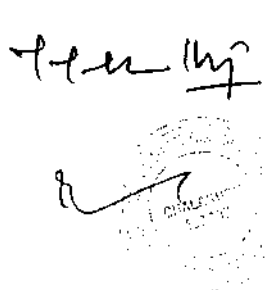

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

The Company does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and cannot be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

(III) Leases

Identification of Lease:

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company For arrangements entered into prior to 1 April, 2018, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other income and expenses

All Other income and expense are recognized in the period they occur.

(V) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

In the case of impairment of investment in subsidiary, the Company reviews its carrying value of investments in subsidiaries at cost, annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

(VI) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

E. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

F. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred. Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful lives are, as follows:

Particulars	Useful life estimated by Company (Years)
Building	60
Furniture And Fixtures	10
Electrical Installations & Equipments	10
Motor Vehicles	8
Office Equipments	5
Computer And Accessories	3

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income /expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

G. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss.

Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 6 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

H. PROVISIONS

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

I. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

J. EARNINGS PER SHARE

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

7 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 9 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Company's business. When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Company's EIR methodology, recognises interest income /expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income/expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Nature and purpose of Reserves

Statutory reserve (Statutory Reserve pursuant to Section 45-1C of The RBI Act, 1934): Section 451C of Reserve Bank of India Act, 1934 ("RBI Act, 1934") defines that every non banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

The Company has transferred an amount of Rs 64,70,000 (Previous year Rs 43,00,000) to Statutory reserve pursuant to Section 45-1C of RBI Act, 1934

Impairment reserve: Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserves shall not be reckoned for regulatory capital

Securities premium: Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Other comprehensive income: Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.

Independent Auditor's Report

To the members of ICLFincorp Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial statements of **M/s. ICL Fincorp Limited** ("the Holding Company") and its subsidiary, (the Holding Company and its subsidiary together referred to as the "Group"), which comprises the Consolidated Balance Sheet as at 31st March, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and the notes to Consolidated Financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the Consolidated financial statements and auditor's report thereon (Other Information).

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon. The information included in the Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the information included in the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements.

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Company's financial reporting process of the Group.

Auditor's responsibility for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant

books of account maintained for the purpose of preparation of consolidated financial statements.

d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the directors of the Holding Company and Subsidiary companies on 31st March, 2023 taken on record by the Board of Directors of the Holding Company and subsidiary company, none of the directors of the Group companies are disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements - Refer Note 46 to the Consolidated financial statements.
- ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its Subsidiary Company incorporated in India.
- iv. Under Rule 11(e)

- (i) The management of the Holding Company and its subsidiary company which are incorporated in India have represented to us, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its Subsidiary to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its Subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The management of the Holding company and its subsidiary company which are incorporated in India have represented to us, to the best of its knowledge and belief, no funds have been received by the Holding company or its Subsidiary company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Holding company or its Subsidiary company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management of Holding company and its subsidiary company in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

2. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

Annexure 'A' to the Independent Auditors' Report of **ICL Fincorp Limited** for the period ended 31st March, 2023

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2023, we have audited the internal financial controls over financial reporting of **ICL Fincorp Limited** ('the Holding Company') and its subsidiary company, which includes internal financial controls over financial reporting of the Company's and its subsidiary which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements of the Holding Company, its subsidiary company, which are incorporated in India, based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated financial statements included obtaining an understanding of internal financial controls with reference to Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Consolidated financial statements of the Holding Company and its subsidiary company, which is company incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated financial statements

A company's internal financial control with reference to Consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated financial statements includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to Consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to Consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial control system with reference to Consolidated financial statements and such internal financial controls with reference to Consolidated financial statements were operating effectively as at 31st March, 2023, based on the criteria for internal financial control with reference to Consolidated financial statements established by the respective Companies considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to the Consolidated financial statements for the year ended 31-March-2023

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

1 CORPORATE INFORMATION

ICL Fincorp Limited ('the Company' or 'the Holding Company') was incorporated as Jawahar Finance Limited on 9th December, 1991 at Chennai. The Company was later renamed to Irinjalakuda Credits & Leasing Company Limited on 26th April, 2004, which was further renamed to ICL Fincorp Limited on 8th May, 2016. The company is a non-deposit accepting Non Banking Financial Company (NBFC) which provides a wide range of fund-based services including Gold loans, Business loans, Hypothecation loans, Property loans etc. The company currently operates through 164 branches spread across country.

The Company has one subsidiary, Salem Erode Investments Limited which is incorporated in India. The date of acquisition was on 17th February, 2020. The Company along with the subsidiary is collectively referred to as "Group".

Salem Erode Investments Limited was incorporated as a non-banking financial company (NBFC) registered with the Reserve Bank of India under the category of Loan Company.

2 BASIS OF PREPARATION

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The consolidated financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The Group has adopted Indian Accounting Standards ("Ind AS") with effect from 1 April, 2019 and the effective date of transition being 1 April, 2018. Accordingly, the above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions issued by the Reserve Bank of India ("RBI") as applicable to a non deposit accepting NBFC. The financial statements for the year ended 31 March, 2019 and the opening Balance Sheet as at 1 April, 2018 have been restated in accordance with Ind AS for comparative information.

The preparation of Consolidated financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Group are discussed in Note 8 - Significant accounting judgements, estimates and assumptions.

The Consolidated financial statements are presented in Indian Rupees (INR) except when otherwise indicated.

3 PRESENTATION OF FINANCIAL STATEMENT

The Consolidated financial statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 STATEMENT OF COMPLIANCE

These Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

5 NEW ACCOUNTING STANDARDS ISSUED BUT NOT EFFECTIVE / RECENT ACCOUNTING DEVELOPMENTS

MCA notifies new standards or amendments to the existing standards. On March 31, 2023 MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023 which was effective from April 01, 2023 and hence not made applicable this year.

6 BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at 31st March, 2023. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

The contractual arrangement with the other vote holders of the investee

- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

ICL Fincorp Limited**Notes to the Consolidated financial statements for the year ended 31-March-2023**

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March.

Consolidation procedure:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in subsidiary and the parent's portion of equity of subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in line with the Group's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

7 SIGNIFICANT ACCOUNTING POLICIES (ALSO REFER NOTE 2 ABOVE)

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. FINANCIAL INSTRUMENTS**(i) Classification of financial instruments**

The Group classifies its financial assets into the following measurement categories:

- i) Financial assets to be measured at amortised cost.
- ii) Financial assets to be measured at fair value through other comprehensive income.
- iii) Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial assets' cash flows and the Group's business model for managing financial assets. The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

- Reports reviewed by the entity's key management personnel on the performance of the financial assets.
- The risks impacting the performance of the business model (and the financial assets held within that business model) and its management thereof.
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Group also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(II) Financial assets measured at amortised cost

These Financial assets comprise bank balances, Loans, investments and other financial assets.

Financial Assets with contractual terms that give rise to cash flows on specified dates, and represent solely payments of principal and interest on the principal amount outstanding; and are held within a business model whose objective is achieved by holding to collect contractual cash flows are measured at amortised cost.

These financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or a financial liability.

(III) Financial assets measured at fair value through other comprehensive income

Debt Instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income (a separate component of equity). Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss. As at the reporting date the Group does not have any financial instruments measured at fair value through other comprehensive income.

Equity Instruments

Investments in equity instruments are generally accounted for as at fair value through the profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument by instrument basis. Contingent consideration recognised by the Group in a business combination to which Ind AS 103 'Business Combination' applies are measured at fair value through profit and loss account, where amounts presented in other comprehensive income for equity instruments are not subsequently transferred to profit or loss. Dividends on such instruments are recognised in profit or loss. As at the reporting date the Group does not have any equity instruments measured at fair value through other comprehensive income.

(IV) Items at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship.

Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

(V) Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

(VI) Recognition and derecognition of financial assets and liabilities

A financial asset or financial liability is recognised in the balance sheet when the Group becomes a party to the contractual provisions of the instrument, which is generally on trade date. Loans and receivables are recognised when cash is advanced (or settled) to the borrowers. Financial assets at fair value through profit or loss are recognised initially at fair value. All other financial assets are recognised initially at fair value plus directly attributable transaction costs.

The Group derecognises a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset or liability. A financial liability is derecognised from the balance sheet when the Group has discharged its obligation or the contract is cancelled or expires.

(VII) Impairment of financial assets

The Group recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Group has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

The Group recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Group applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
- loan commitments.

No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised.

The company has identified the following stage classification to be the most appropriate for its loans:

Stage 1: 0 to 60 DPD

Stage 2: 61 to 90 DPD

Stage 3: above 90 DPD

(VIII) Write-offs

The Group reduces the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(IX) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. The financial assets and liabilities are presented in ascending order of their liquidity. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

B. REVENUE FROM OPERATIONS

(I) Interest Income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets.

The EIR in case of a financial asset is computed

- a) As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Dividend Income

Dividend income is recognised

- a) when the right to receive the payment is established,
- b) it is probable that the economic benefits associated with the dividend will flow to the entity and
- c) the amount of the dividend can be measured reliably.

(III) Fees & Commission Income

Fees and commissions are recognised when the Group satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

Processing fee which does not form part of effective interest rate is recognised as and when it accrues.

(III) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

C. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities.

The EIR in case of a financial liability is computed

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Group are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Group contribute monthly at a stipulated rate. The Group has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Group provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

The Group does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and cannot be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

(III) Leases**Identification of Lease:**

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short-term leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

For arrangements entered into prior to 1 April, 2018, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other income and expenses

All Other income and expense are recognized in the period they occur.

(V) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

ICL Fincorp Limited**Notes to the Consolidated financial statements for the year ended 31-March-2023***(All amounts are in Thousands of Indian Rupees unless otherwise stated)***(VI) Taxes****Current Tax**

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

Minimum Alternative Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group.

D. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

E. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation

Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful lives are, as follows:

Particulars	Useful life estimated by Group (Years)
Building	60
Furniture And Fixtures	10
Electrical Installations & Equipments	10
Motor Vehicles	8
Office Equipments	5
Computer And Accessories	3

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income /expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

F. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / up to the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 6 years, unless it has a shorter useful life.

The Group's intangible assets consist of computer software with definite life.

G. PROVISIONS

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

H. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

I. EARNINGS PER SHARE

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the diluted earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

J. BUSINESS COMBINATION

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary comprises of the,

- fair values of the assets transferred,
- liabilities incurred to the former owners of the acquired business,
- equity interests issued by the Group and
- fair value of any asset or liability resulting from

a contingent consideration arrangement

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the fair value of consideration over the identifiable net asset acquired is recorded as goodwill. If the consideration is lower, the gain is recognised directly in equity as capital reserve. In case, business acquisition is classified as bargain purchase, the aforementioned gain is recognised in the other comprehensive income and accumulated in equity as capital reserve. The Group recognises any noncontrolling interest in the acquired entity at fair value.

ICL Fincorp Limited**Notes to the Consolidated financial statements for the year ended 31-March-2023**

(All amounts are in Thousands of Indian Rupees unless otherwise stated)

Changes in ownership that do not result in a change of control are accounted for as equity transactions and therefore do not have any impact on goodwill. The difference between consideration and the non-controlling share of net assets acquired is recognised within equity. Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, with adjustments only to harmonise accounting policies. Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

If the initial accounting for a business combination can be determined only provisionally by the end of the first reporting period, the business combination is accounted for using provisional amounts. Adjustments to provisional amounts, and the recognition of newly identified asset and liabilities, must be made within the 'measurement period' where they reflect new information obtained about facts and circumstances that were in existence at the acquisition date. The measurement period cannot exceed one year from the acquisition date and no adjustments are permitted after one year except to correct an error.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in the statement of profit and loss. Contingent consideration that is classified as equity is not re-measured, and its subsequent settlement is accounted for within equity.

6 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the grouping disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 10 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Group's business. When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty, interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income/expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Nature and purpose of Reserves

Statutory reserve (Statutory Reserve pursuant to Section 45-IC of The RBI Act, 1934): Section 45IC of Reserve Bank of India Act, 1934 ("RBI Act, 1934") defines that every non banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

The Company has transferred an amount of ₹64,70,000/- (Previous year ₹60,00,000/-) to Statutory reserve pursuant to Section 45-IC of RBI Act, 1934

Impairment reserve: Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserves shall not be reckoned for regulatory capital

Securities premium: Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Other comprehensive income: Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.

Independent Auditor's Report

To the members of ICL Fincorp Limited

Report on the Audit of the Standalone financial statements

Opinion

We have audited the accompanying Standalone financial statements of **M/s. ICL Fincorp Limited** ("the Company") which comprises the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the period then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the financial statements and auditor's report thereon.

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

- Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

- In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

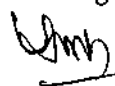

- e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 41 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. Under Rule 11(e)
 - (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

- v. During the year the Company has not declared or paid dividend on equity shares.
3. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the period is in accordance with the provisions of section 197 of the Act.

Annexure 2 to the Independent Auditors' Report of ICL Fincorp Limited for the period ended 31st March, 2022.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **ICL Fincorp Limited** ('the Company') as of 31st March, 2022 in conjunction with our audit of the Ind AS Standalone financial statements of the Company for the period ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') and the Standards on Auditing (the 'Standards') issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

1 CORPORATE INFORMATION

ICL Fincorp Limited was incorporated as Jawahar Finance Limited on 9th December, 1991 at Chennai. The Company was later renamed to Irinjalakuda Credits & Leasing Company Limited on 26th April, 2004, which was further renamed to ICL Fincorp Limited on 8th May, 2016. The company is a non-deposit accepting Non Banking Financial Company (NBFC) which provides a wide range of fund-based services including Gold loans, Business loans, Hypothecation loans, Property loans etc.

The registration details are as follows:

Reserve Bank of India Registration No: B-07.00437

Corporate Identity Number (CIN): U65191TN1991PLC021815

The Company is the ultimate parent company of the Salem Erode Investments Limited.

2 BASIS OF PREPARATION

The Standalone financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards and on accrual basis except for interest on Non Performing Assets which are recognised on realisation basis. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions issued by the Reserve Bank of India ('RBI') as applicable to Non-Banking Finance Companies - ND.

The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Company are discussed in Note 6 - Significant accounting judgements, estimates and assumptions.

The financial statements are presented in Indian Rupees (INR) except when otherwise indicated.

3 PRESENTATION OF FINANCIAL STATEMENT

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 STATEMENT OF COMPLIANCE

These separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the generally accepted accounting principles as referred to in paragraph 2 "Basis of Preparation" above.

5 SIGNIFICANT ACCOUNTING POLICIES (ALSO REFER NOTE 2 ABOVE)

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. INVESTMENTS IN SUBSIDIARY

Investment in subsidiaries are measured at cost less impairment, if any.

B. FINANCIAL INSTRUMENTS

(I) Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

- i) Financial assets to be measured at amortised cost.
- ii) Financial assets to be measured at fair value through other comprehensive income.
- iii) Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets. The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

- Reports reviewed by the entity's key management personnel on the performance of the financial assets.
- The risks impacting the performance of the business model (and the financial assets held within that business model) and its management thereof.
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Company also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(II) Financial assets measured at amortised cost

These Financial assets comprise bank balances, Loans,

Financial Assets with contractual terms that give rise to cash flows on specified dates, and represent solely payments of principal and interest on the principal amount outstanding; and are held within a business model whose objective is achieved by holding to collect contractual cash flows are measured at amortised cost.

These financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or a financial liability.

(III) Financial assets measured at fair value through other comprehensive income

Debt Instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income (a separate component of equity). Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss. As at the reporting date the Company does not have any financial instruments measured at fair value through other comprehensive income.

Equity Instruments

Investments in equity instruments are generally accounted for as at fair value through the profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument by instrument basis. Contingent consideration recognised by the company in a business combination to which Ind AS 103 'Business Combination' applies are measured at fair value through profit and loss account, where amounts presented in other comprehensive income for equity instruments are not subsequently transferred to profit or loss. Dividends on such instruments are recognised in profit or loss. As at the reporting date the Company does not have any equity instruments measured at fair value through other comprehensive income.

(IV) Items at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship.

(V) Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

(VI) Recognition and derecognition of financial assets and liabilities

A financial asset or financial liability is recognised in the balance sheet when the Company becomes a party to the contractual provisions of the instrument, which is generally on trade date. Loans and receivables are recognised when cash is advanced (or settled) to the borrowers. Financial assets at fair value through profit or loss are recognised initially at fair value. All other financial assets are recognised initially at fair value plus directly attributable transaction costs.

The Company derecognises a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability. A financial liability is derecognised from the balance sheet when the Company has discharged its obligation or the contract is cancelled or expires.

(VII) Impairment of financial assets

The Company recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Company has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

The Company recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Company applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
- loan commitments.

No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised

(VIII) Write-offs

The Company reduces the gross carrying amount of a financial asset when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower / debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(IX) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. The Financial assets and liabilities are presented in ascending order of their liquidity. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

C. REVENUE FROM OPERATIONS

(I) Interest Income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets

The EIR in case of a financial asset is computed

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts. Any subsequent change the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Dividend Income

Dividend income is recognised

- when the right to receive the payment is established,
- it is probable that the economic benefits associated with the dividend will flow to the entity and
- the amount of the dividend can be measured reliably.

(III) Fees & Commission Income

Fees and commissions are recognised when the Company satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Processing fee which does not form part of effective interest rate is recognised as and when it accrues.

(IV) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

D. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change the estimation of the future cash flows is recognised in interest with the corresponding adjustment to the carrying amount of the assets.

(II) Employee benefits

Short term employee benefit

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

The Company does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and cannot be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

(III) Leases

Identification of Lease:

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether : (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short-term leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

For arrangements entered into prior to 1 April, 2018, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other income and expenses

All Other income and expense are recognized in the period they occur.

(V) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

In the case of impairment of investment in subsidiary, the Company reviews its carrying value of investments in subsidiaries at cost, annually, or more frequently when there is an indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

(VI) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

E. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

F. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred. Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful lives are, as follows:

Particulars	Useful life estimated by
Building	60
Furniture And Fixtures	10
Electrical Installations & Equipments	10
Motor Vehicles	8
Office Equipments	5
Computer And Accessories	3

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income /expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

G. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 6 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

H. PROVISIONS

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

I. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

J. EARNINGS PER SHARE

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

6 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 9 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Company's business. When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income/expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Nature and purpose of Reserves

Statutory reserve (Statutory Reserve pursuant to Section 45-IC of The RBI Act, 1934): Section 45IC of Reserve Bank of India Act, 1934 ("RBI Act, 1934") defines that every non banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

The Company has transferred an amount of ₹43,00,000 (Previous year ₹31,00,000) to Statutory reserve pursuant to Section 45-IC of RBI Act, 1934.

Impairment reserve: Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserves shall not be reckoned for regulatory capital.

Securities premium: Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Other comprehensive income: Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.

Independent Auditor's Report

To the members of ICL Fincorp Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial statements of **M/s. ICL Fincorp Limited** ("the Holding Company") and its subsidiary, (the Holding Company and its subsidiary together referred to as the "Group"), which comprises the Consolidated Balance Sheet as at 31st March, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and the notes to Consolidated Financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2022, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the Company as it is an unlisted company.

Information other than the Consolidated financial statements and auditor's report thereon (Other Information).

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon. The information included in the Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the information included in the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements.

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error,

which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Company's financial reporting process of the Group.

Auditor's responsibility for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosures about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

Annexure 'A' to the Independent Auditors' Report of **ICL Fincorp Limited** for the period ended 31st March, 2022

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2022, we have audited the internal financial controls over financial reporting of **ICL Fincorp Limited** ('the Holding Company') and its subsidiary company, which includes internal financial controls over financial reporting of the Company's and its subsidiary which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements of the Holding Company, its subsidiary company, which are incorporated in India, based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated financial statements included obtaining an understanding of internal financial controls with reference to Consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Consolidated financial statements of the Holding Company and its subsidiary company, which is company incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated financial statements

A company's internal financial control with reference to Consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated financial statements includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to Consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to Consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial control system with reference to Consolidated financial statements and such internal financial controls with reference to Consolidated financial statements were operating effectively as at 31st March, 2022, based on the criteria for internal financial control with reference to Consolidated financial statements established by the respective Companies considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1 CORPORATE INFORMATION

ICL Fincorp Limited ('the Company' or 'the Holding Company') was incorporated as Jawahar Finance Limited on 9th December, 1991 at Chennai. The Company was later renamed to Irinjalakuda Credits & Leasing Company Limited on 26th April, 2004, which was further renamed to ICL Fincorp Limited on 8th May, 2016. The company is a non-deposit accepting Non Banking Financial Company (NBFC) which provides a wide range of fund-based services including Gold loans, Business loans, Hypothecation loans, Property loans etc. The company currently operates through 164 branches spread across country.

The Company has one subsidiary, Salem Erod Investments Limited which is incorporated in India. The date of acquisition was on 17th February, 2020. The Company along with the subsidiary is collectively referred to as "Group"

Salem Erod Investments Limited was incorporated as a non-banking financial company (NBFC) registered with the Reserve Bank of India under the category of Loan Company.

2 BASIS OF PREPARATION

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The consolidated financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Accounting Standards. Accounting policies have been consistently applied to all periods presented, unless otherwise stated.

The Group has adopted Indian Accounting Standards ("Ind AS") with effect from 1 April, 2019 and the effective date of transition being 1 April, 2018. Accordingly, the above financial statements have been prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India mainly considering the Master Directions issued by the Reserve Bank of India ('RBI') as applicable to a non deposit accepting NBFC. The financial statements for the year ended 31 March, 2019 and the opening Balance Sheet as at 1 April, 2018 have been restated in accordance with Ind AS for comparative information.

The preparation of Consolidated financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the Group are discussed in Note 7 - Significant accounting judgements, estimates and assumptions.

The Consolidated financial statements are presented in Indian Rupees (INR) except when otherwise indicated.

3 PRESENTATION OF FINANCIAL STATEMENT

The Consolidated financial statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis in the following circumstances:

- (i) The normal course of business
- (ii) The event of default
- (iii) The event of insolvency or bankruptcy of the Company and/or its counterparties.

4 STATEMENT OF COMPLIANCE

These Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act.

5 BASIS OF CONSOLIDATION

The consolidated financial statements comprise the financial statements of the Company and its subsidiary as at 31st March, 2022. The Company consolidates a subsidiary when it controls it. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

The contractual arrangement with the other vote holders of the investee

- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Notes to the Consolidated financial statements for the year ended 31-March-2022

(All amounts are in Indian Rupees in thousands unless otherwise stated)

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March.

Consolidation procedure:

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiary. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in subsidiary and the parent's portion of equity of subsidiary. Business combinations policy explains how to account for any related goodwill.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies in line with the Group's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

6 SIGNIFICANT ACCOUNTING POLICIES (ALSO REFER NOTE 2 ABOVE)

Significant Accounting Policies adopted in the Preparation and Presentation of Financial Statements are as under:-

A. FINANCIAL INSTRUMENTS

(I) Classification of financial instruments

The Group classifies its financial assets into the following measurement categories:

- Financial assets to be measured at amortised cost.
- Financial assets to be measured at fair value through other comprehensive income.
- Financial assets to be measured at fair value through profit or loss account.

The classification depends on the contractual terms of the financial assets' cash flows and the Group's business model for managing financial assets. The Group determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The business model is assessed on the basis of aggregated portfolios based on observable factors. These factors include:

- Reports reviewed by the entity's key management personnel on the performance of the financial assets.
- The risks impacting the performance of the business model (and the financial assets held within that business model) and its management thereof.
- The compensation of the managing teams (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of trades. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

The Group also assesses the contractual terms of financial assets on the basis of its contractual cash flow characteristics that are solely for the payments of principal and interest on the principal amount outstanding. 'Principal' is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Group considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Group classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

(All amounts are in Indian Rupees in thousands unless otherwise stated)

(II) Financial assets measured at amortised cost

These Financial assets comprise bank balances, Loans, investments and other financial assets.

Financial Assets with contractual terms that give rise to cash flows on specified dates, and represent solely payments of principal and interest on the principal amount outstanding; and are held within a business model whose objective is achieved by holding to collect contractual cash flows are measured at amortised cost.

These financial assets are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or a financial liability.

(III) Financial assets measured at fair value through other comprehensive income

Debt instruments

Investments in debt instruments are measured at fair value through other comprehensive income where they have:

- a) contractual terms that give rise to cash flows on specified dates, that represent solely payments of principal and interest on the principal amount outstanding; and
- b) are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

These debt instruments are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at fair value. Gains and losses arising from changes in fair value are included in other comprehensive income (a separate component of equity). Impairment losses or reversals, interest revenue and foreign exchange gains and losses are recognised in profit and loss. Upon disposal, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to the statement of profit and loss. As at the reporting date the Group does not have any financial instruments measured at fair value through other comprehensive income.

Equity instruments

Investments in equity instruments are generally accounted for as at fair value through the profit and loss account unless an irrevocable election has been made by management to account for at fair value through other comprehensive income. Such classification is determined on an instrument by instrument basis. Contingent consideration recognised by the Group in a business combination to which Ind AS 103 'Business Combination' applies are measured at fair value through profit and loss account, where amounts presented in other comprehensive income for equity instruments are not subsequently transferred to profit or loss. Dividends on such instruments are recognised in profit or loss. As at the reporting date the Group does not have any equity instruments measured at fair value through other comprehensive income.

(IV) Items at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship.

Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

(V) Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and transaction costs that are an integral part of the Effective Interest Rate (EIR).

(VI) Recognition and derecognition of financial assets and liabilities

A financial asset or financial liability is recognised in the balance sheet when the Group becomes a party to the contractual provisions of the instrument, which is generally on trade date. Loans and receivables are recognised when cash is advanced (or settled) to the borrowers. Financial assets at fair value through profit or loss are recognised initially at fair value. All other financial assets are recognised initially at fair value plus directly attributable transaction costs.

The Group derecognises a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Group is recognised as a separate asset or liability. A financial liability is derecognised from the balance sheet when the Group has discharged its obligation or the contract is cancelled or expires.

(VII) Impairment of financial assets

The Group recognises impairment allowance for expected credit loss on financial assets held at amortised cost. In addition to that the Group has provided for Non-Performing Assets (NPA) as per Prudential Norms of RBI.

The Group recognises loss allowances (provisions) for expected credit losses on its financial assets (including non-fund exposures) that are measured at amortised costs or at fair value through other comprehensive income account. The Group applies a three-stage approach to measuring expected credit losses (ECLs) for the following categories of financial assets that are not measured at fair value through profit or loss:

- debt instruments measured at amortised cost and fair value through other comprehensive income;
- loan commitments.

No ECL is recognised on equity investments.

Financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

Stage 1: ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, ECL associated with the probability of default events is recognised.

Stage 2: Lifetime ECL – not credit impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

Stage 3: Lifetime ECL – credit impaired

Exposures are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit impaired, a lifetime ECL is recognised

(VIII) Write-offs

The Group reduces the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. This is generally the case when the Group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the statement of profit and loss.

(IX) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. The Financial assets and liabilities are presented in ascending order of their liquidity. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

B. REVENUE FROM OPERATIONS

(I) Interest Income

Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets

The EIR in case of a financial asset is computed

- a) As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b) By considering all the contractual terms of the financial instrument in estimating the cash flows
- c) including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent change in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Dividend Income

Dividend income is recognised

- a) when the right to receive the payment is established,
- b) it is probable that the economic benefits associated with the dividend will flow to the entity and
- c) the amount of the dividend can be measured reliably.

(III) Fees & Commission Income

Fees and commissions are recognised when the Group satisfies the performance obligation, at fair value of the consideration received or receivable based on a five-step model as set out below, unless included in the effective interest calculation:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

Processing fee which does not form part of effective interest rate is recognised as and when it accrues.

(III) Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as Revenue and if there is a net loss the same is disclosed under as Expense in the statement of Profit and Loss.

However, net gain / loss on derecognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of Profit and Loss.

C. EXPENSES

(I) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities.

The EIR in case of a financial liability is computed

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

(II) Employee benefits

Short term employee benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognised in the period in which the employee renders the related service.

Post-employment employee benefits

a) Defined contribution schemes

All the employees of the Group are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Group contribute monthly at a stipulated rate. The Group has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the Balance Sheet date, the excess is recognised as an asset to the extent that the pre-payment will lead to a reduction in future payment or a cash refund.

b) Defined Benefit schemes

The Group provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

The Group does not have a scheme of encashment of earned leave. The Earned leave which is not utilized during the year will be automatically lapsed at the end of the year and cannot be carried forward. Hence no provision has been made in the accounts for encashment of leave and carried forward of earned leave.

(III) Leases

Identification of Lease:

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases). For these short-term leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. For arrangements entered into prior to 1 April, 2018, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(IV) Other income and expenses

All Other income and expense are recognized in the period they occur.

(V) Impairment of non-financial assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment, based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(VI) Taxes

Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously.

Minimum Alternative Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group.

D. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise the net amount of short-term, highly liquid investments that are readily convertible to known amounts of cash (short-term deposits with an original maturity of three months or less) and are subject to an insignificant risk of change in value, cheques on hand and balances with banks. They are held for the purposes of meeting short-term cash commitments (rather than for investment or other purposes).

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

E. PROPERTY, PLANT AND EQUIPMENT (PPE)

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, (if any). The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Depreciation

Depreciation is calculated using the Written Down Value (WDV) method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

The estimated useful lives are, as follows:

Particulars	Useful life estimated by Group (Years)
Building	60
Furniture And Fixtures	10
Electrical Installations & Equipments	10
Motor Vehicles	8
Office Equipments	5
Computer And Accessories	3

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

F. INTANGIBLE ASSETS

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale.

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortised on a straight-line basis over a period of 6 years, unless it has a shorter useful life.

The Group's intangible assets consist of computer software with definite life.

G. PROVISIONS

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

H. CONTINGENT LIABILITIES

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

I. EARNINGS PER SHARE

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

J. BUSINESS COMBINATION

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary comprises of the,

- fair values of the assets transferred,
- liabilities incurred to the former owners of the acquired business,
- equity interests issued by the Group and
- fair value of any asset or liability resulting from a contingent consideration arrangement

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the fair value of consideration over the identifiable net asset acquired is recorded as goodwill. If the consideration is lower, the gain is recognised directly in equity as capital reserve. In case, business acquisition is classified as bargain purchase, the aforementioned gain is recognised in the other comprehensive income and accumulated in equity as capital reserve. The Group recognises any noncontrolling interest in the acquired entity at fair value.

Notes to the Consolidated financial statements for the year ended 31-March-2022

(All amounts are in Indian Rupees in thousands unless otherwise stated)

Changes in ownership that do not result in a change of control are accounted for as equity transactions and therefore do not have any impact on goodwill. The difference between consideration and the non-controlling share of net assets acquired is recognised within equity. Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, with adjustments only to harmonise accounting policies. Acquisition-related costs are expensed as incurred.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

If the initial accounting for a business combination can be determined only provisionally by the end of the first reporting period, the business combination is accounted for using provisional amounts. Adjustments to provisional amounts, and the recognition of newly identified asset and liabilities, must be made within the 'measurement period' where they reflect new information obtained about facts and circumstances that were in existence at the acquisition date. The measurement period cannot exceed one year from the acquisition date and no adjustments are permitted after one year except to correct an error.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in the statement of profit and loss. Contingent consideration that is classified as equity is not re-measured, and its subsequent settlement is accounted for within equity.

7. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the grouping disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

A. BUSINESS MODEL ASSESSMENT

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

B. DEFINED EMPLOYEE BENEFIT ASSETS AND LIABILITIES

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

C. FAIR VALUE MEASUREMENT

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

D. IMPAIRMENT OF LOANS PORTFOLIO

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary. The impairment loss on loans and advances is disclosed in more detail in Note 10 Overview of ECL principles. In case, higher provisions are to be considered as per the prudential norms of the Reserve Bank of India, they are considered and routed through Impairment Reserves.

E. CONTINGENT LIABILITIES AND PROVISIONS OTHER THAN IMPAIRMENT ON LOAN PORTFOLIO

The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration in the ordinary course of the Group's business. When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

F. EFFECTIVE INTEREST RATE (EIR) METHOD

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty, interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments and other fee income / expense that are integral parts of the instrument.

G. OTHER ESTIMATES

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Nature and purpose of Reserves

Statutory reserve (Statutory Reserve pursuant to Section 45-IC of The RBI Act, 1934): Section 45IC of Reserve Bank of India Act, 1934 ("RBI Act, 1934") defines that every non banking finance institution which is a Company shall create a reserve fund and transfer therein a sum not less than twenty percent of its net profit every year as disclosed in the statement of profit and loss before any dividend is declared.

The Company has transferred an amount of ₹60,00,000/- (Previous year ₹70,00,000/-) to Statutory reserve pursuant to Section 45-IC of RBI Act, 1934

Impairment reserve: Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the differential amount is transferred to impairment reserve. The balance in the impairment reserves shall not be reckoned for regulatory capital

Securities premium: Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Other comprehensive income: Other items of other comprehensive income consist of remeasurement of net defined benefit liability/asset.
